H. C. L. CAMPAIGN TO BE LAUNCHED

Prominent Speakers at Tuesday's Convocation Will Show How Existing Financial Conditions Affect Students.

State Movement is Effort by Consumers to Reduce Cost of Living by Practicing Economy.

The campaign against the high cost of living, as it affects university students, will be explained at convocation, in the Armory, 11 o'clock Tuesday. Chancellor Avery will preside, and Mrs. Charles G. Ryan, state manager of the campaign, J. O. Rankin, professor of rural economics, Ruth Hutton, Arts and Science, '20, and Harry L. Reed, Arts and Science, '20, will speak.

This is a state campaign. It is an effort on the part of consumers to reduce the cost of living by economy. Dean Amanda Heppner is the university representative on the state committee appointed by Mrs. Ryan. Miss Heppner has charge of the campaign in the university. She has planned this convocation for the student body. After that, the campaign will be carried on concretely through school organizations.

The innocents and the Black Masques are working for a large attendance at Tuesday's convocation. The yare talking about it to their friends and announcing it at meetings of fraternities and literary societies. At their suggestion, the university band will play in front of the armory before convocation. Further publicity is given through posters.

The subjects of the speeches have not been definitely announced, but Mrs. Ryan's speech will probably cover the economy movement in a general way. Mrs. Ryan has addressed many Lincoln audiences during the past week. She has a clear enunciation and has always something definite to say. Professor J. O. Rankin has been chosen from a department closely related to the campaign—that of rural economics. The other speakers, Ruth Hutton and Harry L. Reed are both prominent seniors. Miss Hutton is a member of Black Masque, W. S. G. A. and Y. W. C. A. cabinet. Mr. Reed is a member of Bushnell Guild, the innocents society, and Phi Delta Phi. Miss Hutton will probably discuss the girls' phase of the campaign and Mr. Reed the men's phase.

Chancellor Avery will appear at convocation, Tuesday, for the third time during this school year. The occasions of his other two appearances were the opening convocation of the first semester and the special convocation in December when the fuel situation was presented to the students. At both of these, standing room was almost at a premium and it is hoped that an equally large number will attend the Tuesday meeting.

HEAVY REGISTRATION IN DRAMATIC DEPARTMENT

Miss Alice Howell, head of the dramatic department, declares the department is experiencing one of the heaviest registrations in years. The enrollment in the freshmen classes is unusually large this semester which is an indication of the coming popularity in dramatic work.

"Under Cover" and "It Pays to Advertise," presented by members of the University Players, will both go out over the state University Week, and an evening's entertainment made up of skits and sketches will be staged by representatives from the different classes. Most of the skits and sketches will be drawn from the original plays written in Fine Arts 57 class.

The University Players are now working on "The Witching Hour," the leading part being taken by Herman Thomas. It is planned to present the play some time in March.

An Atchison man is so dirty he would make a good Eskimo.—Atchison Globe.

TEACHERS NEEDED OVER ENTIRE UNITED STATES

The report for the month of January in the bureau of professional service at the university shows that 173 towns called for a total of 287 teachers. Recommendations were given for 318. Twenty-seven requests were made for whom the bureau had no candidates. Fourteen states besides Nebraska asked for teachers, namely, Montana, Missouri, Idaho, South Dakota, Arizona, Iowa, Illinois, Kansas, California, Oklahoma, Colorado and Wyoming. Superintendents are calling upon and writing to the bureau for teachers for the coming year of school.

The need for experienced and well trained teachers was never more imperative than it is now. The teachers' college is well prepared to "teach teachers," and the new building and working facilities aid in carrying on this important work. Thousands of teachers' positions are unable to be filled in this country because of ill-preparation and scarcity of men and women in the teaching profession.

ART EXHIBIT OPEN FEB. 16 IN LIBRARY

First Time Nebraska Art Association Has Held Exhibition on Own Responsibility.

The opening exhibit of the Nebraska Art Association will be held Monday, February 16, in the art gallery of the university. Mrs. C. F. Ladd is chairman of the reception committee. The university orchestra will play and a short introductory talk on exhibition pictures will be given by Dr. H. B. Lowery. This is the first time the association has undertaken to hold an exhibit on its own responsibility. In other years collections were booked from place to place and were brought to Lincoln as a part of the regular circuit.

Important paintings have been secured from twenty-five artists of the first rank. There will be pictures of still life, landscape and figures. Practically all are modern in their treatment. In addition to the general collection there will be a collection of seventy mural studies in color by Allen True of Denver. His work on the Wyoming state capitol and Denver public buildings has attracted much attention.

During the exhibition it is planned to have a series of gallery talks by representative speakers of the city and university. On Wednesday the school teachers of Lincoln will attend the exhibition. Miss Grant will address them on the paintings. Arrangements have been made by which the pupils of the public schools will attend during the morning hours, leaving the gallery free in the afternoon for regular visitors. Arrangements are also being made for stereopticon slides on the history of American painting. Slides have been secured from the American federation of arts in Washington and will be shown at stated intervals throughout the period of the exhibition.

