Published tri-weekly, on Mondays, Wednesdays, and Fridays during the Summer Session, by the Student Publication Board.

Why not a University Summer School baseball league? Summer School students are decidedly interested in baseball as is shown by the enthusiasm stirred up by the games between Peru, Kearney and the All Stars.

Tennis and picnics need not be the only summer school sports. So much baseball talent has been unearthed in our midst that this part of our curriculum should no longer be neglected. Managers could be elected to sign any talent to be found unappropriated without regard to race, color or previous condition of servitude. Teams might represent different departments, schools, classes or other affiliations. This suggestion, credit for which is due to Mr. L. E. Chadderdon, ought to be followed up next summer, inasmuch as it would arouse more of that school spirit of which the Summer School Cornhuskers may already be proud.

Governor Morehead has appointed Dr. H. B. Cummins of Seward to succeed himself on the board of secretaries to the state board of health, for a term of four years. The secretaries have reorganized for this year by re-electing Dr. C. T. Burchard as president and Dr. Lucien Stark as treasurer, and electing Dr. E. A. Carr as secretary and Dr. Cummins as vice president.

Officers of the state board of health do not expect the infantile trouble now bothering New York and other big eastern cities to become prevalent in this state. General better health conditions are expected to stave off the ravage of the disease.

COURSES IN SCANDINAVIAN AT WASHINGTON UNIVERSITY

University of Washington, July 18.—Two new courses which indicate the increasing attention devoted by the university to a study of the Scandinavian languages, culture and institutions, and the community of interests between the university and the Scandinavian population of the Pacific Northwest, are announced by Professor E. J. Vickner, head of the department of Scandinavian, for the coming academic year.

Cultural relations between the University of Washington and the Scandinavians resident in the field of the university are both numerous and firm. Annually there is given in Meany hall a Scandinavian spring

festival of music, which attracts between 2,000 and 3,000, and draws on the artistic accomplishments of Scandinavian soloists and choruses of local note. Last fall, when Henry Ford invited the university to send a student delegate on his peace expedition, the university chose Emil Hurja, in part because of Mr. Hurja's ability to speak the Scandinavian tongues.

BASEBALL AGAIN

Lest the "Dear Public" be misled, it might be in place to correct the various reports of the score of the Peru-Kearney baseball game of July 12. Due to a mistake in copying the report, the score was first given as

6 to 10. It has later been reported as 8 to 10, 6 to 8, etc. According to the official record of the scorekeeper it was 7 to 10, always in Kearney's favor. Such an important item—in these days of school spirit, as a point more or less in a baseball game, must not be overlooked. As I had charge of the games at he picnic myself, I remember very definitely of calling the game for five innings only. The Kearney boys did not take their last "bat," since they were already in the lead.

What might have not another inning meant.

Thus are the facts, ascertained after careful investigation of all available sources. The score of the next Peru-Kearney game is still to be counted. To say the least, we can expect an interesting game.

H. P. M. MAGNUSON.

Call And Ask About It

The University of Nebraska

The University of Nebraska includes the following colleges and schools:

THE GRADUATE COLLEGE. A four-year course leading to Master of Arts and Doctor of Philosophy. Work may be pursued without reference to a degree.

THE COLLEGE OF ARTS AND SCIENCES. A four-year course leading to the degrees of Bachelor of Arts or Bachelor of Science.

THE TEACHERS' COLLEGE. A four-year course leading to the Teachers' College Diploma. Students register in this college in the Sophomore year at the same time retaining identity in another college of the University which grants the degree of Bachelor of Arts or of Science simultaneous with the granting of the Teachers' College Diploma by the Teachers' College. Thus, throughout his Sophomore, Junior and Senior years the student is registered in two colleges.

THE COLLEGE OF AGRICULTURE includes general agricultural, and general home economics groups. A four-year course leading to the degree of Bachelor of Science. Also a two-year course in Agriculture.

THE COLLEGE OF ENGINEERING. A four-year course leading to the degree of Bachelor of Science in Engineering; Agricultural, Architectural, Civil, Electrical, Mechanical. Also a six-year Academic-Engineering course.

THE COLLEGE OF LAW. A three-year course leading to the degree of Bachelor of Laws. One year of academic work in addition to full entrance is required for admission to this college. Also a combined Academic-Law course leading to the degree of Bachelor of Arts in four years, and to the degree of Bachelor of Laws in six years. Work is also offered leading to the degree of Doctor of Jurisprudence.

THE COLLEGE OF MEDICINE. A four-year course in Omaha leading to the degree of Doctor of Medicine. A six-year course leading to the Bachelor's degree and the degree of Doctor of Medicine, the first two years being offered in Lincoln.

THE COLLEGE OF PHARMACY. Two-year and three-year courses. Also a four-year course leading to the degree of Bachelor of Science in Pharmacy.

THE GRADUATE SCHOOL OF EDUCATION. Course leading to the degree of Master of Arts and Doctor of Philosophy and to the Graduate Teachers' Diploma. This school is a part of the Graduate College and is designed to prepare for the higher service in teaching.

THE SCHOOL OF COMMERCE. A four-year course leading to the degree of Bachelor of Arts, designed to provide vocational training for students preparing for business or allied lines of work.

THE SCHOOL OF FINE ARTS. A four-year cultural course including the Fine Arts leading to the Bachelor's degree.

THE TEACHERS' COLLEGE HIGH SCHOOL. A high grade school of secondary rank offering splendid opportunities to a LIMITED number of the most desirable students. Being the training school of the Teachers' College admission can be had only on written application.

THE SCHOOL OF AGRICULTURE. A secondary school training primarily for practical farm life.

THE SUMMER SESSION. An eight-weeks course primarily for teachers.

UNIVERSITY EXTENSION. Courses offered in many departments for which college credit is granted. Work in this department may be taken to meet preparatory requirements.

The Nebraska Experiment Station, the Nebraska School of Agriculture at Curtis, and the Experimental Sub-Stations at North Platte, Valentine, and Scottsbluff are also in charge of the Board of Regents.

THE UNIVERSITY OPENS for the first semester on Wednesday, September 13. One may enter also at the beginning of the second semester (about February 1), or the summer session (usually the first full week in June).
