

THE DAILY NEBRASKAN

VOL. XIX. NO. 102.

LINCOLN, NEBRASKA, THURSDAY, MARCH 11, 1920.

FIVE CENTS PER COPY

1500 ANNUALS SOLD TO DATE

"N" Blanket to be Given
Girl Selling Most Books
Today.

ALPHA O'S STILL LEAD

University girls pushed 1920 Cornhusker sales over the top on second day of campaign. An "N" blanket will be given to the individual girl who sells the greatest number of Cornhuskers today. The Cornhuskers sold today will count on both the \$100.00 prize and the blanket.

The final check Wednesday night showed that more Cornhuskers had been sold in the first two days than in any other previous campaign. Fifteen hundred books had been sold up to nine o'clock Wednesday night, and with two days to go, the girls are confident that their goal of 2,500 Cornhuskers will be reached.

The Alpha Omicron Pi's had a lead of forty Cornhuskers over the Pi Phi's, and Theta's who were practically tied for second place. Scarcely sixty Cornhuskers separate the leaders from the other teams.

Special emphasis is laid on the fact that all promises are off in the next two days of the campaign. This is necessary in order to give individual girls an equal chance at winning the blanket.

The Cornhusker management wishes to again call attention to the fact that only as many Cornhuskers will be printed as are ordered.

The Cornhusker is for YOU, Nebraskans! Subscribe TODAY. Don't put it off.

DAME SOCIETY HOST TO JUNIORS FRIDAY

Third-Year Prom Will be Formal
Dinner Dance at the
Lincoln.

One of the big social events to which the University looks forward annually—the Junior Prom—is just one day hence. A formal dinner, novel entertainment and dancing—that is the program.

The plans are all laid. Beginning at six thirty, Friday, March 12, Dame society will be hostess to the juniors at the Lincoln hotel for a few hours. Under her auspices the guests will feast, be entertained and dance to the music of a six-piece orchestra.

Eighty tickets have been validated; all but about a dozen had been sold yesterday. The admission fee is \$5.50 a couple. The members of the Junior Prom Committee are as follows: Jesse Patty, chairman; James A. Lucas, Lavern Thietje, Marguerite Burton, Alysne O'Laughlin, Florence Wilcox, Earle Coryell and Carl Howard.

MID-SEMESTERS NEXT WEEK—THEN VACATION

Again comes the warning in every class—mid-semester next week. No more play now for a few days. The only thought is "cramming." Much midnight oil will be burned by the frivolous who have heretofore been wasting the precious hours in social affairs.

The quarterly examinations will be held from March 15 to March 20, —just ten days before the spring vacation which begins at six o'clock Wednesday evening, March 31, and ends Wednesday morning, April 7, at eight o'clock.

GET-TOGETHER PARTY FOR BIG AND LITTLE SISTER

The Senior Advisory Board will entertain all Big Sisters and all Little Sisters, Thursday from 5 to 8 in Woman's Hall. The party is in charge of Bertha Helzer, Eleanor Seymour, Beatrice Long, and Martha Hellner.

A real dinner will be served after which the following program will be given: Reading, Betty Echerett; Vocal solo, Lucile Tourtelot; Folk Dance, three freshmen; Negro Skit, Adelheit Deltman and Ruth King. At the conclusion of the program there will be dancing.

All Big and Little Sisters are urged to be present. Tickets for the party cost fifty cents, and may be obtained from any member of the Advisory Board.

STUDENTS TO GIVE "WITCHING HOUR"

University Dramatists Will Present
Thomas' Play March
18, 19, 20.

The University Players will present "The Witching Hour" March 18, 19 and 20. An all-star cast has been chosen, and the preparation of the play is overshadowing all other work in that course. The entire Dramatic Department has been enlisted in the campaign to sell tickets.

This will be the fourth play presented to the public by the University Players this school year, and they expect it to be the biggest feature. Herman H. Thomas will take the leading part. The entire cast is made up of thoroughly competent members of the class.

