

# THE DAILY NEBRASKAN

VOL. XVIII. NO. 99

LINCOLN, THURSDAY, FEBRUARY 27, 1919.

PRICE FIVE CENTS

## VICTORY ANNUALS ON SALE TUESDAY

Year Book Will Contain Many  
Features Concerning Life of  
Institution.

Cash Prizes to Be Awarded to  
Solicitors Selling Largest  
Number.

The Cornhusker sales campaign will begin with a rush Tuesday morning. Thirty university girls will be distributed over the campus and every Nebraska student will be given a chance to order his year-book. Tags will be given every man and woman when the book is ordered and by wearing this sign of loyalty and interest no others will solicit his or her order.

The campaign will last four days, and every student who wants a "Victory Annual" must order it during that time as only the number ordered during the sales campaign will be printed. The annual is to be the best, the biggest and the most complete and interesting that has ever been published at Nebraska, and any student who does not order one at this time will be unable to procure one later. Nebraska history will be given more fully than ever before and the old campus legends and traditions will make the book valuable as a record. In addition to these, there are the more recent histories of Nebraska men who offered their lives for what they felt to be right and those who made the supreme sacrifice.

### Cash Prizes Awarded

The twenty girls who sell the largest number of books the first day will be allowed to continue selling, and of this number fifteen will be awarded prizes according to the number sold. The prizes to be given are as follows: First prize—Twenty dollars in gold. Second prize—Ten dollars in gold. The other thirteen will all be given Cornhuskers.

The sale will be made with a payment of two dollars down and a dollar and a half when the book is delivered. The best of sellers are working on this campaign and the rivalry for prizes will be keen.

## MISS DRAKE RESIGNS AS SECRETARY OF Y.W.C.A.

Miss Fannie Drake tendered her resignation as secretary of the University Y. W. C. A. at the business meeting held Wednesday evening at the Woman's Hall. She intends to leave next summer for Montevideo, Uruguay. Miss Drake has been at the University of Nebraska for a number of years and she will be greatly missed.

Ruth Welch presided at the business meeting and Mary Waters lead the devotional exercises. It was decided to have the preliminary ballot March 12 and 13. The committee appointed consisted of Helen Doty, Evelyn Black, and Sarah Heiter.

A report on the Y. W. C. A. conference held at Evanston, Illinois, was given by Ruth Hutton. The conference was composed of 209 students who represented 205 colleges and forty-three states, eighty-three student and fifty national secretaries, secretaries. They discussed the democracy of the students, their responsibility in the reconstruction of the new world and many other problems. They also reported many findings for the students and faculty. These were given over to be read at the conference of deans of women which was being held at Chicago at the same time.

Miss Eva Burner is expected Wednesday, March 12. Miss Burner is a noted Y. W. C. A. worker and has visited here several times. There will be a large meeting held the following

## DEMURE HUSKER CAUSES STIR ON CITY CAMPUS

A new Cornhusker appeared on the university campus Tuesday morning. Never was co-ed more modest and demure, nor yet so exclusive. She trolled about the campus with dreamy eyes "far from the maddening crowd." The girls looked at her curiously, some of them looked surprised, and others more interested. The university men without exception turned and stared at her as she passed.

Many were the comments as to her identity, her intentions, and her reason for entering our college. Remarks on her appearance disturbed her not at all for she stayed close to the library and continued to gaze placidly at the hurrying students. Just as some of the bolder ones had made up their minds to accost her a man entered the back gate, put a rope about her neck and led her back to the State Farm.

## UNIVERSITY GRADUATE RECEIVES HIGH HONORS

Elected a Corresponding Member  
in the French Academie  
des Sciences.

One of the highest honors that can fall to the lot of any scientific man was conferred upon an American engineer, with the election of Dr. J. A. L. Waddell, '11, consulting engineer of New York and Kansas City, as a Corresponding Member in the Academie des Sciences. Such membership is the most highly coveted distinction among the scientists of Europe, for the organization is both old and select.

For a year past there has been a vacancy in the list of corresponding members in the Mechanical Section of the Institute owing to the death of General Zeboudski of Russia, who was assassinated during an uprising of the populace of Petrograd. The Academie chose Dr. Waddell to fill the vacancy, basing their selection upon the value to practical science of his numerous books, papers and addresses on both the theory and practice of engineering, as well as upon his contributions to the development of technical education. One of his books was translated into French and was published by the French government.

The Academie des Sciences was inaugurated in 1795, and during the succeeding 123 years there have been only eighteen corresponding members chosen from the United States, Dr. Waddell being the nineteenth.

