

THE DAILY NEBRASKAN

VOL. XVII, NO. 38.

UNIVERSITY OF NEBRASKA, LINCOLN, FRIDAY, NOVEMBER 2, 1917.

PRICE FIVE CENTS

BASKETBALL PRACTICE NOW IN FIRST STAGES

No Official Call Has Been Issued as Yet

THREE PLACES VACANT

Jackson, Riddell and Pickett the Only Men of Last Year's Squad in School

Unofficial varsity and basketball practice has gotten a fair start during the past week. Coach Stewart has not issued a call for men but a number of candidates have been on the floor getting their wind back and their eye focused on the basket.

Cable Jackson, star forward on last year's team, has been the only old man out so far. Riddell and Pickett are the only other members of last year's squad that are in school this year. So far Herman Schroeder and Harold Gerhart are the only members of last year's freshman team that have appeared at the practices.

A number of the men who will be on the varsity when the season opens are on the football team and will not have a chance to get at basketball until early in December. A large number of last year's high school stars are in school this year and it is thought that the first year five will be able to give the varsity all the competition it will need to get into the best of condition when the season opens.

Schedule Not Arranged
The schedule for the coming winter has not been arranged yet. That part of the basketball season is always attended to at the annual December meeting of the Missouri Valley conference. It is probable, however that the usual number of games will be put on the program with possible trips to Missouri and Minnesota.

There are three places vacant on the varsity this year with only one man of experience to fill them. It is conceded that Jackson will play forward and Riddell will hold a guard's job. For the other three positions there is only Pickett, who is expected to develop into a valuable man this season. There are, however, a number of good men from last year's freshman team that will probably be of varsity calibre.

Practice hours at present are uncertain. The floor is not in use as a rule on Tuesday's and Thursday's at four o'clock nor on Monday, Wednesday and Friday at 5 o'clock. These are the hours when the greatest number of men have been practicing.

GIRLS' SOCCER SEASON OPENS SATURDAY

Upperclass Teams Meet Lowerclass On Nebraska Field in First Battle of Season

The girls' soccer football season will open next Tuesday morning at 11 o'clock on Nebraska field when the upperclassmen captained by Blanch Higgins will battle the lowerclassmen captained by Patricia Maloney.

The girls have been holding enthusiastic practices on the athletic field for some time and say they will play the game out there on Tuesday regardless of the weather. The spirit seems to be, "be it cold or hot we care not," and both teams are determined to have the victory.

The game is a combination of hockey and Rugby football. It is played with a ball smaller than a basketball which is kicked with the instep. Last year the games were hotly contested and an intense rivalry grew up between the teams. There is just enough danger of injury to add spice to the contests.

Each girl on the team will receive 100 points which will admit her to the Women's Athletic association. Besides this each girl on the winning team will receive 50 points in addition to her 100.

K. U. Students Practicing Food Conservation Rules

A large number of the fraternities and sororities at the university of Kansas are now having one or two meatless, wheatless, and as far as possible, sugarless days as a result of the conversion of food campaign which began last Tuesday. Chancellor Strong has made a personal appeal to all students living in boarding houses to advance the movement also.

CIVIL SERVICE COMMISSION ANNOUNCES EXAMINATIONS

The United States Civil service commission announces open competitive examinations for the positions of junior engineer; computer, coast and geodetic survey; computer, nautical almanac office and naval observatory; architectural draftsman; junior architectural draftsman, to be held November 21 and 22. The positions pay from \$840 to \$2,000 per year. The positions of architectural draftsman and junior architectural draftsman are open to women as well as men. The bulletins sent out by the commission are posted on the board outside of Dean Stout's office, in Mechanic Arts hall, and further information may be obtained from them.

KYNER ELECTED HEAD OF KEARNEY CLUB

L. N. Kyner was elected president of the Kearney club, at a meeting last Saturday evening. The other officers elected were Edith Lyons, vice president, and M. G. Richmond, secretary and treasurer. After the business meeting a short social hour was enjoyed.

