UNIVERSITY OF NEBRASKA, LINCOLN, TUESDAY, OCTOBER 2, 1917.

PRICE FIVE CENTS

VARSITY BACKFIELD RIPS SCRUB DEFENSE

Henry, Schellenberg, Dobson and Kellogg Tore Up the Freshman Line in Yesterday's Practice

VARSITY SHOW STONEWALL

Tackling the freshmen for losses of from ten to fifteen yards on practically every down and running through them almost at will on the offense, the varsity showed signs of real life at yesterday's practice, and threatened destruction for opponents in the coming campaign. Henry, Schellenberg, Dobson and Kellogg the varsity backfield had everything their own way when it came to advancing the ball. On the defense the varsity line, with Hubka and Rhodes, ends, doing the heavy work, tackled the freshmen for losses on practically every play. A definite and valuable scoring power has been gradually assuming shape in the last few practices in the educated toe of Paul Dobson. Schellenberg and Kellogg appeared in scrimmage yesterday for the first time in more than a week. Both men showed that they have not lost any of their fight, and tore into the freshmen as if they were the Jayhawk crew.

Prepare for Wesleyan Practices this week will be for the sole purpose of pointing the men for the Wesleyan and Iowa games. No chance will be taken with the Coyotes, and the Huskers will go into the game to put all they have into it at the start. No definite line-up for the game Saturday can be gotten yet, as several men have been working in the various line positions and two backfield have been in use most of the time. A probable line-up would be as follows:

At fullback is the one certainty of the backfield, that is Dobson, who because of his all around ability is almost indispensable. At the halves will be Henry, Kellogg, Otouplik and Schellenberg. At quarter will be Cook or McMahon. Hubka and Rhodes will probably hold down the wing positions. Captain Shaw and Munn or DuTeau will play tackle. At guards Kositzky and Wilder will probably be back at their old positions. These two men have shown so much form this year that the new men fighting for their positions have stood but a small chance of displacing the veterans. Shaw, Young, Teter, Triplett and Kriemelmeyer, husky members of last year's freshman team will be on hand to substitute for the first string men, and it is probable that they will all be used in Saturday's game as any or all of them can be put into the varsity line-up without weakening the strength of the machine to any great extent.

Walter Goodman '17, and Verne Austin, ex-'18, are stationed at Fort Russell, Cheyenne. They are both second lieutenants.

FIRST TEA OF YEAR TO BE GIVEN THURSDAY

Prof. Amanda Heppner, Dean of Women, Urges Freshmen Girls to Attend

The first tea for University women will be given by Dean Amanda Heppner, Thursday afternoon, in Art hall from two to five o'clock. These teas are given each year by the dean of women so that girls can meet each other even if they have only the time between classes.

The freshmen girls are particularly urged to attend this first tea. A number of faculty members will be there to meet the girls.

Proctor Sawyer, '19, has recently accepted a position with the Cushman Motor company with headquarters at Winnipeg, Canada.

Glenn Everets, '17, and Gotthilf Cast, '17, will leave Saturday for Fort Riley, Camp Funston.

DEAN HEPNER TO SPEAK AT VESPERS TODAY

Mary Hedrick Is Leader—All Girls Asked to Attend

Dean Amanda Heppner will speak at Vespers today in the Y. W. C. A. rooms at the Temple. Mary Hedrick, '18, will lead the meeting and Opal Nusse will sing. Everybody is invited.

CONSERVATION DEPARTMENT HAS BOOKS WHICH TELL OF NEBRASKA ROAD MATERIALS

The geography and soils conservation department has on hand a large number of copies of "Road Materials of Nebraska." This bulletin is in two parts, and is published under the direction of the Nebraska Conservation and Soil Survey. Dr. G. E. Condra, director of the survey, is the author of the work. The first part deals with the various kinds of stone in the different parts of the state, and their adaptability for road work. Part two treats with the sand deposits throughout the state. Anyone desiring a copy of these bulletins may obtain it by calling at the office of the department in Nebraska hall.

