LINCOLN, NEBRASKA, WEDNESDAY, APRIL 23, 1919.

PRICE FIVE CENTS

300 ENTRIES WANTED FOR BIG TRACK MEET

"N" Club Completes Plans for Mass Athletic Event to be Staged Next Saturday

Fraternalities Must Have Minimum of Ten Men Entered—All Uni Men Eligible

The all-university, inter-class, and inter-fraternity track meet Saturday will be the biggest track event in the history of the school. There will be at least ten entries from each fraternity represented and a great many non-fraternity men. The big olympic is open to all, freshman, senior, varsity or non-varsity men, faculty et al. Coach Stewart will work energetically today to solve the problem of arranging the events and the final schedule will be announced tomorrow. All entries must be in by 6 p. m. Thursday.

Ten From Each Fraternity

The Inter-fraternity Athletic Association ruled yesterday that every fraternity must enter a minimum of ten men in the meet or be penalized five points for every entry missing below that number. This insures a large nucleus of 150 contenders or better to build around and Coach Stewart expects at least 300 participants to have their entries in by tomorrow evening. The events which will be open for Saturday will be the same as for the last tournament and include: Two mile, mile, 880-yard, 440-yard, 220-yard, 100-yard, high and low hurdles, shot-put, discus, javelin, high and broad jump, and pole vault.

The "N" Club will take complete charge of the meet and in the absence of Coach Stewart and will gather tonight to lay the plan of campaign, and the entire schedule of arrangements will be listed tomorrow morning.

Having Good Time But Homesick For Uni of Nebraska

The department of geography and conservation has received a letter from Prof. N. A. Bengston, who is now in Norway. Professor Bengston was granted a leave of absence from the university and is now in the foreign service of the Bureau of Commerce with headquarters in Christiania, Norway. He says in part:

"Winter still holds forth here in full sway. Last Sunday I went out to 'Voxenkolmen', a famous ski-ing hill about six miles from here, and watched the Norsemen at play. There were folks out on the hills literally by the thousands on skis, snowshoes, and sleds. The snow on the hills is several feet deep, but is now beginning to melt so this is referred to as the end of the season. The main ski course is along a glaciated valley side and illustrates an adaptation of sport to physiography that I had not thought of before. You see in ski-jumping it is essential to have a slope to give the initial momentum, then a jumping-off place, and another slope to light on succeeded by a flat place on which to maneuver to stop. Having thus outlined the requirements you can almost imagine the rest. The ski-course is selected along the sides of a valley and the favorite sort of a location seems to be an upper course where the U-shape is only moderately deep, a hundred feet or so. Last Sunday a performance was given in honor of a group of French sailors here on a friendly visit. Nearly one hundred jumpers took part and some of them certainly pulled off some thrillers and did so with graceful ease.

"While the people appear to enjoy their winter sports and are healthy appearing as well, I hear many remarks now that indicate that spring will be mighty welcome when it does come. The winter season, though not dull by any means, is long and carries with it a great many discomforts. Very few of the houses, either homes or business houses, have any heating

HIS EAR SHOT OFF, SURGEONS SAVE IT

Waterbury, Conn., April 22.—Sterling Chesson writes home to his mother from France telling how his ear was shot off by a German bullet at Cambrai. He picked up the ear and put it in his pocket. Later when a piece of shrapnel tore a way a part of his shoulder he was taken to a hospital and the doctors found the ear. With loose flesh from the wounded shoulder the ear was grafted back in place and is now as good as ever, the soldier says.

UNIVERSITY CHORUS WILL SING THURSDAY MORNING

Band Gives Program at Convocation Yesterday—Singers Have Novel Selections

The University Band, Tuesday morning gave an excellent program at convocation. Several of the numbers rendered in the university week program were given. A good audience of students and faculty attended.

PRIMARY ELECTION FOR MAY QUEEN HELD TODAY

Senior Girls Vote on Choice at Library—Final Selection Tomorrow

Today senior girls will express their preference in the annual election for May Queen.

A ballot box, will be in charge of the Black Masques in the library until 5 o'clock today and each senior girl will put on her ballot the name of the girl whom she prefers for May Queen. The Black Masques will count the votes tonight and the five girls receiving the highest number of votes will be voted on Thursday. The May Queen is selected by the highest number of votes in the second election.

Every senior girl is expected to exercise her privilege of franchise in this election.

The names of the five girls receiving the highest number of votes in the first election will not be announced except to senior girls as they come to vote and the name of the May Queen will of course not be known until Ivy Day.