The cast of characters follows:
Harvey (servant).....C. L. Coombs
Jack Brookfield (professional gambler).....Herman H. Thomas
Lew Ellinger.....Walter Herbert
Tom Deming.....Irvin Clarke
Mrs. Alice Campbell Helen Harrington
Miss Viola Campbell.....Olive Means
Mrs. Helen Whipple.....Genevieve Addleman

R. O. T. C. TO BE EQUIPPED SOON

Men Taking Military Science
Will Receive Uniforms at
Early Date.

RIFLE MYSTERY UNCORKED

The cogs of the R. O. T. C. machine will be running smoothly within the next two or three weeks after new uniforms and army rifles have been issued at the Quartermaster's Department. The bill of lading for the last shipment of outfitting equipment has been received and military officials state that all the necessary equipment will be given out to the members of the unit as soon as possible.

The rifle mystery is solved, or at least some information has been uncorked by Lieutenant Challice who states the reasons why the firearms have not been issued. The rifles have been in storage at the University since last fall. The R. O. T. C. officials have found distribution impossible owing to the condition of the rifles after they were received from government supply depots. The rifles were packed in cosmoline, an oily material, and the abundance of this substance has required considerable labor to remove it by a corps of student workmen. It is estimated that each piece has necessitated from four to six hours cleaning. At least two hours work by each member will be required before the weapons will be ready for use.

BASEBALL CANDIDATES REGISTER

All Varsity baseball candidates are requested to register at the athletic office, giving their names, experience, and position. This includes those who attended the meeting yesterday at the Armory and also those who were absent.

WOMEN MAY WEAR LAST YEAR'S GOWNS IVY DAY

WOMEN MAY WEAR

The Black Masques have evolved a plan whereby the Ivy Day expenses can be somewhat lessened this year. They decided that the gowns which the senior women and undergraduates wore last year in the Ivy Day exercises would be appropriate for use this year. The gowns last year cost a large amount, and materials have soared since last May. Books will be placed on a table in the gymnasium and library where women who have last year's gowns at their disposal, may register. This information is desired at an early date, in order that definite plans for the 1920 Ivy Day program may be formulated.

FELLOWSHIPS IN SOCIOLOGY GIVEN

Women's Educational and Industrial Union Offers Research Work.

Three paid fellowships in social-economic research are offered each year by the Women's Educational and Industrial Union to women who wish thorough preparation for such work, according to information received by Dean Le Rossignol from Dr. Lucile Eaves, formerly Professor of Sociology at Nebraska. She is now director of the Department of Research of the Women's Educational and Industrial Union at Boston.

Training is given in the making and criticism of schedules, in field work, in the construction and interpretation of statistical tables, and in the literary presentation of the results of the investigation. In addition to formal training in statistics and methods of research, two co-operative investigations will be made by the staff of the Research Department. The first of these

NEWS OF THE DAY

Boiled Down for Busy Readers

Washington, March 10.—A suit to test the powers of the federal trade commission was brought by the Maynard Coal Company of Ohio. This is the first of several legal actions to be brought against the commission. The suits are of a friendly spirit and do not constitute an attack on the commission.

Lincoln, March 10.—The date fixed for the new constitution to take effect, is set for January 1, 1921, providing the people of the state approve. This was the report of the committee on schedules.

Paris, March 10.—Wilson's letter to Senator Hitchcock was given but scant consideration in French newspapers. They scored the message severely, stating that some remarks concerning France were "impudent" and a "gratuitous insult to this country."

Washington, March 10.—The fate of the treaty is being held up on account of two short sentences in the much discussed article X. Just a few words, out of 80,000 that comprise the whole treaty, prevents its passage and acceptance by the senate.

Shanghai, March 10.—A revolt has broken among inhabitants in Houan province. It was started because the Peiking government attempted to oust the governor of the province and appoint another. The revolt uncovered several factions which are in opposition. Refugees from the fighting areas are pouring into Canton and Hong Kong.

70 RESPOND TO BASEBALL CALL

This Includes Only 20 Varsity
Candidates—Team May Use
M Street Park.

STIFF SCHEDULE FOR 1920

Only about seventy baseball candidates responded to the call of Coach Schissler for a meeting of all men interested in baseball held yesterday afternoon at the Armory. Of these seventy, at least fifty were freshmen, leaving only twenty Varsity candidates who have reported.

