D. U.'S LEAD IN FRATERNITY BOWLING

Weaver, Delta Upsilon, High Man—Standing of the Contestants At End of 5th Week

The inter-fraternity bowling league which has just finished its fifth week of competition Friday night on the Y. M. C. A. alleys brought to light some fine work.

Weaver of the D. U.'s has been doing the best work of all those entered. Crandall and Dobson of the Alpha Sigs have also done creditable work in most of their contests.

The following is the standing of the teams to date:

	W.	L.	Pct.
Delta Upsilon	4	0	1.000
Alpha Sigma Phi	4	1	.800
Beta Theta Pi	4	1	.800
Phi Gamma Delta	3	3	.500
Kappa Sigma	1	2	.333
Sigma Alpha Epsilon	1	2	.250
Delta Chi	1	4	.200
Phi Kappa Psi	0	5	.000

CLASS OFFICES DECIDED TODAY

urday. The problem of polling a representative farm vote has never been adequately met as yet, but it is expected that this provision will remove the difficulty.

Junior Race Exciting

The results show one thing plainly which has been felt all along, that the keenest fight would come in the junior class. Not a single one of the five candidates who launched campaigns before Christmas has withdrawn his hat from the ring, and every one of them seems to have a good chance for the place. The five candidates are Ralph Anderson of Genoa, Fred T. Cotter, of Omaha, Carlisle Jones of Neligh, Max Miller of Lincoln and Merl Townsend of Tecumseh.

All of the five candidates have been prominent in the Junior class except Anderson, who started in the present senior class, and was out of school for a year, returning last fall. He was a member of the track squad in his sophomore year. Cotter has been identified with the military department since his freshman year and has also taken part in politics. He is chairman of the present Junior play committee. Jones has taken part in school activities in general, and has taken an interest in political affairs. He is a strong man in University dramatic circles. Miller has also taken a big part in University affairs, political and otherwise. He was chairman of the Junior Prom this year. Townsend is a varsity track man who has also been identified with politics since his freshman year.

The two candidates for the senior presidency tomorrow are Ladislav Kubik, of Clarkson, who has won recognition in dramatic circles and has taken a big interest in the general activities of his class. Marguerite

Kauffman, of Hardy, one of the few co-ed candidates for a political office in years, has enjoyed an active career. She is a member of Black Masque.

Everett Carr and Charles M. Frey of Lincoln, are the two candidates for Ivy Day orator, the most traditional of all things decided at the class election. Carr has been on the intercollegiate debating team for the past two years and Frey was alternate this year. Frey is editor-in-chief of the 1917 Cornhusker.

In the sophomore class Fay Pollock of Lincoln and Will T. Johnson of Pawnee City have both been more or less prominent politically. Pollock is in the arts and science college and Johnson is a Pre-medic.

The most important wing of the sophomore campaign, the contest for the selection of the junior managing editor of the 1918 Cornhusker, is sought by Roy Bedford and Robert Wenger, both of Lincoln. Both have been interested in University publications.

DESCRIBES CHINESE LIFE AND NEEDS

(Continued from Page 1)

Francisco, and lastly my little hostess, whose husband had just returned from a government mission to Washington, D. C.

Cities in Need of Help

"I had one day in Hongkong between boats and Mrs. Cheng invited three of the most influential ladies and at the same time those most eager for an Association to meet with us at the house of a friend. Instead of three, five came and a more interesting group of women I've not met before. They knew exactly why they wanted an association and what they wanted it to mean in Hongkong. It seemed almost criminal that I couldn't tell them that we could help them at once. I did promise them help as soon as we could possibly get the secretaries to send it. I couldn't tell them how long four other cities have been waiting for such help and that still there are no secretaries in sight for them. This I know very well, that unless we give them help soon they will forge on without us. One city did that and mistakes were made that have taken several years to undo.

"I am praying that a properly qualified British university woman and an American university woman with city association experience shall offer at once for work in this city. And then there are those forty other capital cities which have been waiting from two to seven years and I have just received a tentative call from a fifth city. This afternoon I have again reviewed our field and find that we need 40 secretaries right now, in addition to those we have, to fill places from which urgent calls have already come and to provide for furloughs and to strengthen understaffed centers."

