

THE DAILY DITTY

by
Gayle Vincent Grubb

Wisdom, so the prophets say,
Comes only with the years;
That broken jaws and busted hearts
Cannot be healed with tears,
While I, with face, one half of which
Is twice the other side
Must grin and bear it, wishing by
The fates that I had died.

Then comes the sprout who titters
as
He throws me a remark
Of the man who surely gets his dues
Who rambles in the dark;
That scandal such as I have penned
Has finally answered back
And risen, full of rage, to give

My jaw a dirty smack.
"Crewell" world — Why turn against
me?
When I need your cheer,
Oh, why should I be so despised?
My words are not a sneer.
Put even though you think my face
Is done with a scandal, yet,
I'm loaded with a thousand tales
And everyone you'll get!

**YELLOW AND RED TEAMS
VICTORS IN SEMI-FINALS**

The semi-finals of the girls Monte Carlo basketball tournament were played Monday afternoon in the Armory. The Yellow and Red teams were victorious. Both games were hotly contested and both were won by a margin of two baskets. The Yellow team under the leadership of Grace Dobsh defeated the Pale Green team by a score of 18 to 14. Bessie Epstein is captain of the Pale Green aggregation. The team work of the Yellows was superior to that of their opponents. The Reds took the long end of a score of 14 to 10 in the Red-Dark Green game. Mary Stephens is Captain of the Reds and Ethel Hoagland of the Dark Greens.

Mrs. F. W. Putney refereed the games. Miss Clark was score-keeper and Miss Kohl timekeeper. The Red and Yellow teams will fight for the championship in the finals which will be played this afternoon at five o'clock in the Armory.

This fair is the second of its kind to be given at Nebraska. The first fair was held in 1916, but the war which followed made it impossible for further fairs to be held.

Most of the older students in the University still have vivid recollections of the fair held at that time. The fair of 1920 will, with added attractions and with improvements gained through experience, be larger and better in every way than the one offered four years ago.

**VOCATIONAL GUIDANCE
WEEK TO BE OBSERVED**

Continued From Page One)

On Friday, March 26 a luncheon for girl students who are pursuing work in various scientific lines is planned by the chemical sorority for women that afternoon and at 5:00 Miss Bennett will make her final speech.

Between all events time will be given to personal conferences. The Dean of Women is taking an active part in arranging for these meetings. She states that the vocational workers do not propose that all university women students use their college training for vocational preparation but they do believe that every woman should be trained for some line of vocational work. Thus they will make better citizens and home builders. Vocational work will be presented from the Christian standpoint.