Dr. Waddell is a loyal supporter of Nebraska University, which institution, in 1911, conferred upon him the honorary degree of Doctor of Engineering and he has given a sum of \$1,000.00 to be used as a permanent loan fund for students of the Engineering College who may need financial assistance.

## PROM WILL BE HELD BUT ECONOMY WINS

A Junior Promenade will be held by University of Wisconsin students this year, after all, but it will be an economical, "compromise Prom," lacking in many features of before-the-war splendor.

The Prom controversy, which interested the campus for a week or more, was ended last week by the following announcement of the faculty committee on students' life and interests:

"Inasmuch as the students have recognized the validity of the original objections of the committee and have shown a desire to meet these objections in an effective way, the committee has voted to grant permission for the Prom on the terms named in the students' petition."

After the committee's first action opposing a costly promenade, and urging that the affair, if held at all, should be a modest homecoming ball for returned soldiers, the students

## LEGISLATORS ENJOY "A DOLL'S HOUSE"

Lea Lipsey and Leonard Woollen  
Star in the Leading Character Roles.

Last Night's Performance Marks  
Second Presentation of Play  
This Year.

In a second performance before the university public, the Dramatic Club successfully presented "A Dolls House" at the Temple theater Thursday evening. Members of the faculty and a number of state legislators were present as the guests of the dramatic department.

Lea Lipsey, in the leading role of Nora Helmer, gave an effective interpretation of a difficult part to play. She was ably supported in the lead by Leonard Woollen as Torvald, whose work was well handled.

Alfred Hinze as Doctor Rand and Irma Wolfe as Mrs. Linden showed dramatic skill. Other members of the cast, although they had little to do, played their parts well.

Prof. P. H. Grumann, assisted by Miss Florence Maryott, coached the play. Webb Richards was business manager and Herman Thomas acted as stage manager.

The cast of characters follows:  
Trovald Helmer.....Leonard Woollen  
Nora Helmer, his wife.....Lea Lipsey  
Doctor Rank.....Alfred Hinze  
Nils Krogstad.....Mark Johnson  
Helmer's Children.....Hubert Arnold  
.....Helen Seymour  
.....Betty Woods  
Anna, their nurse.....  
.....Genevieve Addleman  
Ellen, the maid.....  
.....Stella Mae Lewellen

The action takes place in the living room of the Helmer flat.

Act 1. The day before Christmas.  
Act 2. Christmas day.  
Act 3. Two days later.

## FAMOUS PICTURES ARE PLACED ON EXHIBITION

Expensive Canvases to Be Shown  
at the Art Gallery Saturday  
Evening.

The opening reception of the annual Art Exhibition of the Nebraska Art Association will take place Saturday evening, March 1, in the Art Gallery of the University. A social committee of twenty members under the chairmanship of Mrs. C. F. Ladd will have charge. Music will be furnished by one of the orchestras of the University School of Music.

The exhibition is of a very high order. The pictures come from R. C. Vose & Co., Boston, and are being hung now. It is the highest grade exhibition in many ways since the international exhibition. It includes canvases from Benson, Beechey, Blakelock, Dangerfield, DeHoog, Dougherty, Fuller, Frieske, Hassam, Inness, Israels, Monticelli, Paxton, Redfield, Ritschel, and others. Some of the canvases are priced as high as \$40,000.

Its wide human appeal is one of the characteristics of the exhibition—it is not exclusively devoted to landscapes. The exhibition has been shown in the Minneapolis Institute of Fine Arts, at Omaha and at Kansas City.

Arrangements have been made to open the exhibition to all teachers in the city schools next Monday evening, and to all ministers of the city on next Tuesday evening.

## OFFICIALS CHOSEN FOR BASKETBALL TOURNAMENT

The girls' class basketball tournament will begin Saturday morning at 10 o'clock. The juniors will play the sophomores and the seniors will play the freshmen. The Woman's Athletic Association will serve a luncheon at 12:30 for all university girls. The winners of the preliminary rounds in the morning will play the finals at 2:00 in the afternoon.

The officials for the games will be as follows:

Referee—Miss Janza.  
Umpire—Miss Marie Gordon.  
Timekeepers—Dr. Stewart, Cornelia Putney.  
Scorekeepers—Katherine Kohl, Mrs. Clapp.

## FARMERS' MEETINGS WELL ATTENDED

Over One Thousand at Tuesday  
Sessions—Chancellor Avery  
Speaks at Banquet.

Over a thousand men and women attended the organized agriculture meetings Tuesday at the State Farm, which included sessions of the Nebraska Sheep and Wool Growers' Association, the Nebraska Horse Breeders' Association, the Nebraska Home Economics Association, and the annual banquet of the Livestock Breeders' Association in the evening.

