

THE DAILY NEBRASKAN

VOL. XVII, NO. 76.

UNIVERSITY OF NEBRASKA, LINCOLN, TUESDAY, JANUARY 8, 1918.

PRICE FIVE CENTS

INTERFRAT BASKETBALL DELAYED BY CADETS

Games Scheduled for Last Evening are Postponed

GREEKS PLOT IN SECRET

Dark Horses Promise to Appear in Later Games—Varsity Men Allowed to Play This Year

Plans for the inter-fraternity basketball tourney were all shot to pieces, when the military department commanded the Armory and gym last night, to conduct the measuring of cadets for their military uniforms. Roscoe B. Rhodes, president of the inter-fraternity athletic board, has called a meeting of the schedule committee for today, when the schedule will be straightened out, and the time for the postponed games set.

The games affected by last night's change in plans were Alpha Tau Omega vs. Alpha Theta Chi, and Delta Chi vs. Delta Tau Delta. These games will be played at whatever time can be arranged which is convenient for all terms. Besides these two games the Acacia-Alpha Sigma Phi game was to have been played yesterday at 4 o'clock, but was postponed by mutual agreement. It is possible that this game will be played some time today, probably at the noon hour. The rest of the schedule for the meet will be played off as originally planned.

Little Dope Out Yet
There is little reliable dope on the tournament this year. While some frats have men who have had experience in the game, and may be real players, on the other hand, others have men who have weight and aggressiveness, and in inter-frat basketball weight and aggressiveness count just as much, if not more than real skill and ability. The frats having the most football players in their chapters are considered to have the best chance of winning. The meet is held under peculiar conditions this year, in that candidates for the varsity will be allowed to play. The rules governing the contests specify that any one who has won a letter or made a trip shall be excluded, but so far this year, no games have been played by the varsity, and Jackson of the D. U.'s and Riddell of the Delta Tau's are the only frat men in school who will be ineligible for the games. As a general thing, the organizations who are thinking most of winning are saying the least about their chances.

The Schedule
The schedule, not including the games which were postponed, is as follows:
Delta Upsilon vs. Kappa Sigma, Tuesday, January 8, 6 o'clock.
Phi Delta Theta vs. Phi Gamma Delta, Tuesday, January 8, 6:30 o'clock.
Pi Kappa Phi vs. Phi Kappa Psi, Wednesday, January 9, 4 o'clock.
Sigma Alpha Epsilon vs. Sigma Chi, Wednesday, January 9, 6 o'clock.
Sigma Nu vs. Sigma Phi Epsilon, Wednesday, January 9, 6:30 o'clock.
Winner of 1 vs. winner of 2, Thursday, January 10, 6 o'clock.
Winner of 3 vs. winner of 4, Thursday, January 10, 6:30 o'clock.
Winner of 5 vs. winner of 6, Friday, January 11, 4 o'clock.
Winner of 7 vs. winner of 8, Friday, January 11, 6 o'clock.
The semi-finals will be played in the first division at 6 o'clock Monday, January 14, and in the second division at 6:30 o'clock, the same day. The championship will be decided at 6:30 o'clock, Wednesday, January 16.

STUDENTS OF FRENCH HOLD "FETE" PARTY

Instructors of Department Entertain Upperclasses at the Temple Saturday Evening

Instructors of the French department entertained the members of the advanced French classes at a French party in the Y. W. C. A. rooms of the Temple Saturday evening. "La Fete des Rois" was celebrated in true French style at the Soiree Francaise the same evening.
Only French was spoken (or supposed to be spoken) and a very interesting program was given. Russell Peterson read the report of the last party in French, after which Gustave Fuchs gave a French pro-

logue, telling the history of La Fete des Rois. This is always celebrated the first week of January in France, Epiphany Week, when dinners are given every evening to crown the king and queen at the close of the dinner, a great cake is passed which contains a black bean, and the lucky person who finds the bean in his piece of cake, is crowned king or queen of the evening, and then he entertains the others the next evening. "La Galette des Rois." The Cake of the Kings, a little French play, followed, picturing La Fete des Rois and a temptingly realistic dinner. The cast were J. F. Showalter, Stella Lewellen, Dwight Kirsch, Gustave Fuchs, Francis Flood, Harry Jeffrey, Mrs. B. Tebbetts, Blanche Buerstetta, Sarah Apperson, Helen Kendall and Doris Arnold. Dwight Kirsch was crowned king and Stella Lewellen queen of the evening.