Every Friday at four p. m. Prof. Blanche Grant will give an informal gallery talk to visitors. Especial effort will be made to interest the general student body in the season privileges of the association. Mrs. Maurice Deutsch, chairman of the membership committee, has general charge of this campaign.

The exhibition will be open to the public from nine a. m. until five p. m. and from eight p. m. to ten p. m. The patroness idea, as in former years, will be carried out. The wives of stockholders and contributing members will act as hostesses of the exhibition.

SECOND ISSUE OF BLUE PRINT IS READY TODAY

The second issue of the Blue Print is out today. It will be devoted chiefly to discussion of electrical transmission. The Blue Print is published by the Engineering Society of Nebraska four times during the college year. H. L. Hubbell is editor and C. T. Minnich associate editor of the magazine.

LUEHRING TAKES ATHLETIC JOB

Former Princeton Man Officially Accepts Chairmanship of Physical Education Department.

He Has Had Extensive Training at Chicago and Ripon After His Graduation from Northwestern.

Fred W. Luehring has officially informed the Board of Regents that he will accept the position of chairman of the combined departments of physical education and athletics and will enter upon his new duties September 1, 1920. As chairman of these two departments Luehring will virtually be known as director of athletics. Luehring was elected to this position last summer by the Board of Regents and at that time it was understood that he had accepted the position.

Mr. Luehring has been in Lincoln for the past few days looking over the situation at Nebraska. He desired to make a thorough survey of the advantages and needs of the school before accepting the proffered chairmanship and making a move of some three thousand miles. After carefully considering the matter, Mr. Luehring came to the decision that a desirable athletic future was in store for the Cornhusker school and declared his willingness to serve in the capacity of director of athletics.

The athletic career of Fred W. Luehring has been one of considerable extent. After graduation from Northwestern University, he took up graduate work at the University of Chicago. Basketball was his chief sport while at school and he was elected by several critics as an all-western guard. After graduation he served as athletic director at Ripon college for four years, and while there produced three championship basketball teams and two championship football teams. The new gymnasium and quarter-mile running track at Ripon are results of his supervision.

In 1911 Mr. Luehring went to Princeton as director of physical education and intra-mural athletics. He also coached Varsity basketball. At the present time he is still serving the New Jersey school in this capacity. Mr. Luehring belongs to the Society of College Directors and the Athletic Research Society. He is a member of the Phi Kappa Sigma fraternity. His acceptance of the Nebraska championship foretells great achievements for the Cornhusker school.

WYER DENIES REMOVAL OF LIBRARY TO CAMPUS

Librarian Says Authorities Have no Intention of Taking State Volumes from Capitol.

Malcolm G. Wyer, librarian of the university, in a letter to Chief Justice A. M. Morrissey of the supreme court, denied rumors that the university authorities were attempting to secure the removal of the entire state library to the university campus.

He explains that it is only the intention of the university to develop the collection of general and miscellaneous books for the university library, making it the reference library of the state. There is no intention to make an attempt to remove the state law library from the capitol or from the control of the supreme court, he says.

His letter to Chief Justice Morrissey follows in detail:

"Dear Sir:—I am taking the liberty of writing you to explain certain points concerning the library situation with which you may not be familiar.

"The statement has been made that an effort is under way to transfer the whole state library to the university campus. Such a plan has never been favored or advocated by any one representing the university administration, nor indeed have I ever heard it suggested by anyone. (Continued on Page Four.)

IMPORTANT MEETING OF LEGION THIS WEDNESDAY

Important matters will be taken up at a meeting of the University Post of the American Legion at 7:30 p. m., Wednesday February 11. The resignation of the present commandant will be tendered; some important communications from Nebraska State Headquarters will be considered; and the Davey Sedition Bill and Anderson Language Bill will be discussed.

Tickets for the American Legion Dance may be obtained this week. All ex-service men are requested to attend the meeting Wednesday, and it is expected that a number of new legion members will join at that time.

STUDENT COUNCIL HOLDS EXTRA SESSION SUNDAY

The Student Council elected Lawrence E. Slater to the chairmanship of that body at a special meeting Sunday afternoon. Chris. L. Christensen, former chairman graduated last semester. The council is now working on amendments to the constitution, which will be presented at the next election.

UNIVERSITY STUDENTS TO PLAY IN "FI-FI"

Musical Extravaganza Will Be Produced Monday and Tuesday at Orpheum Theater

"Fi-Fi of the Top Shop," a dainty operetta in three acts, will be given at the Orpheum Theater Monday and Tuesday evenings under the auspices of the Lincoln Camp Fire Girls and assisted by a number of university students. The play has been aptly termed an "elaborate dream fantasy," and is a musical extravaganza which would vie with the current comedy "hits" of Broadway.

