Entered at the postoffice at Lincoln, Nebraska, as second-class mail matter, under the act of Congress of March 3, 1879.

FRIDAY, NOVEMBER 5, 1915

"Initiative, perseverance, courage and all other attributes of success are secondary to the attribute of thoroughness."

### DIFFICULTY

Seventy-three University of Wisconsin sophomores have been indicted and summoned to appear before the "Student Court" on the charge of hazing. Is it any wonder then that the University of Arkansas is making a thorough investigation of hazing in order to avoid just such an occurrence? At Nebraska, we can safely say that hazing is conspicuous because of its absence; something for which we can feel justly proud even though everyone enjoys a good friendly interclass tussle such as our Olympics.

If the sophomores are to make the freshmen wear their toques, let them use diplomacy and not force.

### TWO WAYS

One of our high school publications makes the statement that there are two ways of getting lessons; one through actual study and the other through bluffing. There is no question as to the proper method but there is some question as to the one having greater usage. Who would have the audacity to openly support the latter?

### EXCHANGES

#### Our Idee 'Xackly

Prof. Thomas says, "Wide open towns are an advantage to the financial world, because when a man buys three drinks money starts into rapid circulation."

#### Little Truths

Life's greatest embarrassment is to drop your pile of books before HER whom you have not met. And then to have to stoop.

Upper classmen are to act as advisors and tutors to encourage Freshmen under a plan recently adopted by the Y. M. C. A. The system is based on the belief that many worthy frosh are annually conned out because of inability to adapt themselves to their new surroundings.

The services of the tutors will not necessarily cost the Freshmen anything. The Y is especially anxious to assist those men who ordinarily would not be able to hire a tutor.

Mathematics, chemistry, English and languages, the most common stumbling blocks, will receive especial attention. The deans of the var-

ious colleges having Freshmen have approved of the scheme and will cooperate with the Y.—Wisconsin Cardinal.

### PERSONAL

Ruth Dominy, '19, will spend Sunday at her home in Hardy.

Prof. Paul H. Grummann and Prof. Grove E. Barber went to Omaha yesterday.

Prof. Marguerite McPhee went to Omaha yesterday to attend the Nebraska Teachers' association.

Earl J. Taylor, '12, visited the university this week. Mr. Taylor is teaching agriculture in the York high school and stopped off on his way to the state convention in Omaha.

Miss Audrey Jones, a mathematics teacher in the Grand Island high school, was a campus visitor Wednesday. Miss Jones, who is a graduate of the university, is on her way to the state teachers' meeting in Omaha.

The active members of Delta Gamma sorority have gone to Beatrice to attend the wedding of Miss Helen Scott and Mr. Kurtz, which will take place at 8 o'clock at the home of the bride's parents. Dr. L. D. Young of the First Presbyterian church will officiate. Dr. Young accompanied by Mrs. Young and Mrs. A. W. Yager, went to Beatrice early in the day.

Prof. George E. Condra, of the conservation department, returned early in the week from an extended trip through western Nebraska. The trip was for the purpose of taking mov-

ing pictures of the resources, industries and scenery throughout the western part of the state. They will be used in the "Know Nebraska" propaganda being carried out by the department.

Alpha Kappa Psi, a commercial fraternity, met Wednesday afternoon. The pledging of four new members was announced. They are: Percy Brundage, Arthur E. Tenhaeff, Paul Babson and A. L. Rushton. The local chapter was organized two years ago with a membership of six. There is now an active membership of ten. A high grade in scholarship and credit of forty-five hours are two of the requirements for membership.

On Monday night the American Society of Mechanical Engineers' held a meeting in the mechanical engineering building. The evening was given over to a general discussion among the members. Some of the knotty problems frequently encountered by young engineers were worked out. The members of the club showed much interest in the meeting, while the attendance was far above the average. The enthusiasm of the students at this meeting portends a promising outlook for the year, according to Prof. J. D. Hoffman, of the department.

The details of the inspection trip to Kansas City, which will be taken by the engineering students next week, have been worked out. All of the students who are members of the university Y. M. C. A. will be quartered at the Kansas City Y. M. C. A. The other members of the party will be put up at one of the hotels. Dr. Waddell's request that the students call on him will be carried out Wednesday morning. On Wednesday at noon, Dr. Waddell will give a luncheon to the members of the faculty who make the trip. On Friday morning a luncheon will be served to the engineers at the University club and in the afternoon an automobile inspection trip will be taken about the city as the guests of the engineering and contracting firms of the city. During the three days that will be spent in Kansas City all places of engineering interest will be visited.

Scott's Orchestra. Call, B-1482.

LOST—An argumentation (Rhetoric 13) note book. Finder please return to Nebraskan office.

A bunch of keys have been found and owner may recover the same at the Daily Nebraskan office.

WANTED—A second or third year man who can spend part of his time soliciting insurance, and learn the insurance business with a well established firm. LOST—Probably on State Farm campus, Delta Gamma pin, diamond set, name on back. Reward. Return to Alumni office. 131-35-37

### A Thrilling Moving Picture Serial Begins Today

"The Diamond from the Sky," one of the most interesting, exciting and entertaining moving picture serials, will begin at the Alpine picture theatre, 1330 O street, today, and continue every Wednesday and Thursday thereafter for twenty weeks. Every student should see this \$800,000 photoplay. Admission only 5 cents. A cash prize of \$10,000 will be paid to the person who submits the most acceptable suggestion for a sequel to "The Diamond from the Sky." Begin at the first chapter today, enjoy the entire series, submit your suggestion and win the prize. The Alpine picture theatre, 1330 O street. Only 5 cents. 11-24.

THE race ain't always to the swift. VELVET is way ahead of those quick-cured tobaccos, even if it does wait two years for agein'.

*Velvet Joe*

### COMMERCIAL CLUB MEETING

Declares Itself Opposed to Factional Displays at University Functions —Plans Luncheon

Due to the comment on the displaying of the Commerce banner at the Notre Dame rally, the Commercial club at its regular meeting yesterday afternoon decided upon the following declaration:

"Resolved, That this organization, the University Commercial club, go on record as being opposed to departmental or factional display at any and all university functions such as

rallies, parades or the like, because of the disturbance of the assemblage as a whole."

The club planned to meet again next Thursday noon in the balcony of the Lincoln Commercial club for a luncheon. The following were appointed to have charge of the ticket sales:

- L. V. Meek.
- V. W. Russom.
- P. T. Babson.
- R. H. Walker.
- L. W. Reynolds.