Xi Delta

Xi Delta meeting Thursday evening, April 24, at 6:30 at the Woman's Building.

NOTICE

Senior girls vote for May Queen in the Library today.

OMAHA EDUCATIONAL EXCURSION ASSURED

Students Will be Entertained by Business Men of Nebraska's Metropolis, May 2

Committee Plans Numerous Trips in the City, Dinners and Entertainment Furnished

May 2nd, the date of the University of Nebraska's triumphal entry into Omaha, will be one of the biggest days in the school year. Every student should avail himself of this splendid opportunity to visit Nebraska's metropolis, and to see the workings of a mighty city's machinery. Omaha now, since the incorporation of South Omaha, has exceeded the 200,000 mark in population.

Professor Chatburn, chairman of the committee having this trip in charge, believes that the most appropriate name for this feature would be "The Omaha Educational Excursion." The program for the day will consist of visits to the chief manufacturing and commercial plants stockyards and packing houses, newspapers, banks, the College of Medicine of the State University with its hospitals, public schools, Fort Omaha, Omaha Live Stock Exchange, Grain Exchange, Omaha High School, City Hall and Court House, retail and department stores, auto row, banks, hotels, public library, Lininger and C. M. Dietz art galleries, water works, wholesale houses, produce markets, creameries, country clubs, parks, Y. M. C. A. and Y. W. C. A., smelter, Union Pacific headquarters, Omaha hospitals (some of the largest in the west) and the residence section.

Student May Choose Trip

There will perhaps be eight or ten different trips which the student may choose from. The total number of students who express their desire to go will be divided into groups of twenty each, with a leader for each group. Fraternities, sororities, and student clubs are urged to organize and form a group of their own, with a leader. When these groups arrive in Omaha an alumnus of the university will act as a guide for each group. For those who wish to visit the South Side packing plants, some of the cars will be left at South Omaha, and dinner will be served to these visitors in the Live Stock Exchange building.

(Continued on Page Four)

MEETING IS CALLED TO PLAN OMAHA DAY TRIP

Committee of Faculty and Students Meet Arthur Thomas to Make Arrangements for Excursion

Professor George R. Chatburn, who is in charge of the Omaha Educational Excursion, May 2nd, announces that an important committee meeting will be held in room 102, Mechanics Arts building, at five o'clock, Wednesday, April 23rd. Mr. Arthur Thomas, publicity manager of the Omaha Chamber of Commerce, will be present to discuss with those chosen from the faculty and Innocents society, the complete itineraries for the trip. The following are members of the committee:

- Engineering—Chatburn, Hollister.
- Fine Arts—Grumann.
- Farm—Gramlich, chairman; Sjogren, Rankin, Gaddis, Loomis.
- Journalism—Lawrence.
- Military—Frankforter.
- Geography—Rockie.
- Teacher's—Reed, Taylor.
- Commerce—Cole.
- Medicine—Lyman.
- Chemistry—Abbott.
- Prof. Hyde, Miss Heppner, Professors Foster, Cochran, Pool.
- Walter Blink, chairman of Innocents.

EXHIBITS PREPARED FOR HIGH SCHOOL FETE DAY

The exhibits for High School Fete Day are being prepared for the students from all over the state who will visit Lincoln, May 17th. These exhibits will represent work done in various university departments. The engineering college had its exhibit ready by April 17th, the date which was by mistake announced as Fete Day, but now are adding to the exhibit and making it more complete in detail and interest.

A. T. O. AND DELTA TAU DELTA WIN FRAT GAMES

Defeat Sigma Chi and Farm House, Today's Games Complete First Round of Play

Alpha Tau Omega defeated Sigma Chi in their first game of the inter-fraternity baseball series yesterday afternoon by the decisive score of 13 to 3.

The game was played on the Athletic Field before a good sized crowd of fans. The Alpha Taus started things going by making three runs in the first inning, Schellenberg making a home run bringing in two men. The pitching of "Schelly," and the ability of the Alpha Taus to locate the pill made possible the victory.

