## MASS MEETING HELD TUESDAY

### Students Take Up Revisions of Constitution in General Gathering.

#### DISCUSS HONOR SYSTEM

A mass meeting of the student body of the University was held at eleven o'clock Tuesday in Law 101. There were two big purposes in this meeting. The first of these was the consideration of the revisions and amendments to the constitution and the second was the discussion of the Honor Spirit or Honor System. The opinions of the small representation of the student body present at this meeting were volunteered, however, the matters will be voted on by the student body at large.

Mr. Harper, a Junior member of the Council, read the new constitution and announced the changes.

The first motion before the meeting was that the report of the committee not be adopted. This motion included all the revisions, there was much objection to it and it was lost. It was then moved that each provision be taken up separately and it was carried. Article III was the first revision. It was first moved that the article not be adopted. Arguments against it were that it would give the Student Council too much power. All meetings of the boards mentioned in it are open and the article is really unnecessary. Arguments for it were that there is a great need of all the organizations working together on these boards. The Student Council should be the vital organization of the school, and therefore, it needs the powers to make it such. The motion was lost.

Articles IV, VII, VIII, and XI were moved adopted and the motions were carried.

#### The Honor Spirit

The Honor Spirit was discussed. The discussion was taken up by several.

## UNIVERSITY SCHOLASTIC RECORDS TAKE SLUMP

That the number of scholastic failures this year has broken all records in the universities represented is reported from a conference of ten university Deans of Men held at the University of Illinois, February 20-21. University standards in general were reported lower than usual, while interest in social affairs and student activities was greater. The war was blamed as one cause.

## PAUL COOK ELECTED UNIVERSITY Y HEAD

### Charles Dunham Chosen Vice-President and Clyde Wilcox Secretary.

The following are the results of the Y. M. C. A. elections held yesterday:

**President—**  
Paul Cook, 96  
Charles Spacht, 57  
**Vice-President—**  
Clarence Dunham, 88  
Lawrence Bratt, 55  
**Secretary—**  
Clyde Wilcox, 83  
Archie Jones, 61

The large vote polled was a surprise to those in charge. Keen interest in the outcome was manifest throughout the day. All the candidates have been quite active in Y. M. C. A. affairs.

Paul Cook, president-elect, has been a member of the cabinet for a year and has been conducting the Forum during the present year. He is also a member of the Student Council.

Clarence Dunham, the new vice-president, has been leading in Y. M. C. A. activities since early fall, and at the time of his election was holding the office of secretary of the cabinet.

Clyde Wilcox has also been closely identified with the "Y" and during the past semester led a Bible discussion group.

## MARTIN GIVES ADDRESS TO LINCOLN CREDIT MEN

Professor O. R. Martin, of the College of Business Administration, gave a short address before the Lincoln Credit Men's Association at their monthly luncheon Monday noon, upon the report of the committee of federal taxes of the National Credit Men's Association.

The talk was in the nature of a criticism and analysis of this report and related to the excess profits and income tax discussion and the proposals made in the form of amendments.

Professor Martin's address was followed by an interesting discussion in which the subject was talked over "pro and con" by those present.

## ENGINEERS WILL VISIT CHICAGO

### To Make Annual Inspection Trip During Week of April 18-24.

Have you ever been down to the University field during the afternoon this spring, seeing a number of men running from one goal-post to another, hurling themselves between two posts, sprinting around the board track or seeming to aimlessly paw the air with their feet while they are holding on to some posts with their hands? Day in and day out you will find these men there whether the day be inclement or not. And what reward do these men get from this training? Some go to represent Nebraska at the meets but all cannot do this. They may have to train two or three years before they are even recognized. Do they ever receive any encouragement? Some—yes, but probably only from one of their track mates. Let's see more interest taken in track work by the students and more encouragement given the track men.

2 laps	Cressel	36-4
2 laps	Heckman	36-1
2 laps	Carson	37-1
140 yard run	MacMahon	54 sec.
660 yard run	Addison	1:33-4
660 yard run	Thomas	1:43-2
660 yard run	Snavelly	1:43-2
880 yard run	Dorn	2:03-1
880 yard run	Addison	2:09-3
880 yard run	Harper	2:12
1 mile	Graff	4:51-3
1 mile	Egan	5:53

(Continued on Page Four)

## UNITED AGS TO HOLD MIXER NEXT SATURDAY

United Ags, consisting of the Agricultural and Home Economic clubs, will hold a mixer Saturday, March 20, in the Armory at 8:30 p. m.

This fun-fest is intended to acquaint the members with each other, and to boost for the Farmers' Fair, which is to be held on the Farm campus, April 10. The committees for the mixer consist of the following members:

L. C. Noyes, R. E. Fortna, R. L. Taylor; Beatrice Schenck, Verna Buchta and Marvel Trojan.

A program and stunts of a various nature will be given, followed by dancing and refreshments. All Ags are invited to be present.

