POLITICAL CARTOONS SHOWN AT CONVENTION

Professor Caldwell Gives Illustrated
Lecture on American History

In his lecture at convocation yesterday morning Professor Caldwell showed an interesting series of cartoons of the political campaigns 1832 to 1844. The political fights over the tariff, Jackson's personality, the national bank and other issues of the day were the subjects of these cartoons, which were interesting as the forerunners of the present newspaper cartoon.

Next week Professor Caldwell will give his lecture on the "Life and Times of Abraham Lincoln." The first few pictures illustrating this lecture were shown yesterday.

PROFESSOR FOGG ADDRESSES NEBRASKAN STAFF

Professor M. M. Fogg of the Rhetoric department gave an informal address before the staff of the Summer School Nebraskan last night on the principles of news writing, especially as applying to a college paper. The address was practical in its nature, consisting largely of constructive criticism of the Nebraskan and helpful suggestions concerning news writing.

Professor Fogg has had several years of practical experience in news writing on New York dailies. He is known in Nebraska for his remarkable success as coach of the University debating teams, for his work in organizing the Nebraska High School Debating League, and more recently for his work in organizing courses in Journalism at the University.

FIRST SUMMER SCHOOL PICNIC GREAT SUCCESS

300 SUMMER STUDENTS AT EP-
WORTH PARK WEDNESDAY

Kearney Adherents Triumph in Baseball—Kearneyites and Girls' Gym Class Victorious in the Field Meet

Some three hundred summer students joined to make the University picnic, Wednesday afternoon, a great success. Baseball, boating and field meet were features of the day and most lustily were they enjoyed by the busy students bent on recreation. Especially joyful were the former adherents of Kearney who succeeded in defeating the Peru baseball aggregation, and the Girls' Gym class which celebrated hilariously en masse and insisted on winning all the women's events in the field meet.

A special feature was the wild ride by the chairman of the refreshments committee to get extra sandwiches for the waiting multitude besieging the commissary department. It is reported that several policemen were evaded, a dozen fowls killed and a number of inmates of the insane asylum made incurable as a result of the wild dash, but beyond that no serious injuries resulted.

Mr. Wilson, the chairman of the central committee, reports that the picnic was a financial as well as a social success.

Almost two hundred students came out on the first two cars. The boats were popular all evening. As soon as the picnickers arrived they filled up all that were to be gotten and soon the "glassy" surface of the lake was literally covered with boats bearing peaceful navigators.

Those not accommodated by the boats busied themselves at baseball, three games being played at the same time. About 5:30 the Kearney-Peru baseball game was called on the field just south of the park, and the two aggregations of pedagogues proceeded to revive past days when at their respective schools. The game was an interesting, hard-fought one, with a final score of 10 to 6 in favor of Kearney Club:

After an ample and tasty picnic supper, the various organizations of the University gathered in groups and selected teams for the track meet. Those represented were: Peru Club, Fremont Club, Kearney Club, German Club, Palladians, and a group of people not identified with any of these organizations, also had representatives. The Girls' Gym class was represented in all the ladies' events.

100 yard dash, men: Kearney first and second.

50 yard dash, women: Girls' Gym class first and second.

50 yard three-legged race, men: Fremont first, Kearney second.

Relay Race, ladies: Gym class first, "Uni. at Large" second.

Fat man's race: No winner. After