Chancellor Avery of the University of Nebraska spoke to an audience of about three hundred people in the afternoon at the second session of the Home Economics Association, which is holding its fourteenth annual meeting in Agricultural Hall of the University Farm, and which was well attended by women.

Dr. Avery, who has been in the chemical warfare service at Washington, spoke on the subject of "Science and the War," describing the former articles which now, through the development of American science, are produced in the United States more efficiently than in Europe. He gave a short account of the development of the gas-mask and its use in modern warfare, and of the very important parts played by chemistry and physics practically applied in warfare.

Following this meeting a "Getting Acquainted Tea" was held in the Home Economics Hall, with Mrs. S. A. Avery, Mrs. E. A. Burnett, Miss Alice Loomis and Mrs. Emma R. Davison acting as hostesses.

The banquet was held in the evening at the Lincoln Hotel, and was attended by eighty people. Prof. K. F. Warner of the State University Farm presided.

## CONVOCATION

A string trio composed of Jessie Wilkins, violin; Lillian Eiche, cello, and La Rue M. Shire, piano, will present Schutt's Trio, opus 37, at convocation this morning at eleven in the Temple.

The following selections will be given:

Allegro maestro.  
Andante tranquillo.  
Scherzo.

Corns do not grow on a shoe tree. An ice man isn't necessarily a nice man.

They say the only good Hun is a dead one. Even then we don't know what he is good for.

Kids start to work very early in life. Some of them get a job cutting teeth before they are a year old.

The only woman that most women will trust their husbands with is the one they see in their mirrors.

A kid's eyes may sometimes be larger than his stomach but it's a cinch his father's pocketbook isn't.

Silence, being regarded as immensely precious, has been called golden. If the high prices keep up there will have to be a readjustment of values on commodities of this nature.

## GREEKS FIGHT HARD FOR CHAMPIONSHIP

Alpha Tau Omega, Sigma Nu and  
Sigma Alpha Epsilon Are  
Winners.

A. T. O.'s Defeat Sig Eps in  
Fierce Contest by Score  
of Eight to Six.

Sigma Nu, Sigma Alpha Epsilon and Alpha Tau Omega, were victors in the inter-fraternity series last night. Every game was a rip and smash fight and the two hundred Greeks who packed the sidelines shook the old gym with their fierce battle cries.

The A. T. O.'s and the Sig Eps fought the hardest battle of the short series, the former winning out 8 to 4. Dwight Thomas shot two of the three goals for the victors in the first half, while Russell was the Sig Ep demon. The first half ended 6 to 4 for the A. T. O.'s. For the first six minutes of the second period, so fierce was the defense on both sides that neither five could find the hoop. "Shelly," urging on his struggling heroes from the sidelines, would exhort "Tommie" to bust 'em up and Tommie finally bounced one in. Russell came right back at him and bagged one for the Sig Eps but the game ended with Alpha Tau Omega on top.

### The Lineup

Alpha Tau Omega—8.	Sigma Phi Epsilon—6.
Thomas.....f.....	Costello
Ernest, Moore.....f.....	Grubb
Buch.....c.....	Gardner
Gerhart.....g.....	Russell
Lanphere.....g.....	Johnson

Referee—Dr. Clapp.

Sigma Nu had to fight for every toss they counted over the Delta Chi opposition, but they finished the combat with five field goals on the credit side while the only scores garnered by their opponents were the result of three free throws. The feature of this battle was the playing of big "Monte" Munn. This husky gladiator hoisted the ball into the receptive cage for three of the five counters scored by the victors. Big Munn didn't have it all his way, however, for Atkins hung to him closer than

(Continued on Page Three)

## THIRTY-SIX INITIATED INTO COMMERCIAL CLUB

Thirty-six students of the School of Commerce were initiated into life membership in the University Commercial Club at a meeting held at the City Commercial Club rooms Wednesday evening. The initiation was followed by a club smoker, at which refreshments consisting of elder and doughnuts were served. A social hour was followed by a business meeting, at which plans were made for the semester activities of the organization.

The most important service that will be given to commercial students this year will be the weekly talks by leading business men of Lincoln and neighboring cities on practical business subjects. These meetings will be held Thursday evenings at places to be announced from time to time. These talks will not only supplement the more theoretical instruction received in the class room, but will also bring the student into personal contact with men engaged in active business pursuits.

Several old members of the club who have recently returned from the army are back in school this year, and with their assistance the younger members plan for a most successful semester. All commercial students are cordially invited to attend these meetings and to join the club if they have not already done so.

A committee was appointed to look into the practicability of selecting a Commercial Club pin. The club will meet at twelve-thirty today at Townsend's to have its picture taken for the Cornhusker.
