VOL. XV. NO. 9.

UNIVERSITY OF NEBRASKA, LINCOLN, MONDAY, SEPTEMBER 27, 1915.

PRICE 5 CENTS.

ALL UNIVERSITY MIXER OCTOBER 2

SPECIAL FOOTBALL MOTION PICTURES TO BE SHOWN

BE A VARIED ENTERTAINMENT

Movement on Foot to Improve Over Last Year's Gathering—Copious Refreshments Promised—Armory Improved

The first All-University Mixer will be held in the Armory next Saturday night, October 2. The committee commenced active work last week and plans are under way for the largest and most successful mixer yet chronicled in the social history of Nebraska.

All the plans and details of the party are not yet ready for publication, but the committee wishes to assure the student body that there will be dancing, games, special football motion pictures and also pictures of the pageant, eats of the most scrumptious variety and a thousand opportunities for every man and woman to have the time of his or her life.

"I'm off these mixers," one man was overheard to say. "I don't care to dance, and I don't see that there is much sport outside of that."

Lucille Leyda and her committee are camping on the trail of this man and a retraction will be forced after the close of the entertainment Saturday night. A special attempt is being made to arrange a program which will provide amusement and a good time for all.

Freshmen Out

One of the special purposes of the first mixer is to induce the Freshmen to come out from their seclusive study halls into the light and meet their classmates. A university mixer as a social opportunity will be a revelation to many of the newcomers and all are expected to take advantage of it.

Plenty of Music

The committee promises a good orchestra for dancing and after a diligent search has discovered a quartet which they claim cannot be excelled on the campus.

Fall Clothes For Armory

Prior to the opening of school the authorities have spent considerable money in cleaning and refitting the Armory. The walls have been repainted and a new hardwood floor installed. A number of the old students were heard to remark while registering, "Is this one of the new campus buildings?"

PRE-MEDICAL MEETING HELD

Dr. Lyman in Charge—W. Gerrie Elected President—Active Year Planned

A meeting was held of the Pre-medics on Friday evening. Dr. Lyman had charge of the meeting and emphasized that the men hold together so as to form a strong organization. Next they held an election of officers, W. Gerrie was elected president, Chas. Weymuller, vice president; Everett Angle, treasurer, and W. Mills, secretary.

There was a good attendance for the first meeting. All Freshmen are urged to be present at the following as there will be extraordinary programs this year and some of the leading doctors of Lincoln will speak.

MRS. MCGREW PRESENTS CURIOS

Articles From Philippine Islands Tendered—Native Utensils Among the Collection

A new case of curios was added to the State Historical Society's collection in the library this week when Mrs. Kittie McGrew presented a large number of articles collected by her son and daughter while they were teaching in the Philippine Islands a few years ago. Mrs. McGrew lives at Auburn where she is secretary of the Nemaha County Historical Society.

Among the interesting articles are miniature hats of native straws, musical instruments unknown to the average American, buffalo horn spoons, dishes, knives, walking canes and scabbards, inlaid woods, ivory fans, and various silver and gold pieces. An oxidized silver water buffalo hitched to a plow attracts much curiosity. A very interesting riding whip is also among the treasures. It is made from a fish known as the "Stingaree."

GIRLS' CLUB PARTY A SUCCESS

Enthusiastic Program Given—Meeting Followed by Refreshments and Dancing

Good spirit, enthusiasm and an entertaining program made the Girls' club party, in honor of the Freshmen girls, Saturday afternoon at the Temple, a decided success.

The girls gathered first in the Temple theatre, where they were greeted by Edna Froyd, president of the Girls' club. A sketch, "The Freshman's Dream," followed, which represented all the girls' activities in University life. The first act showed two Freshman girls in their room studying. They got into a discussion on the advisability of joining all of the different school organizations. One was in favor of joining the different clubs; the other thought it unwise. The curtain falls at the highest point of discussion. Act II shows the girls asleep. To the one who is opposed to school activities, a vision appears picturing members of the different school organizations. The Girls' club girl tells why she should become interested in their work, next the Y. M. C. A. girl appears, and following her comes the athletic girl, the Daily Nebraskan reporter, the sorority girl, the Palladian and Union society members, girls interested in charities and music and representatives of Mystic Fish, Xi Delta, Silver Serpent and Black Masque.

