THE UKULELE

THE languorous charm of the Hawaiian native instruments—so moving in appeal, so observably in vogue—is strikingly characteristic of the Ukulele. Its tone possesses that curiously beautiful timbre, that exotic charm of tonal quality which has made these instruments so sensation-ally popular.

The Ukulele has a pleasing grace of form. The finer models are made of genuine Hawaiian Koa wood. It is much in request today among the smarter college and other musical organizations.

It is easy to learn. Its price includes an Instruction Book.

Hawaiian Steel Guitar

Every chord struck upon this typically representative Hawaiian instrument is marked by a weird, plaintive harmony and strangely beautiful qualities of tone. It brings, to any music, qualities full of vivid color and varied charm.

Price \$5.00 and upwards, including Steel and Set of Three Thumbies for playing, and Instruction Book.

Catalogs on application.

Lyon & Healy "Washburn" Ukuleles, \$15.00; Leonardo Nunes genuine Hawaiian make, \$7.50; Mauna Loa brand, \$4. May be had of 12,000 leading music dealers. Write for name of the nearest dealer.
