WHY NOT A SUMMER SCHOOL SECTION OF THE CORNHUSKER?

With an attendance in the University proper during Summer Session of about seven hundred and student organizations during this session as active as they are this summer, it is time that the Summer Session is given recognition in the student year book, the Cornhusker. The absence of any mention in the past has been due partly to the comparative absence of student activities during the summer and partly to the fact that few, if any, of the Cornhusker staff have been in attendance in Summer Session. This year, however, student organizations of varied nature are being organized. We have a summer German Club, a Bohemian Student organization, a Kearney Club, a Peru Club, and an active nucleus of the Palladian Society.

It would be of benefit to both the Summer School and the Cornhusker if they would become acquainted. For this purpose snaps should be taken at the various outings during the summer and pictures gotten of the various summer organizations. Let's be in the Cornhusker next spring.
