GIRLS TALK OVER INDUSTRIAL FIELD

Thirty Meet for Informal Discussion on Problems of Women's Work.

Miss Anna Owers, National Y. W. C. A. Secretary, Here for Conference.

Miss Anna Owers, national Y. W. C. A. secretary for the North Central field, informally discussed "Industrial problems" with some twenty or thirty girls who gathered in Faculty Hall, Sunday afternoon. Two other national officers, Miss Winifred Wyal, student secretary of the North Central field, and Miss Dunbar, financial secretary, also took part in the program. The three are in Lincoln attending a conference with the Y. W. C. A. secretaries of the city.

The scope of Miss Owers' thinking on industrial questions is world-wide. She attended the world convention of the Y. W. C. A. at Berlin in 1910, where resolutions were passed to study the significance of the social teachings of Jesus and to study the conditions of women in industries. In her present office, while visiting the local organizations of the North Central field, she represents the nation. In doing this she represents many classes, as she gave figures to show: for, out of the 350,000 members of the national Y. W. C. A. organization, 62,000 are students, 30,000 are engaged in industries and the remaining 258,000 are scattered among many classes. The 30,000 industrial members of the Y. W. C. A. come from a class of 2,000,000 women workers in the United States.

The National Industrial Conference of the Y. W. C. A., which Miss Pauline Meyer of this city attended at Washington last October was the first ever held and was the climax, Miss Owers said, of smaller industrial conferences. These have been held annually in the North Central field for the last five years. The national conference voted to favor (1) an eight hour day and a forty-four hour week; (2) one day's rest in seven; (3) no night work for women; (4) a minimum wage based upon the cost of living in the community; (5) equal pay for equal work and (6) the right to organize and bargain collectively.

Students Have Part.

Speaking of the part of the student, Miss Owers said, "I think the more the university girls and the working girls can work back and forth in the discussion of these problems the better it will be."

The girls were given an opportunity to ask questions, and many accepted the invitation. The methods of en-

(Continued on page 3)

STUDENTS URGED TO TAKE SNAPS FOR ANNUAL

The student life section of the Cornhusker is calling for pictures and snapshots of university students. The annual for 1920 will not be complete without these glimpses of campus activities, student groups, and informal photographs, stiff, stereotyped pictures are not desired, and this may encourage students to send in their efforts for this year's annual.

Photographs or "snaps" in order to be accepted do not have to be accurate in detail, and uniform in grouping. If the pictures convey an original idea, or if they give the gazer an insight into a bit of campus life, they will be worth far more than technically correct pictures that tell no story.

The student life section of the Cornhusker relies almost exclusively upon the ability of the Huskers to do a little outside photographing. It takes only a minute to get a few snapshots of "the bunch" as they leave for a "one o'clock" when the sun is high. If every student who reads this article would take one picture telling a vivid story of campus life, the student life section of the 1920 Cornhusker would not only be filled, but would far surpass that of any other year in point of interest and real humor.

ENROLLMENT FOR SECOND TERM NOT YET COMPLETE

Registration for the second semester is not yet complete. The delay has been caused by the great number of students who are sick with the influenza. The deans of the different colleges do not expect to have figures completed until Friday.

Although figures for the second semester are not yet complete, the registration is greater than any former mid-semester in the history of the school. This is due, in part, to the large number of high school graduates entering the university, ex-service men returning to the university and men who have been granted vocational education by the United States Government.

INTER-COLLEGE TEAMS TO FIGHT IN MARCH

Cup and Five Medals Offered to Winners in First Basketball Tourney.

All managers of the college basketball teams are requested to get in touch with Coach Schissler before Wednesday. The coach has some important information regarding the inter-college tournament which every manager should know.

The inter-college basketball tournament is scheduled to take place immediately after the state high school tournament, which will be the second week in March. It will be an elimination tourney and all of the college teams will be eligible to compete. The schedule has not yet been drafted but will be announced in the near future. The games will be played on the Armory floors.

A Lincoln business firm has donated a cup and five individual medals which will be presented to the winning team. This will no doubt make the competition considerably keener. The few games that have already been played have given promise of a lively scrap for the championship. These games will have no bearing on the titular honors, however, which will be decided wholly by the tournament games.

R. O. T. C. MEN ARE RECEIVING EQUIPMENT

Uniforms for the men in the local R. O. T. C. unit who have not yet been issued clothing have been received and will be given out soon. The department expects to receive rifles for the men in the near future.

A small number of men have been enrolled in the motor transport corps and will be trained during the semester by Lieutenant Challice. Registration in the military training department this semester has fallen short of that of the first semester. Companies with an enrollment of fifty to sixty men have had their number cut in half. It may be necessary to consolidate these companies.

