ALUMNI HEAD HERE THURSDAY

Ralph A. Van Orsdel, President of Association Will Address Meeting of Upperclass.

URGE SENIORS TO ATTEND

Ralph A. Van Orsdel, president of the Alumni Association of the University of Nebraska, will speak at a meeting of the Senior class in Law 101, eleven o'clock Thursday morning, May 13. Special matters of business will also be taken up.

Mr. Van Orsdel lives at Omaha where he is a prominent attorney and member of the law firm of Gaines & Van Orsdel. He has taken an active part in the University Club of Omaha. While in the University he was editor of the Daily Nebraskan, manager of the University baseball team, member of Incent society, the inter-collegiate debating team, president of Phi Alpha Tau, debating fraternity, and a member of Phi Delta Phi, legal fraternity and Alpha Theta Chi. Since his graduation he has kept in close touch with University people and University activities. At present he is actively pushing the drive for the memorial fund.

This is considered an important class meeting. It will probably be the last meeting of the year, and various business matters must be acted upon.

MRS. MILNES ADDRESSES HOME ECONOMICS GIRLS

Mrs. Cora Milnes, who is traveling for the Pictorial Review of New York gave a very interesting talk to the Home Economics girls Monday, on the subject of woman's dress. She was a splendid illustrator of her subject, in a dress of rose silk with pale blue embroidering.

She first showed how patterns were cut and put together in the factories. It is not the expensive garment that makes the well-dressed woman but the garment with good lines and harmonious color schemes. The little details should be well looked after.

She also discussed the taking up of the extreme styles and their effect on the health.

1920 CORNHUSKER OUT MAY 27 SAYS GERHART

Thirty More Year-Books at Disposal of Students this Week.

The 1920 Cornhusker will be ready for distribution Friday, May 27, according to the statement of Harold Gerhart, editor of the year-book. Fifty more volumes will be printed than ordered which means that students who failed to subscribe during the sales campaign will have the opportunity of purchasing this week. The management reports that thirty books remain to be sold.

The Cornhusker is now in the hands of the printers and a number of the sections have been printed. All the books are expected to be ready for the bindery by May 12. This will give ample time for the books to be bound by hand. Annuals published in the past have been bound by machine and book experts assert the former method gives more durability and strength.

The editors are very jubilant over the apparent success of this year's book. A large staff of talented writers and clever cartoonists have contributed to the pages and the management believes that every student who has purchased a Cornhusker will be fully satisfied. Dwight Kirsh, '19, editor of New York, has painted the department pages and his work the editors say is his best. University students are anxiously awaiting for May 27 to arrive. They are looking forward with keen delight to scan the student life section which is considered one of the features of the volume.

PHI BETA KAPPA WILL INITIATE ON THURSDAY

Forty-four Seniors will be initiated into Phi Beta Kappa society Thursday evening at Woman's Hall. The committee has decided not to send invitations to the members of the organization this year. Press notices will be inserted in the Nebraskan announcing the initiation and the committee believes such publicity will suffice.

The initiation program will be altered somewhat this year. No banquet will be held for the new members. Refreshments, however, will be served following an interesting program consisting of addresses and musical numbers.

GIRLS SHOW SKILL IN BALL CONTEST

Juniors and Seniors Trounce Sophomores and Freshmen in Slugging Matches.

The Juniors and Seniors won the opening games in the girls' inter-class baseball tournament Wednesday afternoon on the athletic field by defeating the Sophomore and Freshman teams respectively. In the Senior-Freshman game a score of 44 to 34 was run up, most of the scoring being due to errors in the fielding. In the Junior-Sophomore game the final score stood 19 to 17 when the teams quit playing because of darkness in the last half of the seventh inning with the Juniors at bat and two outs.

The Junior-Sophomore game was a hot one. The first four innings the Juniors evidently had the game cinched. A home run by Bob Henderson turned the Sophomore luck at the beginning of the fifth and was followed by a home run by Harriet Ford. Three outs in succession was the Junior record for the sixth while

GET SET FOR THE BIG DRIVE!

I met a student on the campus yesterday.

He said, "I am planning to give at least ten dollars toward the new gymnasium and stadium. How much are you going to give?"