The leading parts of the fantasy will be taken mostly by university players, and members of local musical circles. The choruses and dances will be presented by members of the various camp fire groups of the city. The production will be one of the most elaborate attempts ever made by Lincoln talent, and is to be one of the social triumphs of the winter season. Costumes and stage settings have been received from New York for the presentation. Many sororities have planned box parties for the performances.

Miss Dorothy Doyle will take the part of Fi-Fi, the dainty Parisian doll of the toymaker's shop. The sparkling lines and clever song hits of the comedy will be spontaneous in producing immediate appreciation on the part of the audience.

The complete cast for the extravaganza is as follows:

Fi-Fi.....Dorothy Doyle
Bonnie, toymaker's daughter.....Gladys Corrick
Sandman.....James Collier
Tackhammer.....Brooks Harding
Inkspot, a black doll.....Grace Staton
Prince Lolly Pop.....Herbert Yenne
Lieut. True Heart.....Melville Cooper
Captain Barnacle.....Larry Rough
Loosey, rag doll.....Melba Bradshaw
Aurelia, witch.....Octavia Beckman
Clown.....Edgar Shoemaker
Joe Swenson
Jap Doll.....Gwendolyn McCoy
Talking Doll.....Marguerite Roper
Doll's Head.....Eva Church
Man in the Moon.....Francis Bartlett

Bo-Peep.....Ethel Upton
Fairy Queen.....Marie Wilson
The Camp Fire Girls will comprise the jumping jacks, china dolls, toy animals, paper dolls, magic letter blocks, bridesmaids, Christmas fairies, and the Christmas chorus.

SENIOR CAPS

The seniors voted last Thursday to wear the mortar-board caps only on commencement day. Forty-six ballots were cast to wear them just at the commencement exercises and thirty-four to wear them the last two weeks.

HUSKERS SMOTHER STIEHM'S CAGERS

Wallop Indiana Five Saturday by Decisive Score of 38 to 18.

Remarkable Showing by Nebraska Strengthens Local Fortifications Against Michigan Aggies.

Rallying from their narrow defeat of Thursday night, the Cornhuskers completely outclassed the Indiana Hoosiers in every department of the game, winning by a score of 38 to 18 on the Armory floor Friday night. Schissler's team hit its stride after the first five minutes of play and from then on the Hoosiers did not have a chance. A good-sized crowd filled the Armory but did not equal the turn-out of the previous night. The floor work of the Nebraska team was superb in every detail and "Jumbo" Stiehm left Lincoln fully convinced that the University of Nebraska is still producing winning teams.

The Hoosiers started out with a rush and scored six points before the Cornhuskers awoke to the fact that the game had started. Once the first Nebraska point had been scored, however, the Husker flippers were unconquerable and registered basket after basket. The work of Jesse Patty at forward was the outstanding feature of the game. The clever Husker was responsible for eight of the sixteen field goals scored by Nebraska and also tossed four goals. Bekins and Jungmeyer each accounted for six points, Russell four, and Newman two, swelling the Husker total to thirty-eight.

The dismal failure of the Hoosiers in the Friday game with the Huskers marked the second defeat for "Jumbo's" team on the western trip. The Creighton University five defeated the Indiana team 28-20 in Omaha Wednesday night of last week. The overwhelming defeat of the Hoosiers at the hands of the Huskers, however, indicates that Schissler's team would not experience much trouble with Creighton, if the Catholic aggregation was on the Husker itinerary. Saturday night Stiehm's team faced the Iowa hoopsters at Iowa City and again went down to defeat, the count being 28-20. This practically ruined Stiehm's chances for carrying off first honors in the Big Ten Conference. (Continued on Page Four.)

RECENT BASKETBALL RESULTS

Washington 27, Grinnell 19.
Missouri 43, Drake 16.
Iowa 28, Indiana 20.
Chicago 35, Minnesota 10.
Purdue 36, Illinois 20.

SMITH COLLEGE ANNOUNCES GRADUATE FELLOWSHIPS

Six fellowships, of the value of five hundred dollars each, and without charge for tuition, have been established by the trustees of Smith College for the encouragement of advanced work. They are open to women graduates, of not less than one year's standing, either of Smith College or of other colleges of recognized rank, and are awarded annually, subject to renewal at discretion. The holders of these fellowships are required to render some assistance, not instruction, not to exceed six hours a week, if such assistance is required by the respective departments. At the end of the year each fellow must present a thesis embodying the results of her work. Appointments are not restricted to particular departments of study, but are made in accordance with the merits of the candidate. It is expected that the applicant will submit to the secretary of the committee on graduate instruction specimens of her work for examination by the department in which she desires to study. Applications must be filed by March 15.

Information may be obtained from the Secretary, Professor Sidney N. Deane, 123 Elm Street, Northampton, Mass.
