PICK AND HAMMER CLUB IN FIRST MEETING OF SEMESTER

The first meeting of the Pick and Hammer club was held last week. Owing to the fact that several of the boys are doing geological work in the mid-continent field and are unable to return to school, it was necessary that a new set of officers be elected. The club chose M. M. Garrett to pilot the society through this semester. Claude Dully was elected secretary, Ralph Sturm treasurer, and Verne Austin corresponding secretary. After the business meeting, L. O. Wyman, '17, working in the field for the Wichita Oil & Gas company, gave an interesting talk on the work being done in the mid-continent field. The members of the club who are working in the field, but who expect to be back in school the second semester, are L. O. Wyman, L. Petres, C. O. Day, E. Beck and A. Milek.

AFRICA AND ENGLAND ASK FOR ZOOLOGY DEPARTMENT STUDIES

The zoology department has received two requests for studies in the last week, one from England, the other from Gold Coast, Africa, an English settlement. The studies are papers written by the faculty and advanced students on original research work, and have gained a great deal of fame, being in demand by numerous other zoology departments.

University Hall, First Nebraska Uni. Building Must Be Strengthened

The announcement that University hall would have to be strengthened as a precaution against further weakening, has recalled to many old-timers the history of the oldest building on the campus. University hall was built in 1870, and more traditions cling to its brick walls than are associated with any other part of the University. In the early days, after the building had been up some months, it threatened to tumble over. The foundation had been built of sandstone taken from the quarries near Burnham. No railroads reached Lincoln at the time, the nearest ones being the Union Pacific at Fremont and the Burlington at Plattsmouth.

resembles cut white stone. When the covering is taken off, the weakness of the old stone becomes apparent when one chips it with a knife or pencil. University authorities do not think there is any danger of the building giving way, and the measures that are to be taken to strengthen the walls are as safeguards rather than necessities. Students who examine the south walls can see the cracks that are giving concern. One extends almost the whole length of the west wing of the building, just outside The Daily Nebraskan office. Just inside the south entrance to the building, the bulge he-

deny the walls may display of falling out. University hall is architecturally sound, especially in that the cross walls and joists run the width instead of the length of the building and act as levers holding in the outer wall. Should the south wall tumble away, the joists supporting the floors would remain, and the effect would simply be of removing the wall. It is probable that classes would be hardly disturbed by a brick falling inside of the building. **Engineers' Tests** Until the iron stays are put in, the engineers of the University under the direction of Dean Stout and Professor

UNIVERSITY HALL, BUILT IN 1870, THE FIRST NEBRASKA UNIVERSITY BUILDING

The brick for University hall was carted overland from Plattsmouth, but it was decided to quarry the foundation stone at Burnham. When the building was completed it was found that the sandstone was giving way, and cracks developed that alarmed many of the good citizens of the state. **Limestone Foundation** The people of Lincoln, anxious to keep the University, subscribed \$3,500 for limestone to replace the sandstone foundation. This was done, and the foundation today is strong as is needed, and the present trouble does not arise from that source. Some of the old sandstone is still used at the corners of the building, it having been plastered over until it

tween the woodwork and the wall is evident. **No Perceptible Widening** Neither of these cracks has shown any recent widening, but a slightly perceptible increase in some of the others, led to a thorough survey of the whole building by the University architect, Charles Hodgdon of Chicago, last week with Chancellor Avery and Superintendent of Construction Chow-Ins. Mr. Hodgdon returned to Chicago to make his estimate on the work that will be needed. Channel iron stays will be used, iron bolts running the entire width of the building. These will insure the perfect safety of the building, and will prevent any ten-

Bridgman, will make frequent tests by transit, establishing the planes of the building. Any increase in the tendency of the walls to bulge or crack will be noted at once, and if such a thing does happen, the building will be closed to students. Nothing of the sort is anticipated by the University authorities. **Model Theaters at Penn** Two miniature models of the Shakespearean theaters in London during the Elizabethan period have been presented to the English department of the University of Pennsylvania, and will be on exhibition in the library for a few days.—Exchange.