FINAL TOUCHES FOR HALLOWE'EN PARTY

A Playlet, Special Dancing, Comedy Acts, Community Ringing on Program

All is in readiness for the second All-University party in the Armory tomorrow night. The program committee has put its stamp of approval upon the entertainment, the refreshment committee has announced that the pumpkin pies and jugs of cider are being made, and the reception committee says it will see that everyone has an opportunity to get acquainted.

The program will be duplicated in both Armory and Memorial hall. The play will be short and full of action. There will be some time given to the singing of University and national songs. There will be something for everybody to do, whether they dance or not.

The program:

- "A Nite With Mephisto."
 - A playlet—"The King of Heckaballoo."
 - A Hallowe'en Dance.
 - Fifteen Minutes With Mephisto Himself.
 - A "Racy" Time.
- Various games appropriate to the season.
- Rousing cheers led by our own cheer leaders.
- The committees in charge are:
Finance—Walter Blunk.
Advertising—George Driver, Evelyn Caldwell, Fern Noble.
Entertainment—Ruth Shiveley, Everett Garrison.
Refreshment—Harry Reed, Vesta Mawe.
Decoration—Kate Helzer, Roger Jeffries.
Reception—Helen Loftman, Jean Nelson.
Dance—J. G. Fowler.

CLASSES PLAN FOR COMING OLYMPICS

Freshmen and Sophomores Square Away for Battle

COMMITTEES ANNOUNCED

Juniors and Seniors in Charge Will Meet This Evening at 7 O'Clock

After resting quietly in the back of the heads of some four hundred freshmen and about half that number of sophomores the idea of an impending clash has now become uppermost in their minds and both classes are busy at work getting ready for the annual Olympics on the morning of Saturday, November 10.

The freshmen have taken the jump on the sophomores and have called the first class meeting. They will get together this morning in U 103 at 11:50 o'clock to get a line on the material at hand for entry into the events of competition. They plan to hold the first tryouts Monday evening. The sophomores will meet early next week.

No High School Play

Both classes have tacitly agreed that there will be no resorting this year to small-boy tactics in settling the rivalry between the two classes. Such petty play as kidnapping class presidents and stirring up bad feeling which should not normally exist has been frowned upon by both freshmen and sophomore leaders, who show a disposition to let the Olympics, which were designed for that special purpose, settle the question of freshman rights.

There will be two committees of juniors in charge, and they will be under the direction of a senior committee comprising Ralph Sturm, Ted Riddell, Edson Shaw, Dwight Thomas, Merl Townsend, Ivan Beede, Wayne Townsend and John Cook.

The junior class committee, appointed by the president, is composed of Merrill Vanderpool, chairman; Harold Wilder, Ralph Thorpe, Lewis Taylor and V. Graham.

The following men will make up another committee to work in conjunction with the one appointed by the class president. Mike Finney, Jean Nelson, Cable Jackson, Leonard Kline, Walter Blunk, Alfred Paul Dobson and Roscoe Rhodes. The two committees will meet together this evening at 7 o'clock in The Daily Nebraskan office.

The list of events that will comprise the contests this fall will be published Monday. There will be more stress placed upon individual competition than is usually the case because of the preponderance of freshmen.

The pushball, which is one of the big attractions at the Olympic contests, will probably be numbered among the events, but this rests with the two classes. The expense of shipping the ball from Des Moines to Lincoln and the rental for the use of it mount up to an item of some size, and if the freshmen and sophomores

prefer to eliminate it from the program the pushball will be dropped.

LARGE ADDITION MADE TO BOTANY HERBARIUM

The University department of botany has just received a large shipment of specimens sent from China by a student in the University at Canton. The collection, which contains 1,000 specimens of flowering plants found in China, will be placed on exhibition in the University Herbarium at Bessy hall. Three hundred thousand specimens are already collected and with the receipt of this shipment, the Herbarium will contain specimens of plants from every part of the civilized world.

