COLLEGES ARE HOPE OF WORLD

Dr. Gilkey Describes Present Situation Before Largest Convocation of Year.

STUDENTS GET INTERVIEWS

Three addresses on vocational, religious and educational topics and many personal interviews are the record of Dr. C. W. Gilkey in his visit to the University from Monday afternoon to Tuesday afternoon. His address Tuesday morning was the occasion of the largest convocation of the semester. About fifty members of the faculty heard him speak on "Education and Religion" at a luncheon at the Grand Hotel Tuesday.

The seating capacity of the chapel in Memorial Hall was filled and students were standing at convocation. Dr. Gilkey introduced by Dean Fordyce, described the situation of the world and declared that the great hope of today lies in the universities and the churches. "A year ago," he said, "all were looking forward with optimism; now the majority of the people are more pessimistic. The mind of the public has been brought from the heights of expectation to the depths of discouragement. Where can we look for encouragement? Where can we, who have but one life to invest, place it to the best advantage?" the speaker asked.

He said that political, business and industrial institutions are in a state of perplexity. The two institutions which, he declared, are showing more progress now than in the past are the university and the church.

In his address at the faculty luncheon, Dr. Gilkey urged that we steer clear of the tendencies to unreligious liberalism and unintelligent religion. He stressed the importance of the intellectual outlook of the public in its relation to social progress.

Much enthusiasm was shown over the personal interviews with Dr. Gilkey.

REAVIS WRITES ABOUT PAY OF EX-SOLDIERS

U. S. Representative Announces Increase for Those Who Saw Service After July 1, 1919.

The following letter has been received at the adjutant's office of the University Post of the American Legion, and will prove of interest to ex-soldiers at the University:

House of Representatives, U. S. Washington, D. C. March 15, 1920.

Mr. John J. O'Brien, University of Nebraska Post of American Legion, Lincoln, Nebraska.

My Dear Mr. O'Brien:—

"I am very glad to be able to advise you that under a recent decision rendered by the Comptroller of the Treasury, all soldiers of the late war who saw foreign service after July 1, 1919, are entitled to a twenty per cent increase of pay over what they actually received at that time. The term, 'foreign service,' does not include men who served in the Canal Zone, Panama, Porto Rico or Hawaii.

"If there are any men in your Post who are affected by this decision are entitled to the extra pay. I would be very glad to send them the proper application blanks to obtain the same if they will advise me.

"I would appreciate it very much if you would give this matter such publicity as you are able, either announcing it at your Post meeting or posting it on your bulletin board or through the newspapers. I am very anxious to be of every possible assistance to the veterans of the World War."

Sincerely yours,
(Signed) C. F. REAVIS.

"AFTER COLLEGE—WHAT?"

Wednesday, March 24

8:00 a. m. to 5:00 p. m.—Special addresses to special groups.

11:00 a. m.—Address to College of Agriculture students. Under auspices of Agricultural Club, Room 306, Agricultural Hall, Dr. Hervey F. Smith.

11:00 a. m.—Freshmen convocation, Temple Theatre, Dr. Kurtz and Mary Corbett.

6:15 p. m.—Denominational dinners: First Congregational (13th and L); First Christian (14th and M); St. Paul's Methodist (12th and M); Grace Methodist (27th and R); Emanuel Methodist (15th and U). "After College—What?" people will speak.

HUSKER GRAPPLERS TO MIGRATE SOUTH

Wrestling Teams to Meet Oklahoma Agriculturists Friday—Entered in Eastern Meet.

Nebraska's wrestlers will meet one of their strongest opponents when they tackle the strong men at Oklahoma Agriculture and Mechanical College, Stillwater, Oklahoma, next Friday, March 26. The southerners are rated among the best in the West having defeated Texas University, Oklahoma State and several other teams of repute in the Southwest.

The strength of the Huskers' rivals may be inferred from the information that they will send a team of mat artists to compete in the National Amateur Athletic championship contests at Birmingham, Alabama, which will be held April 5-6.

The Husker aggregation was selected after try-outs this week and so far as known the following men will make the trip: Votopka (125), Troadly (135), Long (145), M. R. Smith (158), Pickwell (175), and (heavyweight).

Arrangements have been made to send a team to the Western Inter-Collegiate Gymnastic Wrestling and Fencing Association Meet which will be held at Champaign, Illinois, April 9-10. The trip has been approved by the Athletic Department and all expenses will be paid by them as in the other sports trips.

Among the teams representing their (Continued on Page 4)

STATE MUSEUM REPORTS VERY LARGE ATTENDANCE

As Many as 400 Persons Have Visited Interesting Building in One Day.