Plans are rapidly being formulated for an extensive baseball season. Mr. C. N. Moon, of Lincoln, has donated to the University the use of all the equipment on the M street park. This includes the club houses, grand stands, bleachers, and fences. Arrangements are being made with the city authorities for the use of the park and doubtless all the details will be arranged in the near future. Men are ready to start work on the field at once and it will be in shape for work-outs in a few days, if the city gives the Athletic Department permission to use it.

Coach Schissler is preparing an excellent schedule and in spite of the fact that this will be the first Cornhusker baseball in the past ten years, a good strong schedule will be framed. A game has already been arranged with the University of California team to be played in Lincoln May 19. The Californians are making an extensive trip into the Middle-West and East. They play such teams as Syracuse, Yale, Harvard, Princeton, and several other prominent schools. In view of this protracted trip, it is safe to say that the California school has an unusually strong team.

DR. SLOAN TO SPEAK TO FOREIGN SERVICE

Noted Missionary Comes Under
Auspices of Y. M. C. A. to
Address Students.

The University Y. M. C. A. has been very fortunate in securing Dr. T. Dwight Sloan, one of America's leading foreign missionaries, to speak before the student body of the University on the subject "Opportunity for Service in the Foreign Field." Dr. Sloan will be in Lincoln for three days including Saturday, Sunday and Monday. He will come direct from the University of Nebraska Medical School at Omaha where he expects to give addresses to all classes of the institution. Stanhope R. Pier, '16, and formerly secretary of the local University Y. M. C. A., will assist Dr. Sloan with his work here.

Dr. Sloan will hold interviews with students Saturday morning and Monday afternoon at the Y. M. C. A. and Woman's building. A number of talks by Dr. Sloan have been arranged to be given in the city this week. He is scheduled to address the members of the Pre-Medic Society Sunday at two o'clock at the Pi Phi Chi house.

Dr. Sloan is a man of rare ability in the educational world and his record in the foreign field has been phenomenal. He is a graduate of Washington and Lee University and of the Virginia University Medical School. Dr. Sloan has spent seven years in China and a number of other Asiatic countries, and his wide experience in the Orient has given him a thorough knowledge of his subject.

Love Birds Vanish When They Are Told "No Spooning Here"

Day-spooning on the University grounds yesterday afternoon almost led to the jail. The romantic atmosphere of the campus, together with the beautiful spring-like weather, seemed to have gone to the souls and heads of the "Nebraska Spooners," as University students have dubbed them. They were capering about in a playful manner only to have their fun halted abruptly when, in stern tones, they were commanded to leave the campus and to nevermore return. They were asked politely to reserve their spooning for the hours after dark, instead of furnishing amusement for hundreds of students in broad daylight.

The strollers were our friends of barometer fame. They were the notorious persons who had camped on the University campus before, much to the amusement of the students. Once they had enacted "The Miracle of Love" on the sidewalk before the Physics Laboratory.

The Dean's office force, the Nebraska repertorial staff, and fifty faculty members, who watched eagerly from nearby windows, observed the antics of the "love birds" as they spread their wings and tried to fly on the campus Wednesday.

Both were in an especially playful mood. She was immense, both in size and actions. He was smaller, in stature and in apparent mentality. Both were "head over heels in love."

Up one walk and down another they ambled. She used her arms freely, as they entwined his shoulder blades and collar bone. She was even kind enough on one occasion to scratch his lovely head. They stopped again before the barometer and personified a veritable picture of contentment.

The library steps were havens of rest, and even the campus benches were given a thorough try-out. He seemed rather bashful yesterday. When she said "Chase me," he shied, and only yielded when she insisted with a vigorous hug.

Spectators began to gather. The passersby told scandalous tales of the trespassers. Totally oblivious to eyes glued on them, and the screaming laughs thrust at them, they continued to "bill and coo," as they found solace in each other's thin gaze.

But their happiness was to be shattered. Without warning, two plain clothes men stepped up to the couple, and tapping each on the shoulder, hinted that they were not wanted on the University campus.

"No spooning here," they were told. And he disappeared behind a nearby building, while she walked briskly away in the direction of O Street. The spring ornamance was ended.