Genevieve Addleman '20, spent the latter part of the week at her home in Hastings.

Hilda Odi '21, will leave for Omaha Wednesday evening where she expects to meet her parents.

Mabel Stern '15, is visiting the Delta Gamma house this week. She is interested in the food conservation work at the farm.

INSPECTION BOARD BACK FROM TOUR OF WEST

Visit Three Places in Search of Location for Irrigation School

Chancellor Avery, Deans Burnett and Stout, with the regents of the University returned Saturday afternoon from an inspection trip to the substation at North Platte, the substation at Scottsbluff, and the School of Agriculture at Curtis. The trip was made by auto, a total of 1,030 miles.

While in Scottsbluff county various sites were seen in connection with the school of irrigation provided for by the last legislature. No official selection, however, was made. The board will take into consideration the proposed sites at a later meeting.

The outlying plants visited were all found to be in flourishing condition. The party noted with great interest the excellent crops in the extreme western part of the state and the activities of the farmers in planting wheat and running corn binders. Aside from a few dry strips, the only part of the trip not favored with good crops was in the sections struck by hail.

The party had one or two rather harrowing experiences in the canyon country near Curtis where a five-inch rain a few days previous had washed out bridges and made grades unsafe for heavy machines to pass over. However, with only a few slight delays the trip was made successfully and no injury was sustained by man or mechanism.

Regents Hall, Brown and Haller relieved Dean Burnett and the chancellor occasionally at the wheel. While there has been much rain in the west, they avoided practically all the muddy roads by selecting the sandy routes after the storms.

VALKYRIES ARRANGE FOR GIRLS' FOOTBALL RALLY

Senior Organization at Head of Convocation in Memorial Hall Thursday

A girls' football rally will be held Thursday morning at 11 o'clock in Memorial hall. The Valkyries, senior women's organization to promote school activities, will have charge of the program, which will consist of short talks, University songs and yells. Blanche Higgins, '18, will preside.

The charter members of the organized last spring are: Lucile Foster, Ermean Carman, Beatrice Dierks, Blanche Higgins, Susie Scott, Edna Hathaway, Elsie Hoberg, Eleanor Frampton, Bess Sherman, Anna Russell, Constance Lyford, Ruth Whitmore, Elizabeth Walker, Ruth Enyart. Faculty members: Prof. Louise Pound, Prof. Ina Gittings, Prof. Mrs. J. B. Lees, Miss Amy Armstrong, Prof. Marguerite McPhee, Miss Viola Barnes.

Vivienne Holland and Josephine Burkette have been elected members this fall.

Susanna Jobst, '20, expects to leave Sunday for her home in Omaha, where she will remain till February.

Cecil Laverty, '17, of Burwell, was included in the first quota of drafted men from Blaine county.

PLANNING BIG TIME FOR ALL-UNIVERSITY PARTY

Feature of Entertainment Will Be Regular Field Meet With Prominent Athletes Entered

IS ONLY PARTY SCHEDULED

The first of the all-University parties to be held Saturday night at the Armory promises to be one of the best social events of the year. The plans are practically complete for a big evening of entertainment and something doing every minute of the time. The programs will begin at 7:30 this year and there will be plenty of excitement from that time until 11:30.

The first part of the evening will be spent with a number of sports and games and the big field meet. This meet is the hobby of the present entertainment committee with Rose Anderson as chairman, and some novel events are scheduled. It is rumored that a dark horse or two of the sport world may be uncovered. Among field events will be a shot put, hammer throw a "twenty-foot" dash and a twenty-foot dash.

After the track meet there will be from an hour to a two-hour program given by University talent. This part of the evening is in charge of Dwight Thomas. There will also be a general practice on University yells and songs and the band will probably help with this part.

After the program refreshments will be served and students are promised their money's worth at this time if for any reason they fail to get it before.

Following refreshments the orchestra will furnish entertainment for those who wish to dance.

