Our Masterful Exposition of Smart Fashions

IN SUITS AND OVERCOATS

carries models to fit the big men, small men and all the in-betweens. We purposely emphasize that point because the scarcity and high cost of woollens today are such that in many shops a man will want what he can't get.

We Have the Clothes Here Ready to Put On

The range of choice in fabrics is as cosmopolitan as Manhattan, and the manner in which they are cut and tailored comes from rubbing shoulders with the Knickerbocker family.

Referring to our fall and winter stock of clothes as concerns variety, no store in Nebraska can hold a candle to "The Store Ahead's" collections, and no clothes anywhere, reflect so faithfully the taste, and "championship" temper of the town
