### RALLY AND TORCHLIGHT PARADE ON EVE OF FIRST HOME GAME

Students Will Gather for Monster Pep Fest and Snake-Dance

Thousands of Cornhuskers to March Through Downtown Section

Three thousand loyal Cornhuskers will join hands tonight in the biggest parade ever given by the student body. At 7:30 sharp, soon after dusk has fallen, the Armory will be filled for a short mass meeting. Immediately following the rally a huge serpentine parade will wind through the business part of town, ending up at the Lincoln hotel where it will serenade the Notre Dame squad.

Dr. Maxey, Guy Reed, Coach Schulte and Captain Dobson will be featured as the pep-injectors at the Following these snappy speeches the new cheer leaders will direct the students in the school yells. Profesor Scott's new chant will receive particular attention especially to prepare for the appearance of the Notre Dame aggregation on the football field tomorrow after-

A line for the parade will ye formed outside after the short pepsession. Forming on 12th street, and led by the band the snake-like line Lecturer Closes Series in Comof torches will go down Q street to 16th, south to O, and thence to 9th street, ending up at the Lincoln hotel. An endeavor will be made to Bahan of the Notre Dame team to

For the torchlight parade a large number of oil torches have been seturned in.

#### SALE OF TICKETS FOR LAW HOP OPENS TODAY

Plans for the junior law hop to

Arrangements have been made to make this dance come up to the standard of law hops in former years. Tais is to be the first subscription party given by any university organization this year.

The party will be informal. It is a semi-annual event which the laws give. They promise to put all of the proceeds from the sale of tickets into the various features of the party. Tickets are \$1.50 each including war

The number of tickets validated is limited. Tickets may be purchased from any of the following persons, members of the committee: Glen Foe, William M. Holt, Fay H. Pollock, Leonard W. Kline, George Farnam, and Dana Harper.

#### VARSITY DAIRY CLUB WILL HOLD RECEPTION

reception for the Nebraska Dairy Thursday evening, October 16, at 8 o'clock.

A very interesting, as well as en tertaining program has been arranged by the organization committee, as follows:

The Waterloo Show, D. Q. Douglas. Some of the Good Ones we Met in Wisconsin, Phil Campbell.

"Sidelights" on Commercial Dairy Plants in Chicago, H. C. Noyes. How the Coaches "lined 'em up,"

Prof. B. H. Thompson. The "big Show" at Chicago, L. W. ingham.

Presentation of Medals to Members of Team, Prof. J. H. Frandsen.

of Club). Refreshments.

### CONVOCATION THURSDAY A RARE MUSICAL TREAT

Of yesterday's convocation Professor Dann says: "Those who were resent at convocation enjoyed a fine rendering of Beethoven's Sonata in D major for violin and plane. The pure style of the great composer received most fitting illustration in the finished to make all technical difficulties vangust Molzer and Mr. Carl Beutel. Mr. Molzer's mastery of the violin seemed to make al technical difficulties vanish, and Mr. Beutel at the piano supplied the background of finely modulated color and harmony. Some fine music so well presented is truly a means of grace and all those who willfuly and habitually neglect such opportunities are hereby warned that in so doing they are losing out on something worth while."

### NEW CAFETERIA TO BE ESTABLISHED

Lunch Room for Students Will be Opened in Basement of Temple

in order to get a bite to eat at noon taken by university authorities to esgestion of all eating places in the city of Lincoln has become a serious question to the student. The cafeterias in the Temple and at the state farm are overcrowded every day, and private lunch rooms and cafeterias prize. are almost inaccessible, due to the fact that students must remain in line nearly their whole lunch period under present conditions.

The old banquet room in the basement of the Temple will be converted by the university into a large cafeteria. Chancellor Avery has consulted with the regents in regard to the plan and they were heartily in favor of this action. Facilities will be provided soon, whereby the university will be able to feed twice as many students as they can accommodate undre present conditions.

basement of the Temple building will gether with the humorius story by The temporary partitions in the be torn down, and the entire basement Sadie Finch are featured in this wil be renovated and redecorated. Part of the rooms of the old Tempte High School will be converted into sity faculty. The new cafeteria will occupy the room formerly known as the Temple banquet hall.

