QUITE A GAME

Fight though they did the Notre Dame team could not get the best of the "Monarch's" machine. The score was close, of course, but enough margin was left us to make us the victors.

Active work is now being done on the plans for the new Political Science, Economics, and History building. Many Seniors cherish the fond hope that they will at least be able to see just what they are going to miss.

VICTORS

That the students take a great interest in the Olympics was shown Saturday by the number that found their way to the Salt creek flats. The Sophomores worked hard but just the same they had to bow to their superiors—in numbers.

It is again necessary to impose a severe penalty upon a few careless cadets for delinquencies.

Nebraska Field will surely be a quiet place Saturday. Quite a contrast that will be with affairs of last Saturday.

EXCHANGES

On Tuesday, October 26, 160 Freshmen Engineers will visit various engineering structures that are under construction or in operation in the Twin Cities. These inspection trips are part of the regular Freshman schedule in the College of Engineering and come under the course in technology.

Each party consists of about twenty men, and one party with Prof. W. E. Brooke, as conductor, will visit the Chicago, Milwaukee & St. Paul bridge crossing the Mississippi river. A second party under the supervision of Dr. W. F. Holman will visit the Fort Snelling bridge. A third party, with Dean F. C. Shenehon as conductor, will visit the high dam now building in the Mississippi river at the Soldiers' home. A party with Mr. R. W. French in charge will visit the Chicago, Milwaukee & St. Paul track depression through the west side of Minneapolis. The Third avenue bridge now under construction above St. Anthony Falls, will be inspected by a party under Mr. George A. Maney. The filtration plant, where the drinking water of Minneapolis is made pure and crystalline, will be investigated by a squad under Prof. F. H. Bass.

Dr. B. L. Newkirk will conduct a seventh party to the northeast pumping station, from which the tawny water of the Mississippi is pumped to the reservoir at the filtration plant. The eighth party, under Prof. R. B. Rowley, will visit the Omaha road's engine terminal in Minneapolis.

These inspection trips occupy a full afternoon. The students are supplied with an outline of the things to be inspected, and each student writes up a technical report, giving the results of his investigation and observation.—Minn. Daily.

Woman's Suffrage. We are all talking about it, we are all wondering what will be the outcome of the fight in our eastern neighbor states. Mrs. Mackaye talked to us yesterday afternoon, and what was the result? After the eager response of the listeners and after the enthusiasm expressed by all girls present, it is the psychological moment for the Equal Suffrage league of the university to step in and band together these girls, who have shown their earnestness in joining the Congressional union. The campaign for woman's suffrage is primarily a college woman's issue. We are college women. What are we going to do?—Wis. Daily Cardinal.

800 Registered in Drill

About 800 men have registered for military drill and every afternoon the squads and companies can be seen marching on the streets surrounding the campus. The "rookies" are drilled in squad and company maneuvers, while the older men are working at company and battalion drill. About November 15 the work will start in the Armory. The work will continue indoors all winter, the outside drill starting again about March 15.

JUDGE LOBINGER BACK

U. S. Consular Judge in China Returns—To Deliver Lectures at Law College

Judge Chas. S. Lobinger, United States consular judge in China, will spend the week on the campus delivering lectures at the Law College. While still a "prep" student—that was in the days when Nebraska had a "prep" school—he won the old Chace and Wheeler oratorical prize against the open school. Judge Lobinger's early home was at Hebron. He was an active member of the Palladian Literary society.

Since leaving school Judge Lobinger has made a very enviable record. After practicing law in the state, he was appointed on the State Supreme Court commission in the early part of the century. Later he was sent to the Philippine Islands as Judge of the Court of First Instance. A little over a year ago he was appointed consular judge for China. In China aside from presiding in court, Judge Lobinger was called upon for many addresses before the Shanghai Bar association and various other educational organizations of the republic of the east.

On Wednesday evening the Palladian Literary society will hold a reception for Judge Lobinger. All Palladians and friends of the judge are invited. On Thursday evening, Judge Lobinger will deliver a lecture at the First Christian church on "American Education in China." The Christian church extends a hearty invitation to the students and citizens of the city to hear this Nebraska lawyer.

Following is the program of his lectures before the Law students:

- OCTOBER 25
 "Justinian's Corpus Juris," Law 101, 4:30 p. m.
 - OCTOBER 26
 "Las Siete Partidas," Law 101, 4:30 p. m.
 - OCTOBER 27
 "The Napoleonic Legislation," Law 101, 4:30 p. m.
 - OCTOBER 28
 "Spain's Nineteenth Century Codes," Law 101, 4:30 p. m.
 - OCTOBER 29
 "The German Civil Code," Law 101, 4:30 p. m.
- All are invited.

"Girls' Problems" at Vespers
 Something novel will take the place of the regular vesper service tomorrow at the Y. W. C. A. Instead of a single topic, given by one person, there will be an open discussion of the problems interesting to girls as presented here.

LOST—Applied mechanics three book. Finder please return same to Registrar's office. 125-27-29

LOST—One commercial geography, one chemistry and one bookkeeping note book. Return to Registrar. Reward.

A bunch of keys have been found and owner may recover the same at the Daily Nebraskan office.

A Thrilling Moving Picture Serial Begins Today

"The Diamond from the Sky," one of the most interesting, exciting and entertaining moving picture serials, will begin at the Alpine picture theatre, 1330 O street, today, and continue every Wednesday and Thursday thereafter for twenty weeks. Every student should see this \$800,000 photoplay. Admission only 5 cents. A cash prize of \$10,000 will be paid to the person who submits the most acceptable suggestion for a sequel to "The Diamond from the Sky." Begin at the first chapter today, enjoy the entire series, submit your suggestion and win the prize. The Alpine picture theatre, 1330 O street. Only 5 cents. 11-24.

TOBACCO curin', like education, don't put anything in, but it brings to the surface the goodness that's thar.
