We emphasize those "individual effects" in appearance that are the determining factor, in concluding a sale.

Eventually you'll realize that this is a better store for men, more zealous in its desire to serve, more genuine in its plan to give good value.

We foster better quality, better tailoring, more distinctive style, enduring service and our ability to match the garment to your personality is a foregone conclusion here. Our experiences, judgment of correct style safeguards the most exacting, supercritical as well as the interest of the "easy-buys."