I replied that I did not know. "I really ought to spend the money for a few necessities," he went on, "but I feel that it is not only a duty, but it is a privilege to be allowed to help in the construction of a building Nebraska has needed for so long. I can do without a few extra clothes, but we cannot do without a representative gymnasium."

This assertion made me feel insignificant and almost selfish. I resolved to subscribe ten dollars myself. I began to think seriously about the matter.

That student, I thought, stands for whole-hearted Cornhusker spirit. He believes in Nebraska's future, and also that Nebraska's bravery on the battlefield deserves a permanent monument.

FIVE O'CLOCK CLASSES NOT TO BE HELD TODAY

All five o'clock classes today including drill classes will not be held according to the official notice made Monday by the Chancellor. A mass meeting will be held at this hour for all the members of the University faculty in the Social Science auditorium.

The meeting was called for the purpose of suggesting plans for inaugurating the Memorial financial drive in the University. It is probable that the faculty members will agree on an average amount for each member to contribute.

RALPH A. VAN ORSDEL

NINETEEN NEW VIKINGS INITIATED

The following Sophomores were initiated into Viking, Junior honorary society, May 9, at the Delta Upsilon house:

Acacia—Walter J. Williams.
Alpha Sigma Phi—John Neff.
Alpha Tau Omega—John Dodds.
Alpha Theta Chi—Gordon Uplinger.
Beta Theta Pi—Frank Winegar.
Bushnell Guild—Joy Guilford.
Delta Chi—Fay Clark.
Delta Tau Delta—Clarence Ross.
Delta Upsilon—Floyd Paynter.
Farm House—Asa Hepperly.
Kappa Sigma—George S. Killstea.
Phi Gamma Delta—Bruce McCulloch.
Phi Delta Theta—Herbert Cushman.
Phi Kappa Psi—Bryce Crawford, Jr.
Pi Kappa Phi—Wesley Jungmeier.
Sigma Alpha Epsilon—Roy Wythers.
Sigma Chi—Perl Griffith.
Sigma Nu—Benjamin T. Lake.
Sigma Phi Epsilon—Robert Russell.

PERSHING RIFLES

Pershing Rifles will drill each Tuesday and Thursday evening until further notice. Drills will begin at seven o'clock sharp. The object of special work is to prepare for an exhibition drill to be given "Compet" day, May 21.

FRESHMAN COMMISSION WILL PRESENT "ESTHER"

A dramatization of "Esther" will be given by the girls of the Freshman Commission of the Y. W. C. A. Tuesday afternoon at five o'clock in Paldadian Hall. This is the last Y. W. C. A. Vespers of the year, and a particular effort is being made to have it the fitting climax to a very interesting series of meetings. The production is to be in costume, of course, and is to have all the "trimmings" of a regular theatrical production, from ushers to printed programs.

FACULTY WOMEN'S CLUB WILL PICNIC WEDNESDAY

The Faculty Women's Club will hold its annual May picnic for the members of the faculty, their families, and the administrative staff Wednesday evening, May 12, at 6:30, in the Agricultural Engineering Building at the Farm campus.

For the last twelve or fifteen years it has been the custom of the club to give such a picnic each May. The attendance in past years has usually been about 250. This is the only time during the year when all the members of the faculty and their families gather together. The committee will serve ice cream and coffee. This will undoubtedly be a most enjoyable event.

TIGHTENING UP IN GREEK TOURNAMENT

Delta Chi Takes Close Game from Delta Tau Delta—Score 3-2

Sigma Phi Epsilon and Delta Chi earned their right to battle in the semi-finals of the Inter-Fraternity Baseball Tourney Monday. Phi Kappa Psi clashes with Beta Theta Pi and Farm House meets Alpha Tau Omega today to decide which of those organizations will also compete in the next to the last lap of the tournament.

The games Monday were marked by excellent playing and close scores. Few errors were made.

Delta Chi came out winner in a snappy struggle with Delta Tau Delta, by the small margin of 3 to 2. The game was featured by sensational plays and both teams exhibited "grandstand" brand of ball. The batteries were as follows: Delta Chi—Beck and Bridenbaugh; Delta Tau Delta—Munger and Gass.

