GOOD TRACK MATERIAL LOOMING UP EACH DAY

Gardner, Metzger, Addison and Osborn Are Making Cinders Fly.

Judging from the try-outs yesterday afternoon on the board track, Coach Schulte will have excellent material to build up a track team in the next few years. In the 660-yard run, Gardner, a yearling, against two Sophomores, Metzger and Addison, came in first with very good time, 1:33.4, which is the second best time which has been run on the Cornhusker track this spring. Gardner had little competition, Addison was running far ahead with one lap to go but dropped out thinking he had finished. It is reported by the Coach that Addison has a good chance to make the team this spring.

Another Freshman, Osborn, ran a lap against time, covering the board track in 17.4. This is not the best that has been made this year, but the season is yet young.

In a contest between the weight men who were throwing the 16-pound shot, Monte Munn succeeded in showing out the brass about 37 feet.

Nebraska is fortunate in having "Squirt" Owen, a crack quarter-miler, back this year. He is reporting for practice every evening; and is helping to instruct the new men out for track. "Squirt's" ankles are strengthening satisfactorily and he soon will be in first class condition.

If Nebraska meets Illinois at the Drake Relays it will mean stiff competition. Reports come from the Illini camp that they conquered Purdue in easy manner in a dual-meet. Illini's mile relay team made the four quarter in 3:25.

With the wealth of material that Coach Schulte is training, it is expected that Nebraska will make good in the late season meets.

CIVIL ENGINEERS TO HOLD SMOKER FRIDAY

The American Society of Civil Engineers will hold a smoker Friday evening at the Sigma Phi Epsilon house. A general get-together meeting will be held with speeches and refreshments. Every civil engineer is urged to be present.
