

# The Daily Nebraskan

VOL. XVI. NO. 99.

UNIVERSITY OF NEBRASKA, LINCOLN, FRIDAY, FEBRUARY 23, 1917.

PRICE FIVE CENTS

## TICKET SALE FOR UNI. NIGHT TUESDAY

UNIFORM PRICE OF TEN CENTS FOR ALL SEATS

Reservations Made With Purchase of Tickets—Varied Program for This Year

The ticket sale for University night will be held next Tuesday in the Temple, according to an announcement made by the management yesterday.

All tickets will be reserved, eliminating the additional process of reservation which has made the getting of seats for University nights of previous years a tedious matter, and the price, 10 cents, will be uniform. Each student and faculty member will be allowed but two tickets, unless he purchase them for someone else. Faculty members will make their reservations first, after which the sale will be thrown open to the students.

### Exceptional Program

The program for the night, which will be held March 3 in the city auditorium, is considered by the management as the most varied in years. Six organizations, the Engineers; the Commercial club; the Vikings, Junior society; Phi Delta Phi, law fraternity; and Theta Sigma Phi and Sigma Delta Chi, journalistic organizations, the latter going in together, will present five of the stunts in addition to which there will be the band, the glee club, a sketch by two talented University comedians, and a curtain sketch during which a new Nebraska song will be introduced.

The night will also mark the annual appearance of The Evening Shun, issued by Sigma Delta Chi, and containing "scoops" which, although they have escaped the daily press, are nevertheless of great interest to the University public.

The curtain sketch in which the new song will be presented, will be featured by some skillful dancing. The management is withholding the names of the two comedians, the personnel of the curtain sketch, and the author of the song, until the night arrives.

## UNIVERSAL PRAYER DAY IS SUNDAY

Prof. F. A. Stuff Will Speak at 4:00 O'clock at All-University Vespers, Memorial Hall.

Next Sunday, February 25, which has been set aside by the World's Christian Student federation as a universal day of prayer, will be observed by Nebraska University students at a Vesper service in Memorial hall at 4 o'clock.

Prof. Frederick A. Stuff, of the department of English literature, will give an address. The University chorus, directed by Mrs. Carrie B. Raymond, will sing two songs, one from Mendelssohn's Messiah, "But the Lord is Mindful," and the other, which will close the service, "Now the Day is Over."

The federation which has designated February 25 as international prayer day, includes students of every civilized nation of the world. Bertha Driftmeier, '17, has charge of the services here.

## PALLADIAN AND UNION IN JOINT MEETING

Palladian and Union literary societies will hold their second joint open meeting in Palladian hall, Temple, Friday evening. The following program will be given:

## FINAL INTERFRAT GAME IN ARMORY TONIGHT

Alpha Tau Omega and Phi Kappa Psi Will Decide Basketball Championship

Alpha Tau Omega and Phi Kappa Psi, the two survivors of the semi-finals of the interfraternity basketball tournament will play for the championship at 6:30 tonight in the Armory.

Both teams have disposed of some strong competition during the tournament, and have played more than an ordinary game to do it. Those who saw the A. T. O.-Delta Tau and Phi Phi-Sig. Ep. battles are expecting some real basketball tonight and one of the largest crowds which ever saw an interfraternity contest is expected.

## SOPHOMORES WIN CLASS DEBATE

Take First Interclass Contest by Unanimous Decision—Intervention in Mexico Is Question

The sophomores won a unanimous decision over the freshmen last night in the first debate of the interclass series. The subject for debate was "Resolved, that the United States should restore order in Mexico by armed intervention." The freshmen upheld the affirmative, and were represented by Seymour Smith, E. H. Landeryou and M. C. Hildreth, while the sophomores' representatives on the negative were C. C. Strimple, Frank Barnett and Edward Perley.

The affirmative case was briefly that armed intervention was the only means at hand, because the Mexicans were unable to understand any other means than force; that the need of immediate relief in Mexico because of her starving population and the general loss of life and property from unsettled conditions; and that armed intervention would settle the present trouble permanently.

