BOYS WELCOME

ADVENT OF PAY DAY

(Continued from page 1)

of this fact, the men received very little after these payments were made.

Men inducted after the fifteenth of the month did not wear so happy a smile. However, the unhappy person was in the minority last evening, for everyone knew that he could negotiate a loan from his bunk-mate should there come any necessity.

"How much did you get?" was a frequent question among the soldier boys. Almost invariably the answer would be: "Two dollars and sixty cents and a Liberty Bond."

CALLS TO OFFICERS'

SCHOOLS SUSPENDED

(Continued from page 1)

received at S. A. T. C. headquarters yesterday, and until further orders, no applications for admission will be received. This announcement, coming at this time, is considered as the first army demobilization order to affect the Nebraska soldier boys.

Whether or not the men sent to the central officers' training camps during the last week will be sent back to the Nebraska University detachment was not definitely known this morning. Captain MacIvor sent a telegram to Camp Garret, Illinois, last evening in an effort to ascertain whether or not that school was to be closed by the order.

It is thought probable that the sixty infantry officer candidates will be returned to the army training corps at this university.

Although this order dashes to earth the ambitions of many of the S. A. T. C. boys, each man will have a chance to make good in the University of Nebraska, not only in his military work, but likewise in his scholastic efforts.

DRIVE FOR FUNDS

STILL CONTINUES

(Continued from page 1)

cen. When these are checked up they will undoubtedly swell the total to an appreciable extent.

Members of the faculty and non S. A. T. C. students began a thoroughly organized drive for funds Thursday. The results of their efforts are still unknown.

Other Schools Running Strong

Reports from the different colleges of the state indicate that many of them have almost completed their quotas. The college of medicine at Omaha and Creighton university are running on an equal plane with the University of Nebraska, and the Chadron state normal and Doane are following closely.