SOCIETY

SORORITY FRESHMEN GIVE RECEPTION

Delta Delta Delta freshmen entertained about ninety freshmen of the other sororities at their chapter house Saturday afternoon from 3 to 6. Dancing was the main feature of the entertainments, with music furnished by Clifford Scott. Autumn decorations were used throughout the rooms, which were prettily lighted with yellow candles in candlesticks with butterfly shades. The refreshments, which consisted of punch, ice and wafers, and candy, were served in the dining room, where the same color scheme was carried out, rose buds being used as table decorations.

CUMMINS-ELLIS WEDDING

Miss Beatrice Cummins and Guy L. Ellis were married Friday evening at the home of the bride's parents, Mr. and Mrs. Elmer E. Cummins of Lincoln. Both young people have lived in Lincoln for some time and Mr. Ellis attended the University during the last four years. Following a short wedding trip Mr. and Mrs. Ellis will be at home after November 1 at 2009 South Sixteenth street.

MRS. AVERY'S RECEPTION

Chancellor and Mrs. Samuel Avery entertained members of the faculty and executive staff of the University at their home, 2001 Washington street, Friday night. The evening was spent mainly in talking and getting acquainted with the new members of the faculty and renewing old friendships. Light refreshments were served.

DELTA TAU DELTA PARTY

Delta Tau Delta gave its annual fall party Friday night at the Lincoln. Mr. and Mrs. Richard Rutherford chaperoned the forty couples. Among the out-of-town guests were Helen Shepherd of Omaha; Thomas Welton, Greenwood; Harold A. Price of Grand Island.

ALPHA TAU OMEGA PARTY

Alpha Tau Omega entertained in honor of their pledges Friday night at Rosewilde. Forty couples enjoyed the program of dances. The grand march was led by Doris Scroggin and W. A. Schumacher.

PHI GAMMA DELTA PARTY

Phi Gamma Delta gave a party at the Lincoln Saturday night. Mr. and

Mrs. Harry Prouty, Mr. and Mrs. L. Hertz, Prof. and Mrs. Lees, Mr. and Mrs. H. M. Bushnell and Prof. Robert Scott were the chaperones. Fifty-five couples were present.

GAMMA PHI BETA PARTY

Gamma Phi Beta entertained thirty couples at Rosewilde Saturday evening in honor of their freshmen. Mr. and Mrs. Charles Lee were chaperones.

Rawson White, '18, went to Omaha Friday.

Max Miller, '18, and Homer Rush, '18, drove to Omaha, Friday.

Florence Bishop, '18, spent the week end at her home in Central City.

Phi Kappa Psi had a house dance Friday night for the active members.

Berenice Borchers, '20, and Ruth Wilson, '20, spent Saturday and Sunday at their homes in Nebraska City.

Delta Chi gave its first party for the season at the chapter house Friday night. Mr. and Mrs. O. B. Clark chaperoned.

Kappa Sigma gave a dance at the chapter house Saturday night for thirty couples. Mr. and Mrs. Lawrence Farrell chaperoned the party.

Margery Cobb, chairman of the hospitality committee of the Y. W. C. A., entertained that committee at a tea at her home Sunday evening.

Delta Upsilon gave a house dance Friday night, which was attended by twenty-five couples. The chaperones were Mr. and Mrs. Sam Waugh and Mr. and Mrs. Harvey Rathbone.

Louise Bedwell, '15, Charlotte Bedwell, ex-'18, Ruth Lindley, '14, Clara Lindley, ex-'18, Erma Jones, ex-'16, and Marguerite Marshall, '16, drove down from Omaha and spent Saturday at the Kappa Alpha Theta house.

Sigma Phi Epsilon gave a dance at the chapter house Saturday night, which was chaperoned by Prof. and Mrs. Engston, and Mr. and Mrs. F. N. Wilmer. The out-of-town guests were Richard Koupal, '16, and Harlan Pierce, ex-'17.