Helen Kendall, Doris Arnold and Frances Gettys accompanied by Mr. F. R. Hanley, sang "Ma Normandie," and then everyone joined in singing "La Marseilles."
Each guest was given a piece of cake and asked to sleep on a piece and remember the dream to tell at the next party.

New Year wishes written in French were given to everyone and were read, and the party broke up after everyone had had a enjoyable time.

ILLUSTRATED ART LECTURE AT CONVOCATION TODAY

Professor Grant to Talk on Exhibition Pictures—Three Valued at \$2,000

An illustrated lecture discussing the annual art exhibit which is now in the art gallery will be given this morning at 11 o'clock in Memorial hall by Prof. Blanche Grant, associate professor of drawing and painting. Professor Grant's talk will be illustrated by six representative pictures from the exhibit.

Of the ninety-two pictures on exhibition, Professor Grant has selected three by the famous New York artist.

WOMEN NOW ORGANIZED IN DEFENSE COMMITTEE

Have Branches in Ninety of Ninety-Three Counties

PROF. HRBKOVA CHAIRMAN

Urge University Women to Prepare for Service Abroad by Training in State Hospitals

The Woman's Committee of the Nebraska State Council of Defense, of which Prof. Sarka Hrbkova, head of the department of Slavonic language here is chairman, is now organized in ninety of the ninety-three counties in the state. Mrs. W. E. Barkley of Lincoln, formerly dean of women of the University, is first vice-president of the executive committee. Mrs. Keith Neville is treasurer.

Besides the executive committee which has general supervision of all the work and is composed of ten members, there are eleven department heads. Miss Julia Vance, instructor of home economics at the state farm is head of the home economics work of the committee. Mrs. Alice Towne Dewese, formerly instructor of girls' gymnastic work, University of Nebraska, is head of the food production department.

Other department heads are: Registration of women, Mrs. A. E. Sheldon; child welfare, Mrs. Draper Smith of Omaha; maintenance of existing social agencies, Ida L. Robbins of Lincoln; educational propaganda, Alice Florer of Lincoln; Red Cross and allied relief, Mrs. Lindsey, Omaha; health and recreation, Dr. Jennie Callfas of Omaha; Americanization, Dr. Olga Stastny of Omaha; Liberty loan, Mrs. A. G. Peterson; nursing, Mrs. Mary Cogil.

University Women Wanted
"The government is urging University women who want to do the most genuine service in this war, to begin a three-year training course in one of the twenty-seven accredited hospitals of Nebraska," Professor Hrb-

kova said yesterday. "These hospitals fit young women for service abroad."

"We are woefully short of nurses," Professor Hrbkova continued. "There are only 1,400 registered nurses in Nebraska. In order to enter one of these hospitals the applicant must hold a high school diploma. Even if the war stops tomorrow the nursing profession is a splendid one," she added. "The pay is excellent, too, from \$15 to \$35 a week."

The woman's committee held an all-day session Saturday discussing among other things plans for a big open meeting which will be held in connection with the war conference here in Lincoln January 18 and 19.

Monday morning Professor Hrbkova received a long distance phone call from Bruno, Neb., asking her to be one of the speakers at a Red Cross drive celebration there Saturday. Bruno township, with 900 residents, raised \$10,900 for Red Cross recently. Their average per capita is slightly over \$12 apiece, the highest probably in the state.

Professor Hrbkova counted up the number of public lectures she has given since June 14, when she was appointed woman member of the State Council of Defense, at the request of the curious reporter, and the number up to December 31, was found to be 208.