## UPSON LECTURES BEFORE CHEMISTRY CLUB FRIDAY

The second lecture of the series in the Chemistry Club Lecture Course was given Friday, March 12, by Dr. Fred W. Upson, chairman of the Department of Chemistry, on "The War and American Chemical Industries."

This lecture included a discussion of the growth of German chemical industries during the last thirty years, and their relation to the conduct of the war.

Dr. Upson also took up the report of the Alien Property Custodian telling of the activities of German chemists in the United States prior to our entry into the war will also be discussed. The wonderful growth of the American chemical industries in the last six years was also developed.

## PI PHIS WIN IN SALES CONTEST

### Alpha O's and Theta's Tie With Gamma Phi's Close Behind.

#### HAVE GREEK HONOR ROLL

Pi Beta Phi wins Cornhusker contest and \$100 cash prize, by selling 398 Cornhuskers. The race from the beginning was close and exciting and barely twenty subscriptions separated the Theta's, Pi Phi's, Alpha O's, and Gamma Phi's during the entire campaign. The final count showed that the Theta's and Alpha O's tied for second place with a total of 351 Cornhuskers sold.

The Cornhusker sales campaign was a great success, and 2100 books have been ordered to fill the orders turned in by the University girls selling annuals. The management appreciates the way the University girls co-operated in putting on the biggest Cornhusker sale in the history of the school.

The girls to win Cornhuskers with their names embossed in gold on the cover are: Emma Cross, Pauline Moore, Margaret Henderson, Helen Holtz, Edna Eggert, Mary Redgwick, Camille Alry, Carolyn Reed, Phyllis Langsta, Rhea Nelson, Florence Wilcox, Harriett Ford, Genevieve Loeb, Alyne O'Laughlin, Katharine Brenke, and Ethlyn Druse.

The fraternities and sororities, that subscribed 100 per cent will also be given free Cornhuskers. The list will be announced in the Daily Nebraskan next week.

## UNIVERSITY STOCK CO. TO PRESENT NEW PLAY

### "The Witching Hour" to be Given at Temple this Week-End.

Until Sunday morning when you look at blasé old Herman Thomas you are seeing a gentleman gambler with an unbelievably powerful mind, who has loved the same woman—Genevieve Addleman—for twenty years. If you have a piece of jewelry with a cat's eye stone in it, you'd better not wear it this week for Herbert Yenne is liable to murder you for fear of it. Glen Foe will probably seem unusually pompous and important but never mind him—he has to begin the play.

Carlisle Jones may appear rather cold and gloomy but then he is only getting ready to be a corpse. If Cyril Leslie Coombs' face looks a trifle soiled and mussed don't remark about it, he'll be a gentleman of color this week-end. Don't slap Alfred Reese on the back or laugh at him this week, please—he's a judge.

Tickets for "The Witching Hour," 50c at Ross Curtice's. The play to be given Thursday, Friday and Saturday at the Temple Theatre.

## NEWS OF THE DAY

### Bolled Down for Busy Readers

(A. P.) A desperate struggle is in progress in Germany to determine who is the controlling force. Von Kapp feels already, the pressure brought on by the socialist organization.

Lincoln, March 16.—Governor McKelvie has found occasion to demand the resignation of the state fire warden. It was said that the Fire Commissioner showed disloyalty toward the administration.

St. Paul, Minn., March 16.—General Leonard Wood was reported as being high man in Minnesota. It is said that he leads all other candidates, and that Hiram Johnson, Minnesota's second choice, is out distanced 3 to 1.

Chicago, March 16.—Former Ambassador to Mexico, Henry Lane Wilson, stated today that Wilson was responsible for the existing anarchism in Mexico. Every move to improve conditions between United States and Mexico has been blocked by President Wilson, he says.

## CONDRA URGED TO JOIN IN AIDING FILM SERVICE

A number of urgent requests have been received by Dr. George E. Condra, of the Department of Conservation and Soil Survey, from the Bureau of Visual Instruction, urging that Nebraska co-operate in the national university film service.

This service covers the field of educational reels, a field in which Nebraska has had a very important part.

A conference of persons engaged in educational film service was held a short time ago in Cleveland, Ohio. Another, at which Dr. Condra has been requested to be present and to take places on the committee work, will be held at Ann Arbor, Michigan, on April 7.