GERMAN DRAMATIC CLUB WILL GIVE NO PLAY

Tryouts for Membership Will Be Held at the Temple November 5

The German Dramatic club, contrary to its usual custom, will present no German plays during the period of the war, according to the decision reached at their regular meeting last week.

Tryouts for membership in the club will be held the evening of November 5, at the Temple.

CONVOCATION

"Pacifism, Anarchism, Materialism," will be discussed by Dean William Granger Hastings, dean of the college of law, at Convocation at 11 o'clock this morning in Memorial hall. Dean Hastings is one of the most interesting speakers among the University faculty. He has recently made a special study of these problems and their relation to the present world war.

TEGNER SOCIETY HOLDS FIRST MEETING OF THE YEAR SATURDAY

The Tegner society, held its first meeting of the year Saturday evening in Faculty hall. The following program was rendered:

Scandinavian Literature—Prof. J. E. A. Alexis.

Aims of the Tegner Society—Fred Jensen.

Remarks—Dr. W. N. Anderson.

Tegner Paper—Tekla Aleix.

Readings—Miss Johnson.

Kenneth Snyder, '15, is visiting at the Sigma Nu house.

HOME ECONOMICS WILL HONOR FOOD WORKERS

Will Give Tea This Afternoon for Mrs. Edith Salsbury and Twelve Graduates

Mrs. Edith Salsbury of the National Extension department, in Washington, and the twelve University graduates who will do extension work in Nebraska for the home conservation department of the state will be guests of honor at a tea given by the Home Economics department at the University farm this afternoon from 4:30 to 6 o'clock. All University women are invited.

The twelve graduates who will do the extension work are:

Mabel Webber, Mabel Sterne, Jeanette Johnson, Alma Blander, Anna Steckeberg, Margaret Sherwin, Matie Hall, Florence Dunn, Ethel Richert, Mrs. A. G. Warner, and Esther Warner.

TWINS' CLUB ELECTS OFFICERS AT FIRST MEETING OF THE YEAR

Alma and Alice Crawford were elected president of the Twins' club for the first semester at the first meeting of the year Friday evening. Bess and Jess Ertel were chosen secretary, and Frances and Ramona Chamberlin, treasurer. About twenty were present.

The Twins' club is a unique organization started last year and is open to all twins in the University or either one if both are not in school. A cordial invitation is extended to all who wish to attend.

Marion Shaw, lieutenant in the headquarters company, field artillery Camp Dodge, Ia., visited Sunday at the Sigma Alpha Epsilon house.

Doris Weaver, ex-'18, spent Saturday and Sunday at the Gamma Phi Beta house. She is teaching at Clarks, Neb., this year.

Marianne Whitaker, '19, will leave Thursday evening to visit Mr. and Mrs. Charles Martin of Omaha. She is to be one of the maids of honor at the Ak-sar-ben ball Friday evening.

UNIVERSITY DIRECTORY TO BE OUT IN SHORT TIME

Tables Will Be Placed on Campus This Afternoon for Changed Addresses

Work on the University directory is well under way at the present time and it is promised to the students probably some time within this month. A large number of late registrations have delayed the work somewhat.

Tables will be placed with address books in front of University hall and the Library this afternoon and all students who have changed addresses since their registration are asked to give their names and correct addresses in these books so that they may be included in the directory. As this is the only directory issued during the year it is important that the first be accurate.

The book this year will be practically the same size as last year with the exception that there are fewer students to be listed. There will be the complete list of faculty and campus telephones as well as those of the students, alphabetically and by towns. The different organizations and their officers will be listed and the fraternities and sororities will have a special section.

Owing to the increased price of labor and material the price this year will be twenty-five cents for the paper bound directories. Those who wish leather bound books are asked to leave their names at the University Y. M. C. A. office as only those ordered will be printed.

B. F. Hansell, '18, who has been employed this summer in Wayne and Phelps counties by the department of conservation and soils survey, returned to the University Saturday where he expects to complete his studies this year.

