STUDENTS PETITION TO BRING PEACE

WANT U. S. TO CALL CONFERENCE OF NEUTRALS

M. Lilliefors Back of Student Movement in Effort to Secure Permanent Peace

The American Neutral Conference committee is circulating a petition among the students today with the object of supporting our government in any effort it may make toward a just and lasting peace. The specific object of the committee is to urge the government to call or co-operate in a conference of neutral nations which shall offer joint mediation to the belligerents by proposals calculated to form the basis of a permanent peace. This petition will be circulated in some of the University classes and will also appear on bulletin boards where students may sign.

Hamilton Holt, editor of the Independent, is chairman of the committee on which are such persons as Jane Addams, Rabbi Stephen S. Wise and Dr. John Harvey Kellog. Rev. Arthur L. Weatherly of Lincoln is on the general committee. M. Lilliefors of the students is assisting the local representatives in securing the signatures of students.

The substance of the petition is as follows:

To Our Government

We, the undersigned citizens of the United States of America, declare our conviction that adequate guarantees against future wars—the avowed aim of both belligerents—can be secured by:

1. Repudiation of military conquest as a means of territorial expansion.
2. Recognition of the right of each people to determine its own social, political and economic development.
3. World organization for the development of international co-operation and the settlement of international disputes.

We believe that various public statements by leading spokesmen of the opposing belligerents indicate that discussion based on these principles may be substituted for armed conflict.

We recognize, however, that the nature of the conflict makes difficult the initiation of direct negotiations by the belligerents themselves.

We therefore earnestly urge our government, acting alone or in co-operation with other neutral powers:

1. To invite the belligerents to state the basis upon which they would be willing to begin peace negotiations.
2. To mediate by constructive peace proposals which shall safeguard the just claims of the belligerents and the common interests of all nations.

OLYMPIC SCENE

and proven sound in every twist. An order has been sent to a local paint dealer for a case of green barn paint for the freshmen faces, so that organization among them will be facilitated on that morning.

Enthusiasm and rivalry between the two classes is fast coming to a head. "Pep" shown at the freshmen tryouts Tuesday night was equaled by the zest with which the sophomores went at the task of selecting their representatives in their tryouts last night. Neither class would tolerate the presence of members from the rival class at the preliminary tests.

The general Olympics committee looks toward one of the most hotly contested meets since freshmen and sophomores first came together in organized competition. The fact that both classes have conserved their energy and pointed their efforts toward the clash itself is indicative of a grim determination on the part of both classes to settle the question of supremacy once and for all.

NEBRASKA SPIRIT REVELATION TO THE OREGON AGGIE COLLEGE

The spirit of Nebraska University students, as evidenced in sending the band to Oregon for the game with the Oregon Aggies, was a revelation to the students of the latter school, according to a letter one of them has sent to Alfred Adams, a senior student in the University.

An extract from the letter follows: "We will certainly have to hand it to you for the peppy spirit that you foster in your school, and the activity of your band was a revelation to us. It has proved a means of waking up our band to such an extent that we have increased confidence in our spirit."

CHADRON CLUB ORGANIZED; ELECTS IRWIN PRESIDENT

A number of students, who have attended the Chadron state normal, met at the Temple Tuesday evening and organized a Chadron club. The following officers were elected:

President, Laverne Irwin; vice president, Ernie Carmean; secretary, G. V. Lundmark; treasurer, Ray Bigelow.

Much interest was manifest and it is evident the club will rapidly take its place among other student activities.

ROBERT PROUDFIT NOT WITHDRAWN AS DELTA CHI PLEDGE

The statement in The Daily Nebraskan yesterday, that Robert Proudfit's pledge had been withdrawn by the Delta Chi fraternity, was a mistake. The name was given to The Nebraskan by a representative of the office of Executive Dean Engberg, but the dean's office acknowledged yesterday that it was in error.

Proudfit's name was signed to the paper bearing the name of a withdrawal from the fraternity, and by mistake was placed with the other name. Proudfit is an initiated man, and has been fraternity representative in the interfraternity council for some time.

Bowen writes: "Please have The Daily Nebraskan sent to me at the address below. It has been so long since I received the Rag that I want to catch up on the school news."

"Have just returned to the station here after four and a half months on the border with the Second Montana Infantry. We mustered out November 3 and were mighty glad to get back to civilization."