## TRACK MEN TRAIN FOR COMING MEETS

### Honor Roll Shows Improvement Among Speedsters—Schulte Calls for More Material.

The Engineers will go to Chicago this spring for their inspection trip. The week of April 18-24 has been decided upon for the tour. The final decision on the place and the time came at a meeting of the juniors and seniors of the Engineering College Thursday morning. According to the plan adopted the party will go from Lincoln to Burlington, Iowa, where they will inspect the iron works, then to Keokuk to visit the great dam across the Mississippi river, and from there to Chicago. One day will be spent inspecting the steel works at Gary, Indiana. Besides visiting plants and factories at Chicago the Engineers plan to see the art and field museum and Grant and Garfield parks. The party will disband Sunday night, April 24, at Chicago.

The choice was given to the Engineers of visiting Kansas City, St. Louis or Chicago. Chicago was chosen because of the greater opportunities there to see the greatest mills and structures of the country.

The party will be kept together as much as possible. A trip to some plant will be arranged for every day and attendance will be compulsory until Saturday when an optional trip will be arranged.

Every Engineer is required to go on an inspection trip before graduation. A trip to some manufacturing center is made every spring.

## NEBRASKA JOKESMITH WINS PLACE IN JUDGE

The story "Hattie the Hasher," which appeared in the "College Wit Contest" number of Judge was written by Gayle Vincent Grubb. This story tells of the sad fate of Hattie and her adventures with a He-vamp.

Gayle is a member of the "Aww-gwan" Staff, and of the Daily Nebraskan staff. He is also a member of Sigma Delta Chi and has contributed regularly to the Cornhusker.

"Hattie the Hasher" was the only story contributed by Nebraska students that was published and it will appear in the April issue of the Aww-gwan.

## STUDENTS APPOINTED FOR SPECIAL TRAINING

George D. Driver, Paul E. Armstrong, and Glenn G. Stewart have been appointed by Dean Le Rossignol of the College of Business Administration as candidates for the college training class for 1920 of the National City Bank of New York City.

These three men were selected from the group that applied for the chance and will meet with a representative of the bank some time next month in Omaha. It is hardly probable that more than one of these men will get to go, but each will have an equal chance in the interview with the bank's representative next month.

Transportation is furnished to New York City and if either of these men is chosen as a member of the 1920 class he will report at the bank as soon as school is out this year.

## HUSKERS SLATE SEVEN GAMES

### Keep Two Dates Open and Will Probably Schedule Eastern Bouts.

#### HAVE DAILY WORK-OUTS

#### TENTATIVE BASEBALL SCHEDULE

April 16 and 17—Nebraska Wesleyan, here.  
April 21 and 22—Morningside, at Sioux City.  
April 23 and 24—South Dakota, at Vermillion.  
April 30 and May 1—Haskell Indians, here.  
May 7 and 8—South Dakota, here.  
May 14 and 15—Drake, here.  
May 19, Ivy Day, California, here.  
May 21 and 22—Open.  
May 28 and 29—Open.

The above is the schedule that has been framed by the athletic department for the first baseball team that has represented the Cornhusker institution for a number of years. It contains some of the very best teams in the country and the Huskers are in line for a number of stiff battles.

The last two weeks are as yet open dates, but games with Iowa, Kansas, Kansas Aggies, Chicago, and Northwestern are now pending and it is quite likely that two of these schools will be procured to finish off the schedule. Coach Schissler is desirous of securing a Big Ten team for at least one of these dates and possibly for both. The majority of the games are slated to be played in Lincoln at the M street park, although the Huskers take a northern trip the latter part of April, crossing bats with

(Continued on Page Four)

## WILL PUBLISH LARGE BULLETIN ON SOILS

"The Soil Resources of Nebraska" is the title of the eighty page booklet issued by the State Department of Conservation and Soil Survey. There are one hundred different kinds of soil in Nebraska and this booklet shows their distribution and agricultural relation. The publication will be released for general distribution within the next few days and will be mailed free on request to any one interested in this subject.

## INTER-CHURCH WORKERS TO BE HERE NEXT WEEK

### Have Arranged an Interesting Program, Speeches, Luncheons and Interviews.

After college, what? This is the subject upon which University attention will be centered next week when speakers of national reputation will be here. A program of addresses, luncheons and personal interviews will fill the week. This program is a part of the Inter-Church Movement and is under the auspices of the University Y. M. C. A. and Y. W. C. A.

The purpose of the program is to help students choose vocations from a Christian point of view. The Inter-Church Movement idea is primarily to interest students in religious vocations but the local organization has arranged definitely to have the program at this University include all vocations.

The program:  
**Monday, March 22**  
5 to 5:50 p. m.—Address to workers in the campaign, at Temple Theatre, by Dr. C. W. Gilkey.  
7 to 8 p. m.—Address on "Christian Fundamentals," in Woman's Hall, by Dr. D. W. Kurtz.  
**Tuesday, March 23**  
11 a. m.—University convocation in Memorial Hall; "After College, What?" by Dr. C. W. Gilkey.  
(Continued on Page Four)
