Once again Dame Fashion has waved her Magic Wand, and from out of the innermost recesses of that mysterious place we call the imagination she has summoned the conceptions for the slender lines and supple forms, she has developed the creations which we now ask you to view.

Creations more charming, more enrapturing, more lovely, we have never had the pleasure of presenting you for selection in any previous Spring showing. To see them is to admire them, desire them, to own them. That's all we can say. That's the way we feel about them and that's the way we think that everyone will feel who is fortunate enough to feast her eyes upon the slender lines and the ingenious miracles of miniature style treatments they introduce along their long and graceful sweep.

Original models, their flattering duplications, and various collections of magnificent American originators constitute the long avenues of models which we offer for your inspection and selection. Moreover they are all placed where they can be very easily seen and examined at your leisure.