PROF. M. M. FOGG ON WAR WORK IN OMAHA

Organizes Branch of Division of Four-Minute Men and Secures Fifty Speakers

Prof. M. M. Fogg was in Omaha yesterday organizing the Omaha branch of the Division of Four-Minute men of the Committee in Public Information (composed of the secretary of state, secretary of war, secretary of the navy, and George Creel), and arranging with the officers of the Federal Reserve land bank for publicity work in connection with the Liberty Loan bonds. He reports a very active branch there and already has fifty speakers who will give the four-minute talks in the 35 motion picture houses of the city.

He spoke at the Commercial club at noon, with Judge W. D. McHugh and John L. Kennedy under the auspices of the Barristers' club.

Plan Land Survey.—The department of conservation and soils survey is now planning a co-operative survey of all lands in Nebraska. The lands will be classified according to their various uses. The department already has quite a lot of data concerning this subject, and this will be incorporated with the results of the new survey. The completed survey will be put in a large atlas which will be published by the United States department of agriculture.

FOUR CLASS PRESIDENTS TO BE ELECTED TODAY

Two Junior and Senior Candidates, One Sophomore and Three Freshmen in Race

NO CO-EDS AFTER HONORS

Four class presidents will be elected today. Election will be held from 9 to 12, and from 2 to 5, in the basement of the Armory. The Australian ballot system will be in use, and each student will cast his vote in a private booth.

Owing to the war or some unknown factor, the political game has not been so keen this year as in former years. Fewer men are out for the honors, and the red-hot rivalry of former years has not been apparent. No feminine candidates have appeared this year, contrary to the usual custom. However, a few political machines have been at work and the members have pushed their candidate to the limit. Iron Sphinx has made its influence felt in both the sophomore and junior classes. The seniors are announcing but two candidates, the juniors two, the sophomores one, and the freshmen three.

In the senior class John L. Riddel of Beatrice and Everett J. Garrison of Summerfield, have announced themselves as candidates for the presidency. Riddel has been prominent for the past two years in Y. M. C. A. work, having been the manager of the employment bureau last year. This year he is second assistant coach in athletics. Garrison has received honors in track work and was on the cross country team last year. Both are strong men, and a close race is expected.

Paul A. Dobson, of Lincoln, and Jean O. Nelson, of Sterling, are out for the junior plum. Dobson has been in football for the past two years, and won his "N" last year. This year he is showing up very well, and is one of the most valuable men on the team. He is also a member of the dramatic club. Nelson was on the sophomore Olympic committee last year, and is one of the men on the All-University committee. He was on the Ivy Day committee of last year, and also is a member of the engineering society.

Following the example of last year's class, the sophomore's have announced only one man, Russe! Best, of Omaha is the candidate, a man who was on several class committees last year. Best has a clear field and the office will likely be conceded to him.

From the freshmen comes the announcement of three men as candidates for office. "Hank" Albrecht, of Lincoln, Willard Green of Omaha, and Claude F. Peters of North Platte. One man, Richard O'Neill of Lincoln was disqualified because he issued election cards. The race in the freshman class will be close as all three men have strong support.

NEW COMMANDANT HIGHLY RECOMMENDED

Alumnus Congratulates University—Has Higher Rank Than Any Previous Commandant

Dr. A. F. Woods, '90, and '92, now president of Maryland agricultural college, writes to congratulate the University on securing Colonel Roberts as commandant of cadets. Dr. Woods would have been pleased to have had him as commandant at Maryland, but inasmuch as the war department has seen fit to assign the colonel to Nebraska, Dr. Woods is pleased that his alma mater has secured the services of so able a military man. Owing to difficulty of securing competent officers during war times, the University is especially gratified that Colonel Roberts is detailed. His rank is higher than that of any of our previous commandants.

NEBRASKAN FREE TO UNIVERSITY SOLDIERS

Believing that Nebraska men actively engaged in the war are just as anxious for news from the campus as their former classmates are for word from them, the management of The Nebraskan will send the paper free of charge to every Cornhusker soldier whose address is known. You can help by sending lists of addresses to The Nebraskan, either mailing them to Station A or telephoning them to the business office, B-2597.
