**NEWS FROM CAMP**

Mr. L. A. Townsend, '16, visited campus friends last Saturday while on leave of absence from his duties in the Y. M. C. A. at Camp Funston. He reports that there are a large number of University students at the camp, most of whom are serving as officers in the National army. He stated that the men as a whole seemed well pleased and were taking the training seriously. They are all anxiously looking forward to the time when they may see active service abroad. He tells of the wonderful work that the Y. M. C. A. is doing in improving the moral and intellectual environment of the camp.

He emphasized the remarkable change in the general bearing of men that would occur during so short a period of training and says that the drafted men are becoming good soldiers.

Fred R. Kelley, Chas. B. Dickinson, D. E. Walrath and Emil Loriks send word of appreciation for The Nebraskan from the 62d Aero squadron stationed on Kelly field at South San Antonio, Texas. The aviation camp here they say is the largest in the world. Their squadron is being equipped for foreign service and they expect to leave for France in the near future. Following is the letter received:

"Just a word or two of appreciation for the 'Rag' which has been a source of endless pleasure and enjoyment to all of us Nebraskans down here. We rejoice over Nebraska's football victories and frequently give vent to our feeling through the old 'U-U-uni'."

"We have been down here almost four months and are becoming quite attached to the place. Were it not for the frequent dust storms this would be an ideal place for a camp."

"San Antonio is a quaint old city with numerous bridges and crooked winding streets. It is the home of the Alamo and several other Spanish missions of great antiquity. Has great historic significance, especially in the history of Texas. It is surrounded by military camps and is one of the largest soldier-cities in the United States."

"Our aviation camp is the largest of its kind in the world. It will be to the aerial service in the future what West Point is to the army and Annapolis to the navy."

"The aerial service presents wonderful opportunities to University men, for a college education is the chief requisite for entrance to the aviation R. O. T. C. either 'flying' or 'non-flying' status."

"Our 62nd Aero squadron is being equipped for foreign service and may leave for France before very long. We have a fine bunch of men and hope to stick together until the war is over. Our baseball team has won 24 consecutive victories and the championship of Kelly Field."

"There seems to be more college spirit from Nebraska down here than from any other state, perhaps due to the fact that Nebraska remembers her former students."

**WAR TAX HITS PARTIES AND PLAYS**  
 (Continued from page one)

This very clearly lays down the rule that our office must follow:

It will be expected that you keep account of each and all of such activities, attend to the collection of the war tax at the rate of \$.01 on each \$1.00 or fraction thereof charged either for admission to the hall or for privilege of participating in the dance, and that at the end of each month a verified return be made to this office showing the different entertainments at which such fee has been charged the rate of admission, and enclosing draft or money order for the tax due.

Proper blanks for the return will be mailed to you about the end of the month provided they are received at this office by that time. We have none in stock at present. Should you not receive form by the second or third of December, kindly write us as there might be a possibility of your being overlooked.

Respectfully,  
 (Signed) GEO. L. LOOMIS,

**A Triad of Entertaining Features at the Orpheum Thursday**

"Prosperity" is a sort of allegory offering a formula for content, featuring Ezra Mathews and company in the characters of Pretense, Thrift and The Girl; and Charlie Howard and company in an act called "Cured," depend for the greater part of their humor on little Charlie's deliriousness. Frank Hartley, a juggler who entertains, opens the performance with clever specialties; and the Pathe Picture News shows soldier and camp scenes of interest.—Deseret Evening News.—Adv.