In Act III, the girl awakens convinced of the worthiness of girls' organizations and puts a fitting climax to the part by saying: "Well, I guess I'll join some of the clubs around school. It's worth while, and I'll miss something if I don't."

The program was closed by everyone singing "Nebraska." The girls then adjourned to Faculty Hall where refreshments were served. The remainder of the afternoon was spent in dancing.

Pharmaceutical Meeting Held

The Pharmaceutical Journal Club held its weekly meeting last Friday evening in which Prof. R. R. Lyman, Dean of the College of Pharmacy, spoke upon "Some of the Opportunities in Pharmacy." It was decided to have a meeting of the Pharmaceutical Society next Tuesday evening in Nebraska Hall, room 3. The main purpose of this meeting will be that of organization.

POLITICAL NEWS GROWING WARMER

ELECTION NOW BUT EIGHT DAYS AWAY

WILL BE NO FRAT BARB ISSUE

Sophomores as Yet Unannounced—Possibility for a Girl Candidate—Upper Class Situation Still Unchanged

With election day only eight days off, there still seems to be as little commotion in the political cauldron as when school commenced. The Sophomore politicians are getting rather nervous and fidgety which would indicate important developments sometime Monday evening or Tuesday morning. In the Freshman class, no one has been able to persuade a candidate to announce himself. In the upper classes, the situation remains unchanged.

Vincent C. George, of Sumner, is so far, the only candidate in the Senior class. In fact, in his mind, he is already wielding the gavel, so clear are the political skies. In the Junior class, the race for presidential honors will be one between Virgil Haggart of St. Paul, and Ira D. Benyon, of Wyoming, as announced in Friday's Nebraskan.

The race has narrowed itself down to one in which the popularity of the two candidates will be the determining factor. Of course, there are those on both sides who are trying to inject the "barb-frat" issue, but the more level-headed on both sides are trying to avoid this. Both candidates seem to be in earnest in making a clean campaign.

Just what ails the lower classmen is something beyond the ken of all the political doctors. It is hard to believe that the Sophomores and Freshmen have become so retiring as it appears. There has been some talk of feminine candidates offering themselves to the common good. Such a thing would not indeed be without precedent. Unless the members of the sterner sex bestir themselves a little, it is quite probable that some of the "fair ones" will toss their bonnets "in the ring."

Miss Catherine Apperson, of Lincoln, who graduated last spring with Phi Beta Kappa honors is now carrying fourteen hours post-graduate work in the University.

LAW ENROLLMENT LIGHT

Decrease of Ten Per Cent from Last Year's Registration—Freshman Class Larger

The enrollment in the Law college will be lighter than last year, according to Dean Hastings, although on accurate numbers can be given, as all registration slips have not been handed in. Last year the total number of students in the Law college was 198. There were 55 third year men, 63 second year men, 66 first year men and 14 specials.

Dean Hastings says it is his opinion that the second year class enrollment will be 8 or 9 per cent less than last year; the third year class possibly 10 or 12 below. The Freshman law class, however, will be larger than its predecessor. The total enrollment, from present indications, will be 10 or 12 less than the total last year.

SMOKER A SUCCESS

Farm House Entertained Students and Faculty—Dean Burnett Present and Gave Short Address

The initial social event of the College of Agriculture was pulled off on Friday evening in the form of a smoker, at which the Farm House entertained about a hundred students and faculty members of that college. As a reception to the new students, and as a general get-together meeting, it was an unqualified success.

As was hoped, the Freshmen were very much in evidence, and each one of them was given an opportunity to display his ability in the field of oratory or music.

In addition to the customary stunts the program included a number of interesting and helpful short talks by Dean Burnett and other members of the faculty.

G. L. Bush, president of the Agricultural club, outlined briefly, the proposed activities of that organization for furthering the interests of the club and the college.