The negative showed the advances made by Carranza thus far in securing order for Mexico and control of the country. It was followed by a plan for aiding the Mexicans through the good offices of some of our best and most capable men and a strong objection to armed intervention as a protection for the large foreign interests in Mexico.

The refutation was pointed and well delivered on both sides.

## MEN SWIMMERS TAKE FIRST CLASS PLUNGE

Coach Rutherford Demonstrates Art of Swimming in New Course For Men

Thirty or more students aspiring to be human fish took their first real plunge in the Y. M. C. A. pool Thursday morning under the direction of "Head Fish" Rutherford. The class first started Tuesday morning but the work of organization and the fact that but a few feet of water covered the deepest portion of the pool prevented much actual swimming.

The class has been divided into four sections for the purposes of instruction: the non-swimmers, the near-swimmers, the fair swimmers and the good swimmers. The first part of the hour is devoted to drill in calisthenics, after which the men take to the water and practice the different strokes.

Play "The Man of '65 and Today" (Cast of Characters)

A. D. (The Present Time).....Ray Cowen, '19  
Abe Lincoln (the child).....  
Abe Lincoln (the youth).....Alfred Hinze, '18  
Abe Lincoln (the man).....Joe Ihm, '18  
Abe Lincoln (the man).....L. W. Kline, '19  
Vocal Solo.....Charles Sherer, '18  
Reading, "Home Again America".....Bernice Woods, '17

## FACULTY MEN FOR UNIVERSAL SERVICE

Members of University Faculty Favor Military Training—Petition Asks for Extra Session

Petitions urging the adoption by the United States of a system of universal military training and service and asking for an extra session of congress at once to provide for the adequate defense of the country are being circulated and signed by members of the University faculty.

The petition is issued by the National security league, with headquarters in New York city. Among those professors who have signed it are Dean O. V. P. Stout, Prof. J. N. Bridgman and C. E. Mickey of the college of engineering and C. J. Franforter of the department of chemistry.

The petition follows: "To the President and Congress of the United States:

"We, the undersigned citizens of the United States, strongly urge the adoption by the United States of a system of universal military training and service, providing for the training of young men prior to their twentieth year, with subsequent liability for service.

"We urge that an extra session be called at once to enact such legislation and to provide immediately for the adequate defense of the republic."

## GIVE THREE PLAYS AT D. A. R. RECEPTION

University Players Present Three Short Sketches at Lincoln Hotel Last Night

The University Players gave three one-act comedy plays at the reception of the Daughters of the American Revolution at the Lincoln hotel last night. The late comedy, "The Man Who Married a Dumb Wife," arranged by Granville Barker, "A Pair of Lunatics," and a Japanese comedy, "The Flower of Yeddo" composed the program.

Ladislaus Kubik, as the judge, and Mrs. Cleo Cather-Young, as his wife, took the leading roles in "The Man Who Married a Dumb Wife." The plot is concerned with the trials of the judge who unwittingly loosed his dumb wife's tongue by an operation, and found final happiness only by inflicting dumbness upon himself.

Eleanor Fogg and Harry Gayer took the two roles in "A Pair of Lunatics." The two meet at a ball in a lunatic asylum where they are guests. Each thinks the other a lunatic, but the tangle unwinds when, by accident, each discovers the other's identity.

"The Flower of Yeddo" is a subtle Japanese romance. The role of Kami was taken by Irwin Clark. Gladys Appleman appeared as Sainara; Corrick, As Wusme, and Susie Scott brought the laughs in her striking interpretation of Typhoon.

## LARGE AUDIENCE HEARS RECITAL

Ernest Harrison Plays Tchaikovsky's Piano Concerto at Convocation—An Interpretation by Prof. Dann

An exceptionally large Convocation audience filled the Temple theater at 11 o'clock yesterday morning to hear Tchaikovsky's piano concerto in B flat minor played by Ernest Harrison, first piano, accompanied by Sidney Silber, playing orchestral parts on the second piano.