In the second game played yesterday, the Sig Ep's defeated the Acacia's 5-2. Carman was in the box for the Sigma Phi Epsilon nine, and Hollingsworth received. The battery for the Masons was Gary and Walrath.

Interest is approaching the boiling point in the games and each team is already confident of bringing home the skin to its fraternity house.

ALPHA SIGS INSTALL NEW CHAPTER AT AMES

Pallades Fraternity of Iowa State College at Ames, Iowa, was initiated into Alpha Sigma Phi by the local chapter Saturday, May 8.

They were organized as a local social fraternity in 1910 and since that time have taken an active part in campus affairs at Iowa State. They number among their members six "A" men this year, having the captain of the Cross Country Team, for three years champion of the Missouri Valley, captain of the Tennis Team, and captain-elect of the Wrestling Team, besides members on the various other teams.

SENIORS WILL GIVE "PEPPY" HOP

Unusually elaborate plans have been made for the Senior Hop to be held at Lincoln Hotel, Saturday evening, May 15. Tickets are selling fast. A few may still be obtained from Milo Beck.

A real, live time is assured. Provision will be made to eat, dance and be merry. The merriment will be furnished by dramatic artists who will stage vaudeville acts. Favors will be given. Ninety tickets have been validated. They are being sold at \$1.50 plus 15 cents war tax.

The members of the committee in charge are: Milo Beck, chairman; Alfreda Mackprang, Harvey Rice, Lammert Redelfs, Mark Havens, Lucille Cline and Marguerite Howard. The committee has been putting in a great deal of effort to make the last class dance a success. Every loyal upperclassman should make an effort to secure a ticket in order to be in on the final class social affair.

SPORTING FEST WILL END WEEK

Friday Busy Day With Two Track Contests and Baseball Game.

CLOSES WITH STATE MEET

The Huskers tracksters who romped away with honors from the little Indians from Kansas Saturday will have a chance to compete in three track meets on the athletic field this week. A dual meet with Minnesota will be a feature of the athletic program for Friday. Nebraska Freshmen will compete with Wesleyan on the Coyote's track. The State High School Meet will be the climax of the busy week and will be held Saturday afternoon on the University field.

Monday morning Coach Schulte made the following statement: "I am fairly well pleased with the work of the team against Haskell last Saturday, but the men will have to step a lot to come up with Minnesota." The Gophers lost a meet by a narrow margin to Iowa last Saturday.

To give the yearlings the opportunity to meet some real competition is the purpose of the meet with Wesleyan. The Coyotes have been victorious in all their meets this spring, and the first year cinder stars from the University will be given a close race.

The Annual State High School Track Meet will be larger than the successful meet of 1919. Already thirty-four teams have been entered and several more are expected to enroll this week. In all three classes this year competition will be strong. Beatrice, Omaha and Lincoln are bidding most keenly for the championship in the first group, while Cambridge is bidding strongly for the lower class honors, if not for the championship of the entire meet.

The time of the Drake baseball game and Minnesota track meet, which formerly conflicted, has been arranged so that the meet will come off at two p. m. at the University athletic field, and the ball game will be played and M street park at 4:30 p. m.

LEROSSIGNOL BACK FROM EASTERN TRIP

Dean Attends Convention of Seventeen Business Administration Colleges Held at Chicago.

Dean J. E. Le Rossignol has just returned from a meeting of the Association of Collegiate Schools of Business Administration, held in Chicago, Ill. Seventeen universities, who have regular four-year courses for students of business, were represented. The meeting was the second meeting of the association, the first being held in Cambridge when the organization was organized.

Reports of committees appointed at the first meeting were read. The Committee on Degrees reported that the most popular degree given by universities in this country to commercial students is Bachelor of Science in Business Administration. This is the degree that the University has decided to give to graduates of this college.

The Committee on "The Relation of Collegiate Schools of Business to the Secondary School System" made a very elaborate report printed in book form. The theme of the whole thing was the teaching of economics in high and preparatory schools. It is expected that preparatory school teaching methods will be very much changed in accordance with this report.

During the convention important subjects in connection with Colleges of Business Administration were discussed. One of these, "The Extent to Which Business Men Could Take Part in Teaching in Schools of Business Administration" brought out the
