DIRECTORIES ARE
 PROMISED EARLIER
 FOR PRESENT YEAR

Work has started on the new university directory, the names and addresses of the students and faculty are being listed. Letters will be sent to all sororities and fraternities asking for list of members and home and Lincoln addresses. A similar letter will be sent to all Campus organizations in order that the list of officials may be included. These letters are to go out during the week and a prompt response on the part of all organizations will greatly facilitate prompt publication of the directory.

The purpose of the directory is to give the Lincoln and home address of the students and the faculty, also the officers of the campus organizations, campus telephone numbers and locations and complete membership of each sorority and fraternity at the University of Nebraska.

The directory will be out earlier this year than ever before. At a later date, definite information will be given out as to time of publication and distribution.

W. A. A. GRANTED
 CONCESSIONS FOR
 FOOTBALL GAMES

The Women's Athletic Association met to the first time this year, Wednesday evening, in the gymnasium. The new by-laws were read and approved, after which extensive plans for broadening the scope of women's athletics in the university, were discussed.

The association has been granted the concession to sell refreshments at all football games played on the Nebraska field this season, and will receive all that is cleared over one hundred dollars.

Next Wednesday evening at five o'clock there is to be a W. A. A. hike and weenie roast. All members of the association, and girls interested in physical education are urged to attend. Many such events are to be planned during the year, in order that more girls will become interested in athletics, and will become better acquainted with the purposes and work of the association.