Harden Lathe Centers

Three mechanical engineering students worked all Wednesday night case hardening the lathe centers in the machine shops. The lathe centers had become soft, and it was a ten-hour job to case harden them. In order that the shops might not have to be closed for a day, the students did the work after the shops had closed Wednesday.

EQUAL SUFFRAGE LEAGUE PLEDGES AID IN WAR

Adopts Resolutions at Meeting at Convocation Yesterday—Chancellor Avery Speaks

Denouncing as un-American and unpatriotic the picketing of the White House and of congress by members of the woman's party, and urging its members to offer unqualifiedly their services to the United States, the University of Nebraska Equal Suffrage league met at 11 o'clock yesterday morning in the Armory. Chancellor Avery was among the speakers.

Lincoln women, Mrs. A. E. Sheldon, representing the state federation of clubs, Mrs. W. E. Barkley, representing the state suffrage association, Prof. Sarka Hrbkova, the women's division of the state league of defense, and Dr. Laura Pfeiffer, spoke of the subject of military suffrage and approved the action of the league. Prof. Alice Howell of the department of dramatics, presided.

Resolutions Adopted

The resolutions as presented by Professor Hrbkova, chairman of the resolutions committee, and as accepted by the league, follow:

Whereas, We universally recognize that this is a time of severe stress in which the weightiest problems confront our chief executive, President Woodrow Wilson, and the congress of the United States, and

Whereas, Members of the woman's party have persisted in heckling the president publicly and obstructing worthy activities,

Be it therefore, Resolved that it is the sense of this mass meeting of the University of Nebraska College Equal Suffrage league which is a branch of the national suffrage association, that it emphatically disapproves of the picketing by members of the woman's party of the White House and of congress and denounces as un-American (Continued on page 2)

STUDENTS TO HOLD BIG MASS MEETING SUNDAY

Will Meet in Armory to Discuss War Service Plans

REV. L. D. YOUNG TO SPEAK

Student Patriotic League to Direct Student Aid in Red Cross, Y. M. C. A. War Work and Soldiers Christmas

A Student Patriotic league mass meeting of all students interested in the aiding of American soldiers at the front and in other ways bring the war to a successful conclusion will be held Sunday afternoon in Memorial hall at 4 o'clock. The Students' Patriotic league was organized a short time ago to supplement the work of the faculty league and to give the students and organization through which they could render the greatest aid in war work. Through the league students will work in backing all war measures on the campus.

Rev. L. D. Young to Speak

Dr. L. D. Young, pastor of the First Presbyterian church, will speak at the meeting on the work which the league can do and the opportunities for student service for the soldiers. Community singing will be led by H. H. Reimund, graduate student of the school of music. Copies of the songs will be distributed. One or two other musical numbers have been planned. A constitution will be proposed.

The meeting Sunday was called by John Riddell, president of the league, for the purpose of perfecting plans of action for the numerous tasks which students face in the war work. The league will aid in the Red Cross work and in the raising of the \$15,000 for the Y. M. C. A. war work fund. Another of the biggest tasks at present is that of co-operating with the faculty in arranging to send Christmas packages to all Nebraska soldiers at the front. These packages must be mailed by November 15 if they are to reach the men by Christmas.

Students have shown throughout the year their willingness and determination to help in patriotic works and it is believed with some form of organization as their patriotic league for concentrating efforts results will be increased. Meetings are being planned for each week to plan for the work that is to be done.

Gymnasium Lockers

All men who are using gymnasium lockers and who have not yet paid for them see Dr. Clapp about them by 6 o'clock Friday, as otherwise locks will be cut at that time.

CO-EDS TO HAVE FIRST SWIM THURSDAY NIGHT

Nearly One Hundred Registered for Classes at High School Pools

University women will begin swimming classes Thursday night, November 7th. A large enough number have enrolled to permit the engagement of the pools at the Lincoln city high schools and the regular class schedules to be arranged. About one hundred have purchased tickets to date, but more will register as the classes begin on their regular work.