The military department headquarters have been changed from the Armory to Room 202, Nebraska Hall. Men who have completed their course in military training and who wish to turn in their uniforms are asked to do so at once at the new headquarters.

LINCOLN HIGH TO MEET BEATRICE TOSSERS FRIDAY

While the Nebraska-Indiana basketball series, dated for next Thursday and Friday nights at the armory, will be the big attraction in local sport circles, the Cornhusker-Hoosier contests will not be the only games, in which capital city enthusiasts will be interested. Lincoln High School will meet Beatrice High School Friday evening at the city Y. M. C. A. gymnasium. Lincoln High is a strong bidder for Class A honors, and expects to run away with the championship. Early games have been watched with interest by university students as well as former Lincolnites and it is believed that Friday's game will eclipse all others from the standpoint of "pep" displayed by those on the side-lines.

LECTURE COURSE TO BE PRESENTED

Ten Programs Will be Given in Lincoln High School Auditorium.

Many Members of University Faculty to Speak on Interesting Subjects.

A series of ten lectures and recitals will be given in the auditorium of the Lincoln high school, beginning Thursday, February 5, and continuing every Tuesday and Thursday evening until the course is completed.

"We aim to give the people the results of study and investigation without burdening them with technical details," was the statement of the committee, of which Rabbi Jacob Singer is the chairman. "These lectures will bring the library, the laboratory, and the conservatory within the reach of laymen."

Many members of the university faculty are included on the program which is as follows:

- Feb. 5—"The Continental Drama".....Prof. Paul H. Grummann
- Feb. 10—"The Irish Question".....Prof. Guernsey Jones
- Feb. 12—"Socialism".....Prof. J. E. LeRoussignol
- Feb. 17—"Birds".....Mrs. A. E. Sheldon
- Feb. 20—"George Washington".....Prof. R. E. Cochran
- Feb. 24—"International Relations and America's Responsibility".....Prof. Laura B. Pfeiffer
- Feb. 26—"The Cathedral of Rheims and other Gothic Churches".....Prof. William F. Dann
- Mar. 2—"Nebraska Trees".....Prof. R. J. Pool
- Mar. 4—"Dramatic Reading, Uni. Players".....Prof. Alice Howell
- Mar. 9—"Piano Recital".....Prof. Sidney Silber

To defray actual expenses there will be an admission charge of ten cents a lecture or a dollar for the entire course.

City Fire Laddies Visit The Achoth's

The Achoth sorority experienced its first fire of the year at 7:15 o'clock Monday morning when sparks issuing from a chimney of a neighboring house ignited the Achoth roof causing slight damage.

The city fire department answered the call made by one of the freshmen who discovered the flames as they leaped skyward. The fire fighters after thirty minutes of hard labor succeeded in extinguishing the flames.

After a careful invoice made by the occupants of the house it was discovered that the flames or the copious supply of water administered by the fire laddies failed to destroy much haberdashery and other personal property. The girls were consuming their morning repast when the alarm was sounded. It is reported that more damage was done in the dining room when the girls rushed for safety than the damage made by fire and water.

The president of the chapter stated yesterday morning that every member arrived at their eight o'clock classes on time.

REX ELTON FAIR WILL PLAY AT CONVOCATION

Rex Elton Fair of the University School of Music assisted by Lawrence W. Robbins and Miss Florence Holland will give the program at convocation Thursday morning at the Temple. It will consist of the following numbers:

- Sonata for Flute and Piano.....A. Terschak, Op. 16
- Lawrence W. Robbins, Pianist
- Kinloch.....J. Occa
- Air and variations for Piccolo
- Nocturne.....Fr. Chopin, Op. 9
- Serenade Russe.....W. Popp Op. 261
- Miss Florence Holland at the Piano

COMMITTEE PREPARES FOR VALENTINE PARTY

Preparations for the all-university valentine party to be held February 14th, are going ahead with full speed. Harvey Glebe and Herbert Gustafson are to be in charge of the check stand. Last year there was a great deal of confusion and dissatisfaction caused by the way in which this was handled and this year particular care will be used to make this feature both efficient and speedy.

Committee appointments for the fun-fest have been published, but through error James V. Cramer was left off the advertising committee.

MRS. RYONS WILL TELL HOW TO REDUCE H. C. L.

State Manager of Campaign Against High Prices to Speak at Vespers.

Mrs. Charles G. Ryons, state manager of the campaign against the high cost of living, will speak at vespers, in Art Hall, five o'clock Tuesday. Dean Amanda Heppner, a member of the state committee, has charge of the organization of the campaign in the university.

The campaign is based upon the theory that the consumer can help reduce the cost of living by practicing economy and refusing to pay exorbitant prices. Mrs. Ryons will speak on some phase of this.

