Back and ready for work. Good. Only three weeks and then you will be able to take another rest. Better sit back and think over what your time here means.

We are wondering where Dean Engberg might have been during the recent rapid fire chess tournament. Professor LeRossignol seems to have stepped into the limelight.

Henry Ford is surely going into the "Peace" matter right. He is collecting his men, and on the fourth of December they will be on the sea-headed for Europe. We know that the University could not have sent a better delegate than is "Will" Noble.

"Rain, snow, or hurricane, we will have that track meet Wednesday," is the way Guy Reed states it. Determination wins.

It had been a long time previous to the Iowa rally, that the students displayed as much enthusiasm as they did on that occasion. Why is it not possible to preserve that enthusiasm for the debates to be held here on the tenth of December? Why let it be said of Nebraska that football is the only thing that will get the students out? Show your spirit as well for the coming event as you have in the past for football.