An interpretation written by Prof. W. F. Dann, head of the department of history and criticism of fine arts, follows: "Another musical treat was given the University public yesterday when

## CONTINUE WORK IN CHINA CAMPAIGN

Y. W. C. A. Committees to Report on Fund Today—Mrs. Eddy Leaves for Louisville, Ky.

The \$562 pledged at the Y. W. C. A. mass meeting was increased to \$586 yesterday with the reports of the fifty girls of the committee scarcely started. This committee will make their report some time today.

It was estimated last evening that if every University girl whose pledge had not been received, gave \$2, the \$1,500 necessary to make the "Take Nebraska to China" campaign successful, would easily be raised.

Mrs. Katherine Willard Eddy, of Kansas City, the national officer connected with the foreign department who has been in Lincoln to assist the association in the campaign, has gone to Louisville, Ky., to speak at a Y. W. C. A. institute there. Miss Adelia Dodge, field secretary who has been working in the campaign, leaves tonight for Hastings.

The new officers elected at the mass meeting last night headed by Valentine Minford, '18, as president, are to serve during the next school year, not the second semester.

## "ALICE IN WONDERLAND" PRESENTED TOMORROW

Department of Dramatic Art to Give Two Performances of Play For Children

"Alice in Wonderland," which entertained them when children, will be played to entertain children of today by students of dramatic art in the Temple theatre tomorrow. There will be two performances, one in the morning at 10 o'clock, and the other in the afternoon at 2:30.

This is the first attempt of the department of dramatic art to play something that the children of Lincoln might understand and enjoy, and from indications, it will be a very successful one.

Gladys Corrick, '18, will play the part of eccentric Alice, and she will be ably assisted by Paul Dobson, '18, as the March Hare, Earl Jeffrey, '18, as the Mad Hatter, Deyo Crane, '19, as the March Hare, Earl Starboard, '19, as the Mock Turtle and a number of others who complete the guest list of the Mock Tea Party will have parts.

Ernest Harrison played at Convocation Tchaikovsky's great piano concerto in B flat minor, Sidney Silber supplying the orchestral parts on a second piano.

(Continued to Page Three)

## ALL GREEK PARTY COMES TONIGHT

Couples Are Welcome; Individuals Still More So; Stunts Until 10 When Dancing Begins

The committee for the All-Greek party at the Alpha Sigma Phi house this evening urges everyone to be present at 8 o'clock sharp. The program is long and varied and must start promptly at 8 o'clock in order to begin dancing at 10 o'clock. The entertainment will be made up of all kinds of musical stunts, readings, fancy dancing, skits and novelty offerings.

Couples will be welcomed but those who come alone will be most cordially received. The Alpha Sigma Phi house is being thrown open from cellar to garret and will accommodate an unlimited number.

## H. P. LAU SPEAKS TO COMMERCIAL CLUB

"Relation of Wholesaler to Retailer," Subject of Talk at Regular Meeting in U 102 Yesterday

H. P. Lau of the H. P. Lau company, wholesale grocers, spoke to the University commercial club yesterday afternoon at 4 o'clock in U 102. His subject was "The Relation of the Wholesaler to the Retailer."

Mr. Lau emphasized the need for greater co-operation between the wholesaler and retailer and asserted that they should work together for the mutual benefit of both. The latter part of the meeting was given over to discussion and answering of questions.

## THIRTY BASEBALL CANDIDATES MEET

Coach Rutherford Discusses Plans—Eighteen Games to be Played With Valley Schools

About thirty prospective varsity baseball players turned out for the first meeting of those interested in baseball in S 102, Armory, yesterday noon. Assistant Coach Dick Rutherford outlined the new rules under which Nebraska will re-enter the intercollegiate field, gave a probable list of games and described the training that would be required.

According to Rutherford, about eighteen games will be played during the year with Missouri valley schools. It is practically certain that Ames, Kansas, and the Kansas Aggies will be represented on the schedule, and it is probable that the other schools will also be met during the season, with the possible exception of Missouri, who so far has not signified her intention of complying with the rules agreed upon by the other schools.