The chancellor says, "We hope that astic outburst upon his arrival. As ency." It may be said here, that even a key-note of his third address, and a now the prices of articles of food at fitting climax to the two previous the university cafeteria are lower than lectures in which the problems and at many other schools. ### WILL BE EXTENDED RESPECT FOR NOTRE DAME'S PROWESS GROWING AT NEBRASKA

FINE ARTS ORCHESTRA GIVES CONCERT SUNDAY

Next Sunday at 3 o'clock the first of the Fine Arts concerts will be held in the Art Gallery. A concert will be given every Sunday during the winter by the orchestra and the advanced students in the School of Fine Arts. It is now a requirement that every senior appear in public concert twice a year and every sophomore and junior once during the school year These concerts have been planned with this in view and it is expected that some very interesting concerts will be given. All students in the university and any one who would care to attend this concert are urged to attend next Sunday's concert. The first exhibition of the paintings of Miss Elizabeth Spaulding who has attained more than local fame in her native state, Colorado, will be held

braska University Memoir of Part in World War

L'Universite de Paris has sent to the University of Nebraska a beautiful bronze medal significant of Nebraska's part in the world war. It was received by the Chancellor yes. braska's goal line, then George Gipp. terday and a French letter from the renowned Hoosier, will promptly vice-rector and president of the council of the University of Paris, accompanied the gift.

somely engraved, is a souvenir of the European war. Duplicates have been this direction. sent to the more prominent universities of the allied countries, and several have been received by colleges in the United States.

Chancellor Avery wrote that the Uni D. coaches are anything but disversity of Paris has given this medal couraged over prospects of victory ir representing science, in the service of right. It recalls the services rendered by the teachers and students considerable time to booting the both on the fields of battle, and in oval across the bar from difficult the silence of the office or the labora- angles. He registered several pretty tory. The words covering the face of drop kicks fro mthe forty-eight yard the gift are: "science, freedom and line. Coach Rockne shifted Captain instrument of justice." This inscription tells the story of a delivered humanity in six simple words.

The president of the council at Paris also stated that the University backfield, the aggressiveness of a of Paris decided to offer a replica of light line, the accuracy of George this medal to each of the universities | Gipp in scoring field goals, the N. D. of the allied countries, and because of squad is prepared for the invasion the many colleges in this country only of Nebraska. The latter element in a few of the larger institutions received the medal. The vice-rector thanked the University of Nebraska for the brilliant part which her protessors and students have taken in the common victory and he said that France prays that America and the Universities of the United States will consider this medal as a testimonial dence of Notre Dame's confidence. of the fraternal friendship of that country.

Members of the university faculty, students, and especially men wno were formerly in the service are invited to stop in the office of the chancellor and examine the medal. It is enclosed in a case, faced in blue, with the inscription: "L'Universite de Paris a L'Universite de Nebraska." The the gridiron game. It will be the medal will ultimately be placed in the university museum where it will have tackled yet and victory is by be preserved.

### HOLD INITIATION

initiation Wednesday night at the the Nebraska is slightly less than Farm campus with one hundred for 180 pounds so the Cornhuskers have ty men present. About sixty-five new no great advantage in beef over the members were clothed in full glory of real "Ag" club men.

Invaders of Husker Territory Will Bring Powerful Backfield

Artistic Toe of George Gipp May Prove Deciding

The sun shone again yesterday and the Husker warlors were out on the sawdust field bedecked in their new heather green jerseys. They tore through the doughty Freshmen for a couple of touchdowns in ten minutes of scrimmage. Schellenberg was the only veteran missing and he is resting up for the big show Saturday.

Several old Nebraska stars, among them Ed Shaw, John Gross, Jim Harvey, and Kositzky were out on the field helping round out the machine. The Cornhuskers await with confidence the coming of the South enders.

The probable Nebraska lineup for he Notre Dame game is as follows: Kelogg-right end.