NOT KNOWN AT UNIVERSITY

Information Concerning Kennedy Lacking—Passed Forged Checks

A youth giving the name of Nelson Kennedy, 631 South Eleventh street, was taken to the police station Thursday evening. Chief Antles said Kennedy confessed that he had written three checks, for a total amount of \$18.50, and cashed each at Mayer Bros. store.

Kennedy gave his occupation as that of a student. A class schedule found in his pocket indicated that he has been attending the University of Nebraska. Among his other effects were an uncashed check for \$7, made out in favor of the Paris confectionery store by William S. Delano on the Arcadia State bank, and a letter from his mother, pleading with him to attend to business and announcing that she would buy no more clothes for herself until after his debts had been paid. He was arrested at the home of a young woman with whom he has been keeping company.

The Registrar however could give no information in regard to the matter, there being no one registered by the name the accused gave the police.

FOREIGN LOAN CUT DOWN

American Bankers Dictate—Raise Made From 4 1/2 to 5 Per Cent on Interest Rate

New York, Sept. 23.—Troublesome details have yet to be adjusted and minor matters smoothed out before Lord Reading, representing Great Britain and France, and J. P. Morgan and his associates, representing the financiers of America, sign articles of agreement consummating the negotiations looking to the establishment here of a big Anglo-French credit loan. The representatives of Great Britain and France, it was said on excellent authority, have been told that the maximum amount they can get is \$500,000,000. Sir Edward Holden, representing the joint stock banks of London, was reported to have stood firmly on the ground that the commission's need was far more than a half billion dollars and that the maximum interest rate would not exceed 5 per cent.

CORNHUSKER LINE POUNDED INTO SHAPE

FRIDAY PRELIMINARY PRACTICE SATURDAY SCRIMMAGE

STIEHM IS SIFTING MATERIAL

Varsity Eleven Battles With Freshmen Team in a Drizzling Rain—Team Bears the Stamp of Victory

Coach Stiehm put his warriors through a relentless drilling Friday when the entire afternoon was spent in running signals and dodging and tackling practice. The material was given a general trying out and it is expected that a line up for the initial game Saturday, October 2, will be announced soon.

Competition runs high for the positions of quarterback and end. For the former position, Caley and Cook are competing candidates and it is likely that each will be given a chance to show his generalship in the game with the Drake Bulldogs Saturday. For the wing positions, Balis, Hoadley, Rasmussen and Riddell are competing and whoever is finally chosen for the two coveted positions, the places will be a factor to be reckoned with by Nebraska's opponents.

Although working in the rain, the ardor of the Cornhuskers was not dampened Saturday, when the Freshmen clashed with the regulars and see-sawed the pigskin back and forth across the field at Capital Beach.

After the preliminary practice of Friday and the scrimmage work of Saturday, the Cornhusker line begins to take definite shape, and with Chamberlain back in place this week, the Husker team which enters the field Saturday to do battle with the confident Bulldogs will bear the stamp of the victorious 1914 team.

INTER-FRAT COUNCIL MEETS

Matter of the Pan-Hel Dance Was Postponed—Incomplete Registration Discussed

The Inter-Fraternity council met last Saturday afternoon in U 207, Prof. P. M. Buck, presiding, to discuss the matter of the Pan-Hel dance and the incomplete registration of some of the pledges which the Greek letter fraternities had announced a few days ago.

The matter of the Pan-Hel was postponed until the next meeting, because of the small attendance, and the matter of the registration of the Freshmen was taken up. The following are delinquent in registration: Paul Withy, of Omaha, Phi Kappa Psi; Malcolm Smith, of Homer, Phi Gamma Delta; Frank Paulat, of Lodge Pole, Delta Upsilon; D. C. Arendt, of Lincoln, and F. Werber, of Sargent, Kappa Sigma; Leonard Trester of Lincoln, Alpha Theta Chi, and John Miller, of Tecumseh, Sigma Chi. It is expected that this little difficulty will soon be straightened up.

It was decided that the first night meeting should be held at the Alpha Sigma Phi house next Wednesday. In this meeting they will receive the report of the Pan-Hel dance committee and also discuss other matters along the lines of incomplete registrations of this year initiates. Hereafter there shall be an Inter-Fraternity mass meeting held once a month.
