The attractive figure of the well dressed woman is not the result of chance corsetting. It is the result of a careful selection of a corset that is scientifically correct in design, and made of selected fabrics and "stays."

Redfern Corsets

represent the best in corsetry. They are high class in every detail, and there is really no more economical purchase for the girl or woman who is interested in her appearance and wishes to preserve her good figure lines for the years to come.

Be fitted to a Redfern, and learn for yourself how admirable they are.

TO SEND LETTER FOR SUFFRAGE

Members of Bible Study Class to Express Favor of Partial Suffrage Bill to Senate

Members of the Westminster Guild, University students' bible study organization at the First Presbyterian church, voted Sunday to send a letter to the senate expressing approval of the bill now under consideration to give Nebraska women the right to vote for president and vice president and municipal officers.

Rev. Dean R. Leland brought the matter before the students. It was moved that Ira D. Beynon, '17, as president of the men's guild, be authorized to write the state senate setting forth the students' endorsement of the suffrage bill.

It was pointed out that only a constitutional amendment can give Nebraska women equal voting rights with men. Several members said they believed that women should receive all voting rights within their reach, whether or not all can be obtained at one time. There were two votes against endorsement of the bill.

SPORT SPARKS

There will be a meeting of all men who have registered for swimming, or who would care to do so, in Rutherford's office at 11 o'clock Wednesday morning.

The football sweaters have arrived and now is the time for the football heroes to strut about the campus with their coats wide open.

The coming of the sweaters has been a long looked for event among the members of the eleven and every day for the past month Manager Reed has been visited by several of the men and ordered to hurry up with the sweaters or lose his job.

THE UKULELE

THE languorous charm of the Hawaiian native instruments—so moving in appeal, so observably in vogue—is strikingly characteristic of the Ukulele. Its tone possesses that curiously beautiful timbre, that exotic charm of tonal quality which has made these instruments so sensationally popular.

The Ukulele has a pleasing grace of form. The finer models are made of genuine Hawaiian Koa wood. It is much in request today among the smarter college and other musical organizations.

It is easy to learn. Its price includes an Instruction Book.

Hawaiian Steel Guitar

Every chord struck upon this typically representative Hawaiian instrument is marked by a weird, plaintive harmony and strangely beautiful qualities of tone. It brings, to any music, qualities full of vivid color and varied charm.

Price \$8.00 and upwards, including Steel and Set of Three Thumbies for playing, and Instruction Book.

Catalogue on application.