WORK ON BUILDINGS BEING RUSHED FORWARD

Only Concrete Work Delayed by Winter—To Finish Structures This Year

In spite of the cold weather of the past few weeks, building operations on new University buildings have been continued—and with the exception of certain concrete work, all other construction work will be kept up throughout the winter. As soon as warm weather comes, concrete work will again be resumed, and work will be rushed on the building in an attempt to finish them all by January 1, 1919.

The three buildings now under construction are the Social Science, the

EVERY CADET SOON TO HAVE UNIFORM

Measurements Taken Last Evening in Armory

REPLACE CIVILIAN CLOTHES

Men Students of Department to Wear New Suits on Campus According to Recent Vote

That drill suits for men will soon become a reality became quite evident yesterday afternoon and evening, when the actual measuring and ordering for the suits commenced. The orders for the suits will be sent out immediately, and it is expected that the suits will be here before the beginning of the next semester.

This action is the result of the decision made some time ago by the men taking drill to buy the uniforms, in co-operation with the government. The government will furnish \$14 towards each uniform, and each student will provide the remainder of the cost, probably not more than \$8 or \$10. The men were required to make a deposit of \$5 on the uniforms, which must be in before noon today, if their uniforms are to be ordered. The order was placed with the Magee Clothing company, of Lincoln, and the deposit should be made at that store.

The regulation cadet uniform will consist of a cap, blouse (coat), trousers, leggings and shoes. Besides these necessary items, many students ordered either flannel or woolen shirts, in the regulation design and color, and the regulation web belt. The student purchasing these articles of course had to pay extra.

Uniforms Necessary for R. O. T. C.

It is imperative that these uniforms be here before the beginning of the semester, to comply with the agreement with the government whereby this school is a member of the Reserve Officers' Training corps. It is for this reason that the measurements were taken in such a rush, and such short notice given students of the plans. The Magee company has guaranteed to have the uniforms here within the required time, and Mr. Magee, of the firm, has gone on ahead to New York, where the orders will be telegraphed to him, and where he will personally superintend the direct placing of the order with the manufacturers.

No dissatisfaction over the plan was noticed among students, beyond the fact that a few of them were compelled to eat rather hasty evening meals. A few demurred at first from ordering the caps, instead of hats, but when it was explained that that was the ruling of government authorities on the subject, no further complaints were heard. On account of the short notice given, several men were seen holding whispered consultations with the salesmen, resulting in the extending of credit till they could write home for more funds, but the majority paid either in cash or check last night.

At the time of the meeting held to determine whether the uniforms should be purchased, it was decided that the cadets should wear their uniforms while attending school, to in so far as is possible make up for all extra expense undergone. This idea has proved very popular with the men, and next semester will see practically the entire male students attending classes and on the campus in their cadet uniforms.

HOME ECONOMIC STUDENTS TO EXHIBIT CONSERVATION

Saving in Cooking and Sewing Explained at Auditorium During Agriculture Week

The Home Economics department of the University co-operating with the extension service, will conduct conservation exhibits and demonstrations at the city Auditorium January 15-18. The exhibition will be in connection with the organized agriculture exhibit which will feature corn, apple, wheat and potato displays. The sewing classes will have conservation dress problems and the cooking classes will give demonstrations of conservation recipes. The girls of

University of Nebraska's Roll of Honor

Today's Honor Roll contains the remainder of the "R" names and a part of the "S" names. Anyone knowing of men who are not listed here or of whom the University has had no previous record will leave their names with Miss Annis Chaikin, alumni secretary. Be sure to give the complete name, address and the year in the University at the time of the persons withdrawal.

- Rouse, E. C.—Mare Island Navy Yard, Electrical Class—Vallejo, Cal.
- Rouse, Philip L.—First Lieutenant Headquarters Company, 134th Infantry—Camp Cody, Deming, N. M.
- Roush, Charles L.—In training in radio branch of navy, Naval Training Station, Great Lakes, Ill. Camp Decatur, 841, Co. 52, care of Mr. Hopkins.
- Roush, Floyd M.—Camp Perry, 721 No., care Radio School, Great Lakes, Ill.
- Rowan, Charles Harold—17th Company, 164th Department Brigade—Camp Funston, Kas.
