INTER-COMPANY BASKET BALL TOURNEY THIS WEEK

Inter-company basketball will begin this week. Two teams are being formed in each company under the direction of Y. M. C. A. Secretary Healy. The schedule for a tournament to end December 15 will be announced soon. It is desired that all men with any basketball experience will turn out for these teams, as Coach Kline will use the games in this tournament as a means of lining material for the varsity squad. With the exception of a very few men, all candidates for the varsity team are members of the S. A. T. C.

The best possible throw of the dice is to throw them into the sewer.

Congressional garden seeds are distributed for the purpose of raising votes.

Society

The Mystic Fish alumni entertained the new members at a dance Saturday evening at the Alpha Chi Omega house. Thirty couples attended.

PERSONALS

Melvin Newquist, '21, has obtained his discharge from officers' training school, Waco, Texas, and has returned to the university to continue his work in the college of medicine.

William Lear, '21, spent the weekend at the Sigma Alpha Epsilon house. He has been in the officers' training school at Camp Grant, and was discharged when that unit was disbanded.

Lieut. John Wenstrand, ex-'18, was in Lincoln for several days last week. He returned to Fort Sill, Oklahoma, where he is stationed, Saturday.

Margaret Howes, '20, spent last week-end in Omaha at her home.

Bryon Stromer, ex-'20, who has been at the Boston school of technology in the naval aviation, is at the Delta Tau Delta house.

Martha Haley and Zita Haley, both of Valentine, spent Sunday at the Alpha Phi house.

Howard Bennett, '22, who has been at Camp Zachery Taylor, Kentucky, is back at school.

Dean Amanda Heppner is back at her work after a severe attack of the influenza.

Josephine Strode, '19, visited in Omaha Saturday and Sunday.

Rolland Rodman, '19, has returned from Camp Grant and is registered in school again.

Leslie Kizer, ex-'18, is in Lincoln, having just completed his course at Camp Beauregard, Louisiana.

Freda Haas of Omaha visited Helen Overstreet, '22, at the Kappa Kappa Gamma house last week.

Ulysses S. Harkson, '17, is in Lincoln at the Phi Gamma Delta house and will stay for several days on his way to Portland, Oregon. He has been in Cambridge at the Massachusetts school of technology.

Helen Neumeier, '21, has left school on account of ill health.

Fred Dale, '21, who has been in training at Camp McArthur, Texas, has received his discharge and is visiting at the Sigma Phi Epsilon house.

Helen Gilbert, ex-'22, spent the week end in Lincoln.

Lieutenant Glen Ruby, '15, visited at the Sigma Phi Epsilon house.

NO THIN' P'TICKLER
By Jeff Machamer

When the Red Cross and canteen girls come back from France we simply will not even look at the girls who stayed at home!

No—Gwendolyn, you're wrong again—those red, white and blue arm-bands which say "M. P." are not supposed to convey the idea that the wearers are Miller & Paine errand boys!

As far as clothes are concerned, we have more than when we went into the service. We have a very conspicuous rent in the aft portion of our solitary pair of jeans. We didn't have that when we came in.

Mr. Peck, of the famous Hunt and Peck system, was mashed seriously Sunday evening and now we can only punch the typewriter with Mr. Hunt. If the column reads slow, blame Mr. Peck's condition.

Airplanes will soon be on the market for personal pleasure. The family landing field will replace the old fashioned garage and when father worries over daughters absence all he needs to do is to step out on the front porch and "binocularate" the heavens.

To those who have keen eyes for the future, let us suggest that a filling station be erected atop the Terminal building.

She loves me not—she loves me—she loves me not—she loves me—she loves me not—she loves me—she loves me not—and there goes the last hair in our vampish mustache!

If it wasn't for our old friend, Psychological Moment, what would become of the hero in most movie plays.

Laugh and the world laughs with you, but when you eat soup please be quiet about it.

At this moment, there are two places in which we don't care to be—the Kaiser's boots!

UNI NOTICES

Junior Class Meeting
The Junior class will meet Thursday morning at 11 o'clock in Law 101.

Dr. Waite will speak before Sigma Xi next Friday evening, December 6, at 8 p. m. in room 209 of the new chemistry building. His subject, "Some Observations Concerning the Recent Influenza Epidemic," will be of interest to all. Every one is invited to attend.

No Vespers Today—There will be no Y. W. C. A. vespers held today because of the lack of heat in the Women's building.

ALUMNI

Cora L. Friedline '13, is adjunct professor of psychology in Randolph-Macon woman's college, Lynchburg, Virginia. The following is an extract from one of her letters:

"As you doubtless have heard, I am here in the south as adjunct professor of psychology in the woman's college, and in the absence of Dr. Crooks have taken his place.

"The south is very different from the north in many respects. In the first place, the accent is very different and I am having great difficulty in understanding what my students are saying. Everything seems so very slow. The people move along as if they had all the time in the world, and a train has never been known to be on time. They are all the way from two to ten hours late. The southern girls are exceedingly sweet, and know how to use delicate colors and fabrics to perfection in the dresses. They have very sweet facial expressions and a southern smile is very winning. They are not ready for suffrage yet, and man is still supreme. In our own faculty

meetings, women are not allowed to vote. The men do all the voting and talking, for it is an unheard of thing for a woman to make a suggestion in faculty meeting. They warned me of this when I came, noticing my propensity to talk, I suppose.

"The scenery here is beautiful, for we are in the midst of mountains, as well as on the James river. I spend all the time I can out of doors, exploring the woods and valleys. To me this is the most enjoyable feature of the place."

have been over the eastern part of the country as far west as Iowa. At the December meeting the following topics will be under discussion:

1. The Organization of Engineering Education in Great Britain and the United States.
2. The Effect of the War on Engineering Education in Great Britain and the United States.
3. The Liberal Element in Engineering Education.

Directly following this meeting, Dean Ferguson will attend a meeting to organize a national committee for the support of the Smith-Howard bill, which is now before congress. The bill is a result of several years of agitation on the part of many engineers and provides for the establishment of engineering experiment stations at various places over the country. Dean Ferguson expects to be gone for a week or ten days.

INTER-COMPANY BASKET BALL TOURNEY THIS WEEK

The Woman's Self Government association is conducting a membership campaign on the campus this week. Two teams have been organized, the "Soldiers" and the "Aviators." The dues for the year are fifty cents and every university girl may and should become a member.

The campaign closes Friday afternoon and will be celebrated that night with the girls' annual Cornhusker party. The members of the two teams who will compete for the greatest number of members are:

Soldiers
Grace Staff.

Attention S. A. T. C.

As soon as you are mustered out of the service of Uncle Sam, come at once to the office of the Nebraska School of Business and let us explain to you the wonderful advantages in taking a course in our school. You owe it to yourself to get this training before taking up the active duties of civil life again. Many new classes just starting. Both day and evening sessions.