Practice will start without delay with Dr. Stewart and Rutherford both on the coaching line. It is the natural hope of the coaching staff to achieve a baseball record in the Missouri valley equal to that in football. Practice sessions will be held in the gym until the weather becomes warmer and a batting cage can be secured for the batting practice. It is planned to have the team practice at Antelope park with the Western league team as soon as the weather permits.

## SIGMA GAMMA EPSILON WILL INSTALL MARCH 3

National Officers Unable to Come This Week to Place Delta Chapter Here

Formal installation of the Delta chapter of Sigma Gamma Epsilon, national geological fraternity, has been postponed until March 3, according to word received yesterday from the national officers by C. M. Dally, president of the Pick and Hammer club.

The date was changed because of the inability of the Kansas representatives to be here this week.

## INDIAN ARCHAEOLOGY REFERS TO MUSEUM

A copy of "Stone Ornaments Used by Indians in the United States and America," a profusely illustrated book by Warren K. Moorehead, a noted investigator of American archaeology, containing about fifteen references to material in the University museum, was received yesterday by Prof. E. H. Barbour.

To illustrate the relation of ornamental stones to the everyday life of the Indians is the purpose of the book. It has just appeared from the press and contains 448 pages describing charm stones, gorgets, tubes, bird stones and problematical forms.

## AMES WINS FIRST GAME; SCORE, 19-7

CAPTAIN CAMPBELL BREAKS HIS ARM IN SECOND HALF

Ames Team Shows Expected Strength—Huskers Are Unable to Locate the Basket

Ames, Ia., Feb. 22.—The Iowa Aggies celebrated Washington's birthday here this afternoon by taking the first of a two game series from the Nebraska basketball team, 19-7. It was a costly game for Nebraska, for late in the second half, Captain Campbell was thrown against the gymnasium wall and broke his left arm.

Campbell will not start the game tomorrow, but Dr. E. J. Stewart, the Nebraska coach, would not say who would replace him.

### Show Defensive Strength

Better basketshooting ability and equally good floor work won the game for Ames. Nebraska showed strong defensive strength and bothered the Ames forwards throughout the game, but long shots which hit the basket ran up the Ames total.

Captain Campbell made the first score of the game with a field goal soon after the starting whistle blew. Ames did not score until just before the end of the half, when the machine got going and the Cyclones made three baskets in quick succession. During most of the period, the close-guarding game of the Nebraska team was too much for the Aggies, but they finally succeeded in breaking away.

### Long Throws Help

Flothrow of Nebraska started the second half with a field goal, which ended Nebraska's scoring. With a safe lead, the "Aggies" played a careful game and succeeded in sending some long throws through the hoop, increasing their lead steadily. Several Nebraska fouls were converted into points by accurate tossing.

Not long before the close of the game, Captain Campbell collided with an Ames player, rebounding against the gymnasium wall with his left arm extended. It was broken just above the wrist.

## FIRST TRACK TRYOUTS TODAY

Manager Reed Will Select Men for Kansas City A. C. Meet and Eliminate Drill "Sluffers"

The first track events of the season will be run off this afternoon on Nebraska field and in the Armory, when the members of the squad compete in the 25 yard dash, the 440 yard dash, the 880 yard run, the two mile run and the shot put. The 25 yard dash is the only event to be run indoors.

Manager Reed has two purposes for holding the meet at this time. The first is to get a line on the men and the second is to find out which men have been getting excused from drill and have been "sluffing" in track work. As a means of finding out the latter, Reed has announced that all men excused from drill must take part in some event or go back to drill immediately.

The 440 yard dash will be a tryout for the Kansas City athletic club meet, to be held in Kansas City March 3. Nebraska will probably send a relay team, representatives in the 440 and any others who show especial merit in the meet this afternoon.

Several good men are in the field for the quarter mile honors. Chief among them is "Squirt" Owen, the varsity quarter-miler of last year. He should have no trouble in winning, although such men as Werner, Bryans and Doran are expected to give good accounts of themselves.