Hubka-right tackle. Young-right guard Day or Munn-center. W. Munn-left guard. Lyman-left tackle. Swanson-left end. McGlasson quarter Dobson (C)-right half. Schellenberger or Howarth-left

Dale-fullback.

It Notre Dame's all-powerful backfield fails to carry the ball over Neseize his ninety horse power boot and register a dozen field goals. This augers bad for Cornhusker hopes. But if the following press notices The medal, quite large and hand- from Chicago papers are true, there is no small quantity of danger from

Notre Dame, Ind., Oct. 15 .- "With the backfield showing all kinds of speed, with the regular line refusing to yield a single down, and with the The vice-rector in his letter to squad in fair physical condition, N. in the tilt with the Cornnuskers Sat urday. Gipp's toe is expected to play a prominent part in the Hossier score. The big boot artist devoted Behan from quarter to half and gave the engineer's station."-Chicago Tri-

Notre Dame, Ind., Oct. 15 .- "Dependent upon the speed of a tast locals' attack against the Cornhuskers may be a prime factor in the results. Gipp hoisted the oval across the bars from forty-eight yard line today with no mean degree of accuracy. The team will leave for Lincoln Thursday."-Chicago Herald & Examiner

The above clippings are good evi-Coach Schulte realizes that Gipp is a wizard in the kicking department and is devoting considerable time to drilling the line in blocking attempted field goals. The man who can boot accurate drop kicks at difficult angres from the forty-eight yard line will be a potent factor in any game.

Nebraska must face a team well skilled in every phase and tactic of toughest proposition the Huskers no means a certainty. The idea is prevalent that the Cornhuskers have the Indiana team greatly outweighed, but this not the case. The Notre Dame line averages 174 pounds, the backfield 162 pounds and the entire team The Agriculture club held its annual 170 pounds. The average weight of Hoosiers.

### Nebraska Fraternities Take First Step in Friendly Exchange of Guests and Ideas ing and sending a guest each week, other organization. It will afford a

Chapters to Promote Good Fellowship

In an effort to promote friendliness year. between the twenty-one fraternities represented at the University of New pected from this mixing of fraternity troubles that have been too often braska and to eliminate the competition and bitterness that has at times been noticeable between Greek organizations, the fraternities themselves have undertaken a plan of exchanging guests one night each week, for the express purpose of making new Judging Team at the Dairy auditorium acquaintances and learning first hand the good points in each of their fel-

low organizations. This plan was introduced following discussion of the relations between Nebraska fraternities at a meeting where most of the organizations were represented, held this past week at the Delta Tau Delta house. The present plan calls for an exchange of one guest each Tuesday evening during the college year, that guest to be entertained at dinner at a chosen chapter house and to spend the early part of the evening there meeting the men and exchanging ideas and plans. It is hoped that the plan will do much to improve the relations be-Business Meeting, (Reorganization tween the organizations and that it will help in making the entire fraternity college world more democratic The above program will be made and less selfish. Will Make Weekly Visits Between they can not hope to complete the common meeting ground for all orprogram but it is evident that the or- ganizations to plan and suggest ganizations are willing to endorse the change sthat will lead to the better idea and will push it for the coming fraternity conditions and more favorable consideration from people over Some of the benefits that are ex- the state. It will eliminate the members will soon have speaking ac- rush week and while working for vari-

It is the first time that any plan calling for such general mixing of fraternity men and ideas and ideals has been attempted at Nebraska. The ones responsible for the inevcation hope to see the exchange begin next Tuesday and continue through the entire school year and then be made a B3523 custom at Nebraska. It is supposed that the inter-fraternity council while not sponsor for the plan, will consider it favorably and may be expected to endorse the exchange at its next meet-

Feeling between various organizations has been sometimes so bitter that it developed into a near feud. Fraternities in years past both in older colleges and at Nebraska it is claimed have used almost any means to ridicule their fellow organizations without realizing that in so doing they were injuring the entire fraternity system and their own interests as much as their competitor's interests. It is an effort to apply the spirit of fraternity to the entire group of organizations.