The score:

Alpha Tau Omega, 13—Sigma Chi, 3	Brown, 1b.....	Baylers, 1b
Schellenberg, p.....	Canley, ss	Schellenberg, p.....
Ryman, 3b	Lanphere, c.....	Francis, p
Bush, A., 2b.....	Whittier, c	Stewart, cf.....
Clark, 2b	Lees, 3b.....	Reinolds, lf
Gerhart, lf.....	Walrath, rf	Stanard, Thomas, rf.....
Smith, cf		

Score by innings:

	1	2	3	4	5
Alpha Tau's	3	0	3	5	2
Sigma Chi's.....	0	0	2	1	0

Delta Tau Delta won a tight battle from the Farm House, 7 to 6. The game was a pitching dual from start to finish. The score:
Delta Tau Delta, 7—Farm House, 6
Cronoverp.....Hedges, Atkinson
Thomasc.....Bloss
Lawlor1b.....Atkinson, Hedges
Gillilan2b.....L. Smith
Hallss.....Seidel
Haley3b.....Lambert
Morearityrf.....Kelly
Garblercf.....Yates
Richardslf.....Borcharding
Tomorrow afternoon's games follow:
Alpha Sigma Phi vs. Alpha Theta Chi, 4 p. m.
Phi Gamma Delta vs. Phi Kappa Psi, 6 p. m.

BIG SPEAKERS EXPECTED AT STUDENT CONFERENCE

Annual Meeting of Men From Middle West School at Estes Park, June 17-26

The annual student conference for men in the colleges of Colorado, Kansas, Nebraska, Wyoming, Utah, Montana, and New Mexico will convene June 17th to 26th at Estes Park. This is only one of many conferences that the students of American colleges attend each year.

This year's conference at Estes Park promises to be the best of any yet held there. Col. Raymond Robbins, the millionaire philanthropist of Chicago, who has just recently returned from Russia, is only one of about thirty equally strong and capable leaders, who will be at this conference.

Besides the leaders, other things at this conference offer inducement to those contemplating attending. The scenery of the Park, its lakes, rivers, and snow-capped mountains are the most wonderful in the world. Since the afternoons are open for recreation and hikes, many of the delegates take advantage of this and climb the various peaks.

The intercollegiate fellowship that is built at a conference like this is one

CHANCES FOR PENN TRIP LOOK BRIGHT

Ready Response is Made to Stewart's Appeal for Necessary 400 Dollars

Sixteen Fraternities Pledge 20 Dollars Each—Girls' Organizations Contribute

It seems certain that the necessary funds to send the relay team to the Penn Relays Saturday will be raised. Sixteen fraternities pledged twenty dollars each as soon as the appeal was made to them and one sorority. Alpha Chi Omega, sent in \$21 yesterday noon. The W. A. A. hit the ball yesterday and OK'd a twenty-five dollar appropriation. The team will have to leave this evening and the final dash for funds must be completed by noon.

Donations from sources outside the university have been sent to Coach Stewart but it is evident that the funds must be raised by the students. The opportunity to enter the big Philadelphia event came like a flash and the campaign has been a last minute scramble. With the time so limited the Cornhusker athletic director appealed to the fraternities for aid and the response came immediately. Many loyal alumni gave substantial evidence of their active interest in the school as soon as the need was known. Everyone is confident that the needed four hundred will have been secured by this noon but it is not at all a certainty. When the men are actually on the train speeding on toward "Philly" tonight.

Great Experience! Great Experience! Writes M. M. Fogg

"Great experiment—great experience", writes Dean M. M. Fogg, director of the college of journalism at the A. E. F. University in Beaune, Cote D'or, France, in an interesting letter to Dr. G. E. Condra of the university, dated March 19th. Director Fogg, formerly head of the school of journalism at the university, left Lincoln the first of the year to take up this work among the soldiers in France. Letters addressed to him at the above headquarters, care of P. O. 909, will be received. He says of his experiences as follows:

"I am now at the head of a college, which I have organized the last five weeks. There are over 400 registrations in this college of journalism, and 6,000 students at Beaune. I arrived in Paris February 1st. The Army Educational Commission offered to me the educational directorship of the Havre area—one of the small divisions into which France is divided—and an automobile to ride about this country. I was just about to accept when Erskine of Columbia said that I should be in charge of argumentative English and journalism in the American college. I arrived at Beaune February 14th.

"We have a 'live-wire' faculty of thirteen, including three captains. The ex-city editors of many prominent American newspapers such as the Kansas City Star, Atlantic Constitution, and Milwaukee Journal, are represented here.

"This is a beautiful place in the Burgundy vineyard country, and there are many spots of great historic interest to be seen. I was one week in England, and spent nine days in Paris. Recently I wrote a manual of argumentation for 150,000 students in the post schools.

"At present the 'bug' representing French colds seems to have the better of me, but as yet I have escaped the hospital."

Director Fogg—"they are called Directors here and Deans at home," to quote him, did not state in his letter how long the courses would continue, or when a new semester would begin.