Mrs. Ryons lives at Grand Island. During the war she was food administrator of Hall county. Concerning this, Governor S. R. McKelvie made the following statement: "Hall county had a very good record during the war, due largely to her ability as an organizer." Mrs. Ryons is president of the Woman's Club at Grand Island. Besides her office as campaign manager, she has recently been appointed fair price commissioner for Nebraska.

The date for the university's part in the campaign has not been set. A delay has been necessitated by the examinations last week; but there is no time limit to the campaign, and Miss Heppner is now forming definite plans for the organization of the university.

JUNIOR GIRLS WIN IN HOCKEY TOURNAMENT

The W. A. A. held its annual hockey tournament at the athletic field Saturday morning. Each class was represented by a team made up of girls who had each practiced ten times. In the semi-finals the juniors won from the freshmen 3-0, and the sophomores defeated the seniors 1-0. In the finals the juniors carried off the big end of the score, and won from the sophomores 4-0.

The captains of the four class teams were as follows: Seniors, Marjorie Haycock; juniors, Mary Stephens; sophomores, Grace Dobish; and freshmen, Margaret Ulry.

The teams were incomplete because many had gone home to spend the latter part of examination week. A fair-sized crowd witnessed the games. These matches conclude the hockey season at the university and the girls will now begin practicing for basketball.

STUDENTS FACE BOARD AND ROOM PROBLEMS

The university is again facing a serious shortage of rooming and boarding accommodations as the beginning of the new semester with its influx of new students approaches. Several hundred students are expected to be short of rooms according to the present lists at the Y. M. C. A. and the Y. W. C. A. bureaus. Many are at present staying at hotels and paying regular hotel rates. Free service is rendered by the Y. W. C. A. at L5599 and by the dean of women at B6144.

These days the innocent bystander is a chump for being so innocent.—Atchison Globe.

HOOSIERS COME NEXT FOR CLASH

"Jumbo" Stiehm's Indiana Warriors to Fight Huskers at Armory Thursday and Friday.

Huskers Will Prove Their Ability Against Contenders for Big Ten Title.

A basketball classic which no fan can afford to miss is in store for Nebraska basketball enthusiasts this week, when Coach Schissler's doughty Huskers clash with "Jumbo" Stiehm's Indiana Hoosiers in the Armory on Thursday and Friday nights. These will be the most important games of the season so far and the heretofore victorious Cornhuskers will be given a chance to show their ability against one of the strongest teams in the country.

The Hoosiers have been making rapid strides in the race for the Big Ten title. Recent victories over Michigan, Ohio State, and Northwestern place them at the very front in the Big Ten standing. Stiehm's team defeated Northwestern to the tune of 32-11 and Northwestern is credited with a win over Iowa. Iowa in turn won from the strong Chicago five, which is rated as one of the strongest contenders for the championship. At present Indiana and Illinois seem to be the leaders in the Western conference race.

A victory over the Hoosiers will place the Huskers in the first division of middle-west basketball teams. As the Cornhuskers do not play any Missouri Valley teams this year, it will be somewhat difficult to determine their status among the Valley teams. There is little doubt, however, if the Huskers win over Indiana, Notre Dame, and the Michigan Aggies, that they could hold their own against any five in the Missouri Valley.

Huskers in Stiff Scrimmage

Coach Schissler put the Huskers through a stiff scrimmage with the freshman tossers last night. Every man on the varsity squad was used against the Yearlings and a thorough work-out resulted. Coach Schissler is leaving no stone unturned to prepare the Husker tossers for the stiff contests with the invading Hoosiers. Schissler fully realizes the calibre of basketball the Cornhuskers must play in order to win from the Indiana team. When the news was received regarding the defeat of Northwestern by Indiana the coach said:

"Nebraska must play 100 per cent (Continued on Page Four.)"

INFLUENZA EPIDEMIC SHOWS IMPROVEMENT

The epidemic of influenza, which has spread throughout the university, in a light form, during the last few weeks, is improving.

Some fraternities have reported as high as ten or twelve cases. Practically all are well or improving now. Professors McPhee, Babcock, Gass and Frye are ill. Some of the students who were taken ill returned home, some were taken to hospitals, while others were quarantined in their rooms.

Dr. Philbrick said that the epidemic is not serious. Very few cases are alarming this year, because the heart and lungs are not affected, as they were last year. Because of the difference in the symptoms, she even expressed doubt whether the epidemic is the same.

Regarding this, Dr. H. H. Waite, of the department of biology, said, "I think that this is certainly influenza, but it exists in a lighter form than it did last year. Of the cases which I have seen, the same symptoms exist, but in lighter form." Then he added, "La grippe is the French word for the disease and influenza is the Italian. They both mean one and the same thing."

One university student, James Duncan, has received word of the death of his sister from influenza. There have been no fatal cases in the university and few outside.
