"N" CLUB WILL PLAN TOURNEY

(Continued from Page One.) so anxious to make the 1920 tournament a success in every way. If the various high schools are satisfied with the tournament this year, it will no doubt continue to be held in Lincoln under the supervision of the athletic department of the university.

According to a canvas made by Coach P. J. Schissler, the Lincoln hotels will accommodate only one hundred and thirty-three teams. This leaves over thirty teams with no accommodations. As a last resort to meet this difficulty Schissler has hit upon the plan of housing one team in each fraternity house. If this scheme is adopted, as soon as the hotels are full, a team will be assigned to each fraternity and they will be responsible for the care of that team during their stay in Lincoln. The fraternities will be given no choice whatever in the selection of the team they are to accommodate. The selection will be made by drawing. In this manner about twenty-five teams can be cared for and the success of the tournament will be assured.

Where you "have the say"

IN one respect this store is like "home"—a place where you can do pretty much as you please. You may come in here and look at goods any time you wish whether you buy or not; we are always glad to show the goods; the rest is up to you.

If you do buy you are the one who decides what satisfaction should mean.

Right now, is a splendid time to come and look; because prices are reduced and every one is anxious to save all they can. Here are two of the many reductions:

MANY STUDENTS BARRED FROM BUSINESS ENGLISH

The large increase in the registration in the college of business administration this semester has filled many of the classes to overflowing and students who under normal conditions would be admitted to them, without having all the requirements, are being barred from the classes.

Because of this congestion, the classes in Business English offered

by Professor Wesen, are being cut down as much as possible, as the classes are too large to enable the students to do good work. All students in the college of arts and sciences and later possibly all sophomores in the college of business administration will not be admitted to this class.

The department regrets very much the making of this announcement; but hopes that next year, the facilities of the department will be adequate to meet the registration.