Last year some one hundred and fifty women purchased tickets and the course was very successful. Some excellent swimmers and divers were developed from the large list of mermaids which were enrolled.

A change has taken place in the instructors staff, Miss Marion Young replacing Miss Gish of last year as director of women's athletics.

The class schedules announced by the department are: Thursday nights 7:30 o'clock to 9:30 o'clock and Saturday mornings from 9:30 o'clock to 11:30 o'clock.

The price of the tickets will be \$1.50 and entitles the holder to fifteen swims. All women interested in these classes may obtain any desired information from Miss Young at her office in the Armory.

Phi Delta hi Meeting

Phi Delta Phi, professional and legal fraternity met last night at the Kappa Sigma house. After a short business meeting a mock trial furnished the entertainment. Refreshments were served.

Nebraska Honors Former Chancellor Andrew's Memory

With the flag floating at half mast over U hall, the University community is reverently turning its thoughts towards the life work of Chancellor Emeritus Andrews, who after many years of suffering is now at rest.

Prof. W. F. Dann, who as an Ohio boy walked many miles across the country to Granville to advise with President Andrews as to whether he should get a college education, and who knew him intimately during his college days, has been selected as the most appropriate representative of the University of Nebraska to be present at the interment of Dr. Andrews in the old cemetery on the Denison campus where the builders of that university have been laid to rest.

Immediately after receiving a telegram from Dr. Andrews' secretary, Miss Phelps, Chancellor Avery sent the following telegram:

"Entire University joins with me in expressing heartfelt sympathy to Mrs. Andrews and Guy. We are planning to send an old time friend to represent Nebraska at funeral and to hold memorial exercises here at the same time. Please wire me day and hour as soon as determined."

In reply the following telegram has just been received from Dr. Andrews' son:

"Funeral services for my father, Dr. E. Benjamin Andrews, will be held at the Baptist church, Granville, O., at 2 o'clock Tuesday, November 6. Interment to follow in Denison memorial cemetery.

Memorial Exercises Tuesday

Arrangements are being made for a special memorial Convocation to be held if possible at the time of the funeral at Granville. Chancellor Avery, a representative of the faculty, a representative of the alumni, and a representative of the Baptist church in which Dr. Andrews was a prominent leader, will probably give short addresses. Mrs. Raymond will be in charge of the music.

The University is glad that it took occasion to honor Chancellor Andrews during his long and tedious sickness. Some years ago the present chancellor proposed a tablet in his honor to be placed in the Temple building. The idea met with universal approval, but it seemed inappropriate to ask the taxpayers of the state to pay the expense, and it was felt that a canvass even for small subscriptions would be distasteful to Dr. Andrews. At the suggestion of Professor Grumann, however, the class of 1915 gladly adopted the plan of erecting it as their class gift. Professor Grumann and Professor Barbour acted with Chancellor Avery as a committee in securing an appropriate tablet. The last letter received at the chancellor's office from Dr. Andrews showed his appreciation of this act, and is now given for the first time to the public:

"Interlachen, Fla., Sept. 5, 1916.
"My Dear Chancellor Avery:
"I am in receipt of your highly valued letter of the first, telling of the commemorative bronze to be placed in the Temple by the class of 1915, and enclosing a fac-simile.
"Please accept my hearty thanks for letter and enclosure and for your large part in conceiving the plan for such a memorial, initiating the movement and seeing it through. If, and when, you have opportunity, will you kindly convey to the class and to Professor Grumann assurances of my fullest gratitude for their co-operation? You and they have united to honor me in a way peculiarly gratifying. Aside from all personal feeling, I am greatly pleased with the tablet—its beautiful simplicity and its concise phraseology.
"With best wishes ever for yourself and for the University.
"Yours,
"E. BENJAMIN ANDREWS."