Those in charge of the University Museum report a large attendance. As many as 400 have called in one day. A number of teachers have been making plans to bring their entire schools to illustrate some of the lessons of the winter term with the specimens found in the Museum.

Robert F. Gilder is anthropologist of the State Museum. He is now on a collecting trip among the ruins of the cliff dwellers in Arizona. He has just sent to the University Museum an interesting collection of pottery, including many whole vessels with images and prehistoric objects of interest and value.

L. W. Petree, a University of Nebraska geologist, now in Texas, has collected and sent to the University Museum an unusual specimen of the golden poppy of that state.

Calvin C. Moore, who attended the University of Nebraska a few years ago, is an oil geologist in the south. He was lately married and will live with his bride at Shreveport, La.

Marjorie Shaafelt, an assistant in the Department of Geology, recently had an illustrated article on the "Prairie Dog" in the St. Nicholas Magazine and will have another in the March number on "Robins."

STATE FARM WILL BE TRANSFORMED APR. 10

It is not only rumored, but definitely announced, that the Farmers' Fair will be a splendid opportunity to see the most notorious and far-famed antiquities in history. The longest of all runners will be there in all his pomp and glory. Members of the Fair Committee say that he is the only one of his "kind" in captivity, and students on the city campus will miss a treat if they fail to see him in action.

The days of the good, old saloon are only misty memories to most of us, but the authorities having the Farmers Fair in charge report that, out of sympathy for a few (?) thirsty souls, Byron McMahon will once more open his famous "Yellow Dog." Soft drinks will be a specialty.

The Committee announces that all precautions will be taken for the safety of women and children. The wild steer riders have been requested to leave their "shootin' irons" outside.

The parade will start festivities off with a boom the morning of Saturday, April 10. The fun and frolic will continue at the State Farm throughout the day. There will be dancing for those who like the athletic form of amusement better than eating "lollypops," and there will be "lollypops" for those who prefer them to dancing.

DR. A. J. CULLER

R. O. T. C. PICTURE MARCH 25

All R. O. T. C. companies will fall in Thursday morning at eleven o'clock to have company pictures taken for the Cornhusker. All men who have uniforms will appear in uniform wearing army overcoats. All men who do not have at least an army overcoat and hat are urged to borrow one for that hour. All Field Artillery men having vacant ten o'clock hours are asked to appear at 10:30 to put the guns in position.

JUNIOR LAWS WILL HOLD SPRING PARTY MARCH 27

The Junior Law Class will entertain at its annual spring party at the Commercial Club, Saturday, March 27. The committee for the dance is working hard to make the affair the climax of the social activities of the law classes.

De Ford's five-piece orchestra will furnish the music. Every possible effort is being made to make the dance a success. Ninety tickets have been validated and refreshments are planned for the guests. In addition to the refreshments the committee is planning a surprise cabaret feature to add "pep" to the party.

Tickets can still be obtained from the committee in charge: Harold Stoa, chairman; Clarence Haley, Jeanette Regan, William Holt and James Lucas, and cost \$1.50 each.

MEETING OF UNIVERSITY WEEK PARTICIPANTS

Meeting of all students who expect to go out on University Week trip, held Friday, March 26, at 11:30 in Law 101.

SENIORS! ATTENTION!

Caps and gowns for Commencement should be ordered at once at the Co-op Bookstore on North 11th street. The Cap and Gown Committee of the Senior Class decided on the recommendation of the Class to place the contract with this store, and it is expected that all Seniors will engage their caps and gowns there. The charge for members of the Arts and Sciences College is \$2.00; for members of the other colleges it is \$2.15. The difference is due to the colored tassels on the caps which represent the other colleges.

No payment is necessary at the time of placing the order. The student's measurements must be taken. It is important that these orders be placed as soon as possible.

ALLEYS CROWDED FOR SECOND ROUNDS

Phi Psi's and Alpha Sig's Earn Right to Play in Greek Bowling Semi-Finals.

The Phi Psi and Alpha Sig bowling quintets showed that they deserved a place in the semi-finals Tuesday night by defeating the Delta Upsilon and Phi Gamma Delta teams respectively. Both sets were hotly contested throughout.

In the first game of the Phi Psi-D. U. clash the Phi Psi's had things their own way and won by an 82 pin margin, but in the second game the D. U.'s came up from behind and won by 57 pins. The consistent work of the Phi Psi's in the third game was too much for the D. U. men and the opposition lost by 36 pins. Funkhouser was high man for the winners, with 472 to his credit, while Gardiner rolled 487 for the D. U.'s. The Walrus Alleys were packed and the games were feature by the marked cheering of the rooters for each team.

