Even if it was a girl's hockey game, it was exciting and one that some members of the opposite sex would hesitate entering into.

THE SECRET OF SUCCESS

"The secret of success is not a secret. Nor is it something new. Nor is it something hard to secure. To become more successful, become more efficient. Do the little things better. So work that you will require less supervision. The least supervision is needed by the person who makes the fewest mistakes. Do what you can do and what you should do for the institution for which you are working, and do it in the right way, and the size of your income will take care of itself. Let your aim ever be to better the work you are doing without bettering yourself. The thoughts that you think, the words that you speak, and the deeds you perform are making you either better or worse. Realize with Henley that you are the master of your fate and the captain of your soul. You can be what you will to be. Forget yourself in rendering service to others. If an employee, strive to make yourself of greater value to your employer. Look upon yourself as a manufacturer. Think of yourself as being in business for yourself. Regard yourself as a maker and seller of service, and ever bend your thoughts and your energies toward the improvement of your product. The wise manufacturer never injures his machinery wilfully. Your body, your mind, your soul serve as your plant. Eat and drink only that which will nourish your body, entertain only those thoughts that will enrich your mind, and if you feed your body with the best physical food and your mind with the best mental food you will build up a Service Factory that will find its products in constant demand. The world is hungry for Quality Service. It wants to pay for it. It is paying for all it can get. The market is not crowded. There is a chance for you right now. There is a chance for you right where you are. The time to start is NOW. Your reward will take care of itself."

—THOMAS DREIER.

The question now reads: "Can any football team defeat Nebraska?" Perhaps it will be better for us not to stop working up "pep" until the final game has been played.

EXCHANGES

Newby's Office

That the student body of the University is made up of a very ambitious sort of people is easily seen from a reporter just compiled in the Registrar's office which shows that over 53 per cent of the students are wholly or partly self supporting.

Twenty-five per cent of the men in school are entirely self supporting, while 13 per cent of the girls sup-

port themselves. Thirty-three per cent of the men in school earn part of their expenses, while 24 per cent of the girls are partly self supporting.

The work done by the students covers a wide range, such as clerical work, stenographic work, housework, waiting tables, janitor work and the like. Some work in stores after school hours, some take care of cars, some do chore work, while others do odd jobs around town to earn part of their expenses.

The University gives steady employment to 105 students, ranging from scholarships to janitor work, and during the months of September and October thirty-four extra clerks and stenographers were employed in the Registrar's office alone.

A good example of students earning their own way is given by the students from Chickasha. Of the eighteen boys here from the Chickasha high school, seventeen are making their entire expenses through the University.—Daily Oklahoman.

- Following the discussion, Miss Pearl Wright gave the readings, "Little Jack Horner," as given by Shakespeare, Tennyson, Longfellow and Dickens, and "Fools in Paradise." Miss Marjorie Green gave a modern Greek dance. Because of the small number there, dancing was the form of amusement. Brick ice cream and wafers were served.
