worth, '06, to the position of associate professor of psychology of Columbus.

SPRING FOOTBALL STARTS TODAY

sessions will also be devoted to a certain amount of passing the ball, so that the old feel of it will come back to the fingers.

In a few weeks probably, the more technical work will be taken up, and the men will be tried out in signal practice, falling on the ball, punting and returning, and those other things that make for good football. Scrimmages will probably not be frequent, but that is up to the coaches.

Rooters who go out to the stands to see the men will miss some familiar faces that they used to look for. Abbott is gone, so is Shields. Reese and Chamberlain will be missing. But there are others, and the same old cry holds good: "The king is dead; long live the king."