The Alpha Sigs showed their superiority over the Phi Gam's by handing them a trouncing to the tune of 2468 to 2170. Baldwin was high-pin man for the Alpha Sigs with 536, while Stanton toppled over 463 for the Phi Gam's. The Alpha Sig's show promise of being strong contenders for a position in the finals.

The Phi Delt's play the Acacia (Continued on Page 4)

NO FLOWERS FOR CO-EDS AT UNIVERSITY PARTIES

Inter-Fraternity Council Plans to Enforce Ruling—Taxi Rule not Stressed this Year.

The formal season is presenting a number of obstacles which are confronting the students of the University and these questions are being ironed out as rapidly as possible. The question of presenting flowers to University women has again arisen. The Inter-Fraternity Council Constitution contains an article to the effect that "flowers shall not be presented by fraternity men to women for any social function."

The violation of this article has occurred a number of times during the last few weeks. A few men, however, are of the opinion that the "say it with flowers" idea is a good one and they see no reason why flowers should not be given. At a recent meeting of the Inter-Fraternity Council the question was discussed and it was decided that severe methods will be taken in the event of a violation.

The Constitution also contains a clause which states that students shall not order vehicles, horse drawn or motor, to be used as conveyances to and from school parties. This point will not be stressed by the council because it is not always possible to obtain free rides and the occasional inclement weather necessitates the ordering a taxi from the city stables.

GRID PROSPECTS BEGIN PRACTICE

Thirty-eight Members of 1919 Varsity and Freshman Squads Eligible for Spring Work.

1920 OUTLOOK IS ROSY

Spring football practice started Monday with thirty-eight members of the 1919 Varsity and Freshman squads eligible to work with Coach Schulte in the early scrimmages. These men will be issued equipment and will be put through a month of intensive training under the direction of A. J. Sturzenegger, former Yost scout, who came to take up his duties at the University Monday.

The list of candidates for the 1920 grid team looks better than it has for years. The prospects are good for a first-class team with which to meet the teams that are on the Nebraska schedule for next fall.

Sturzenegger will be a real asset to the Husker coaching staff. He is the man who scouted for Nebraska previous to the Minnesota game, and members of the team attribute much of their success with the Gophers to his instructions. Sturzenegger is a scientist on football, according to players, but his theories are valuable.

He is able to size up players on opposing teams. Previous to the Nebraska-Minnesota game last fall, he instructed the Nebraska men as to the strong points of the Gopher team. When the Huskers took the field they were able without any difficulty to know where to strike and where to take care.

Lost Only Two Men

Only two men who were regular members of the football team last year will not be eligible to play next fall, but their absence will leave two big holes to fill. In the leaving of Dobson, Nebraska has lost one of the most consistent punters and ground gainers that Husker football has ever known. The loss of Wilder in the (Continued on Page 4)

SOPHOMORE GIRLS WIN IN FIRST TOURNEY GAME

Defeat Juniors in Fast Battle Tuesday—Freshman Second Team Conquers Juniors.

The first round of the Girls' Inter-Class Basketball Tournament was played Tuesday afternoon in the Armory. One-sided scores were made in the two games played. The Sophomore first team outplayed the Junior first team. The Sophomores played consistently throughout the game. They displayed superior teamwork to that of their opponents. The final score was 16 to 8 in favor of the Sophomores. The Sophomore players are Martha Krogmann, Bob Henderson, Marvel Trojan, Ruth Fickes, Marion Nye, and Eleanor Snell. The Junior team is as follows: Mary Stephens, Ruth McKinney, Ruth Lindsay, Ethel Hoagland, Mary Shepherd and Sue Stille.

The Junior second team was defeated by the Freshman second team by a score of 14 to 7. The Juniors held the Freshmen the first half to a score of 6 to 5 but the Freshmen had the upper hand throughout the second half. The following are the Junior players: Ada Stidworthy, Ruth Swenson, Edith Burton, Ruth Carr, Helen Clark and Ruth King. The Freshman class was represented by the following players: Bernice Scoville, Ina DeLes Denier, Davida Van Gilder, Bessie Epstine, Beulah Grabbill and Hazel Grant.

The Freshman first team won from the Senior first team by default. The Sophomore first team drew a bye. Miss Ruttie of University Place refereed the games.

Finals will be played Saturday. The Sophomore first team will meet the Freshman first team and the Sophomore second team will play the Freshman second team.
