ICE IS MAKING FAST

Ticket Place Is Fixed Up as a Warming Place for the Skaters—New Method of Flooding

We are soon to have the much discussed skating rink on the Athletic field in reality. For the last four days an expert in this matter has been flooding the field. Now it is covered with a sheet of ice more than a foot thick. We will have good skating as decided by the weather Monday night.

The failure to flood it successfully before has been due to the wrong method of flooding. The water in the city mains is several degrees warmer than the ground. Therefore the lower part of the water that ran off the ground thawed the ground, while the upper part froze, thus forming a crust of ice which was unsafe. The new method consists of throwing the stream of water up into the air, thus lowering the temperature of the water before striking the ground.

The ticket office has been fitted up as a warming place for the skaters. A nominal fee of 10 cents will be charged for entrance until the expense of flooding the field is provided for. After that there will be no admission fee.

Miss Eva Miller, '18, left for Omaha last evening to hear Paderewski.

A Scholarship Secretary, assistant to Dean Engberg, will be appointed with the beginning of the new semester, on request of the fraternities of the University. One of his duties will be to compile comparative reports of the scholarship averages of the different fraternities twice a semester instead of two times a year as formerly. He will also give a complete report of the standing of any given man in his studies, on request of the man's fraternity. The fraternities feel that with this co-operation, the improving scholastic average may be raised still further.

The formal season opened Saturday evening, when the Junior class gave its "prom" at the Lincoln hotel, with ninety-five couples in attendance. The party was a dinner-dance, dinner being served at 6:30, and dancing starting two hours later.

Green candles were placed at the tables during the progress of the dinner. There were no other decorations. The programs were very dainty, with the University seal emblazoned on the corner.

Spray Gardner, master of ceremonies, and Roy Harney, chairman of the committee, led the grand march with Miss Marguerite Woodruff and Miss Doris Scroggin. The chaperones for the party were Chancellor and Mrs. Samuel Avery, Prof. Searle Davis, Guy E. Reed and Miss Mary Graham.

The Senior "hop" was given at the Lincoln hotel, Friday night, for almost 200 dancers. The programs were of white, with "16," the class numeral, on the cover. Refreshments of punch, wafers and candy were served. The chaperones were Prof. Charles B. Lee, Miss Jessie Beghtol and Miss Mary Graham.

Forty alumni and members of the German Dramatic club of the University attended a banquet at the Lincoln hotel, Saturday night, in honor of the presentation of the class play on Friday night, and the dramatic coach, Miss Heppner. Mrs. J. T. Fritz of Wymore acted as toastmistress.

Comus Club Financial Statement
The financial statement of the Comus club dance, held at the Temple, January 8, is as follows: Total receipts: Total ticket sales, \$31.50. Total expenditures: Rental hall, \$7; refreshments, \$3.85; doorkeeper, \$1.50; music, \$12; total, \$24.35.
G. F. LIEBENDORFER,
Chairman.

Lectures on Brick Making
The Engineering society will meet tomorrow at 8 o'clock in M. E. 206. Richard D. Ferguson, manager of the Yankee Hill Brick Co., of Lincoln, will give an illustrated lecture on "Engineering Problems in Brick Making." This is an appropriate subject to be discussed at this time since the Brick Manufacturers association is holding a convention in Lincoln this week. A cordial invitation is extended to all.
