OFFER ENTIRE MONACO FOR AMERICAN RESORT

Yanks Are Offered Little Principality as Playground For Leave Center

Monte Carlo, world famous playground, and the entire principality of Monaco of which it is a part, situated on the French Riviera where the breezes of the Mediterranean exercise a soothing influence on the winter thermometer, have been offered to the A. E. F. as a leave center.

The offer was formally made by His Serene Highness, the Prince of Monaco, ruler of the little country, and is now being considered by G. H. Q. Whether or not it can be accepted is a question. There are difficulties as to fuel, distance and transportation which are serious, but there is a possibility that American soldiers will toast their shins this winter in the Palais du Soleil where, heretofore, nobody much lower in financial rating than a near-millionaire has trod.

The famous gambling casino of Monte Carlo is not now open to soldiers of any nation, and this rule would not be changed. But the Americans could have the pleasure of going through the Casino outside of business hours and seeing where speedier games than crap or black-jack are played.

Monaco is one of the smallest independent countries in the world. It is near Nice and touches the Italian border. It is 30-odd hours from the nearest front line trench in France.

That's where the rub comes in. It would take much rolling stock to transport several thousand soldiers the length of France every week—possibly too much.

FORMER HUSKER TACKLE IS COACH AT WESLEYAN

William A. "Pat" Norris Fills Vacancy Left by Max Towle

William A. Norris, '17, better known to the followers of the gridiron game at Nebraska as "Pat" Norris, entered upon his duties as football coach at Wesleyan university Wednesday afternoon. He succeeds Max Towle, quarterback on the Husker team during the years 1911, 1912 and 1913, who left to begin training in naval aviation.

Norris played tackle and guard at Nebraska in 1914 and 1916. He was graduated in 1917 from a course in mining engineering and recently has been engaged in this work in the potash fields of western Nebraska.

Wesleyan has six veterans back this year and is developing a strong offensive. A mix with Creighton, to be played at Omaha, is scheduled for Saturday. It is probable that the Nebraska eleven will meet the Wesleyan S. A. T. C. aggregation some time during the latter part of October.

HAND GRENADES

PROBATION WEEK

When you've got to shine some flapper's shoes
And carry all his books;
And manicure the kitchen floors
And dust out all the nooks,
When you've got to say "Yes, Sir" when you talk,
And wash your face when told;
When you hang your hat on a certain nail
And sleep out in the cold,
When what you say don't count at all
When your life is like a slave;
While your hair hangs over your collar and
You'd soak your watch for a shave.
It's downright hard, but smile, x y boy
And take things nice and meek,
For you pledged yourself to the gang you're in
And this is probation week.

TO GIVE SPECIAL HOMEMAKERS' COURSE

A special homemakers' course for all women over 19 who want information on homemaking topics will be one feature of the school of agriculture which opens at the University Farm at Lincoln, October 11. The course will be given in two three-months' terms. No academic requirements or credits will be attached to the course. All work will be elective and women may choose from the following: Six hours a week in cooking and meal preparation; four hours house furnishing and applied design; two hours in home nursing and child care; three hours in music and recreation for the home; four hours English; four hours home dairying; four hours in poultry raising; four hours in gardening; three hours entomology; four hours woodwork. If desired, women may take more agriculture and less home economics. The total expense of the course will be about \$8. Conservation of food, clothing, time and health will be emphasized.

DEFEND U. S. SOLDIER FROM HIS TRADUCERS

"The American uniform is living on a higher plane than the American in civil life," said Dr. Daniel A. Poling, associate president and citizenship superintendent of the United Society

of Christian Endeavor, who returned recently after a stay of five weeks with the United States soldiers in France.

"The American soldier overseas is true to the finest traditions of American arms. The stories of wholesale drunkenness and vice are not true. My own investigation, conducted under every condition of army life and in every training camp of any size where American soldiers are gathered in France substantiates the statements of military authorities, which proves that the American in uniform is today living on a higher moral plane than the civilian in American life.—N. MANY OPPORTUNITIES FOR DRAFTED BOYS

Many inquiries are being made regarding military training in the school of agriculture at Lincoln. This school offers opportunities in military training to boys of draft age with a common school education. Courses are offered in mechanics, tractors, automobiles and trucks, agriculture and other subjects valuable to boys who may be called into army service. Registration in the school of agriculture begins October 11.

Announcement

¶ This notice is paid for by the First Congregational Church not for profit but just to let University people know that they are more than welcome at its services. ¶ Dr. John Andrew Holmes, who has made a specialty of preaching to State University students and professors during a period of ten years, has charge of the service at 10:30 every Sunday morning. ¶ At 12 three student classes, one for student girls, led by Mrs. E. L. Hinman, one for both men and women, led by Dr. Hinman, and one for men led by Mr. Will Owen Jones, editor of the State Journal, all present rare opportunities. ¶ At 6 the Young People's Society give a fellowship luncheon and at 7 its regular meeting is held, which is attended principally by students. ¶ Sometimes also there is an evening service at 8, as occasion requires. ¶ Come to everything. You will feel at home.