CIVILIANS MAY JOIN RESERVE

(Continued from Page 1)

or as officers in volunteer or other organizations that may be authorized by law, or as officers at recruit rendezvous and depots, or on such other duty as the president may prescribe. While such reserve officers are on such service, they shall, by virtue of their commissions, as reserve officers, exercise command appropriate to their grade and rank in the organizations to which they may be assigned, and shall be entitled to the pay and allowances of the corresponding grades of the regular army."

Candidates for appointment in the reserve corps will be examined either (a) for duty with combatant engineer troops or other duties in the service of the front, or (b) for special service on the lines of communications or other points in rear, including engineer work in connection with sea-coast defenses, as hereinafter indicated. Officers appointed under (b) will not ordinarily be assigned to combatant duties, but will be subject to such assignment wherever needed.

Candidates for the quartermaster section will be examined either for duties that require (a) knowledge of administrative and clerical details or (b) special services of a business or professional nature requiring no special military knowledge.

The applicant for the judge advocate general's department shall produce a diploma from a regularly established law college of good reputation, and shall submit evidence that he has been a practicing attorney in good standing for a period of at least two years.

Examination of all applicants is oral

and practical. If, at the conclusion of such examination, the examining board is not satisfied that the applicant has a sufficiently thorough knowledge of the subjects considered, he may obtain a written examination.

VENUS 10¢ PENCIL

No matter what course you're taking you need this famous pencil!

BECAUSE of the superlative quality of material and workmanship, VENUS is admittedly the finest pencil it is possible to make.

If you like a thick soft lead that marks so that you can read the writing half way across

the room, choose the soft degrees 6B—5B—4B.

For short-hand notes or easy writing 3B—2B—B (medium soft) are popular.

For sketching, general writing purposes, etc., HB—F—H—2H (medium) will prove desirable.

For drafting, a medium hard pencil gives the best results and you'll like 3H—4H—5H—6H.

For very thin, narrow lines for extremely accurate graphical charts, maps, details, etc., 7H—8H—9H are available.

Look for the distinctive water mark finish on each of the 17 black degrees and hard and medium copying.

Your professors will confirm these statements as to the merits of VENUS pencils.

OLUS SHIRTS

COAT CUT

TURN YOUR SHIRT-TAILS INTO DRAWERS

What good is a Shirt-tail anyway?

IN OLUS the outside shirt and underdrawers are one garment.

This means that the shirt can't work out of the trousers, that there are no shirt tails to bunch in seat, that the drawers "stay put," to say nothing of the comfort and economy of saving a garment. OLUS is coat cut, opens all the way down—closed crotch, closed back. See illustration.

For golf, tennis and field wear, we recommend the special attached collar OLUS with regular or short sleeves. Extra sizes for very tall or stout men. All shirt fabrics, in smart designs, including silks—\$1.50 to \$10.00.

OLUS one-piece PAJAMAS for lounging, resting and comfortable sleep. Made on the same principle as OLUS shirts—coat cut, closed back, closed crotch. No strings to tighten or come loose. \$1.50 to \$6.50.

Ask your dealer for OLUS. Booklet on request.

THE UKULELE

THE languorous charm of the Hawaiian native instruments—so moving in appeal, so observably in vogue—is strikingly characteristic of the Ukulele. Its tone possesses that curiously beautiful timbre, that exotic charm of tonal quality which has made these instruments so sensationally popular.

The Ukulele has a pleasing grace of form. The finer models are made of genuine Hawaiian Koa wood. It is much in request today among the smarter college and other musical organizations.

It is easy to learn. Its price includes an Instruction Book.

Hawaiian Steel Guitar

Every chord struck upon this typically representative Hawaiian instrument is marked by a weird, plaintive harmony and strangely beautiful qualities of tone. It brings, to any music, qualities full of vivid color and varied charm.

Price \$6.00 and upwards, including Steel and Set of Three Tunables for playing, and Instruction Book.

Catalogs on application.
