THE DAILY NEBRASKAN

VOL. XX. NO. 47.

LINCOLN, NEBRASKA, THURSDAY, NOVEMBER 18, 1920.

PRICE FIVE CENTS.

Dr. Holmes Speaker FOOTBALL NUMBER DAILY PLANNED

Big Twenty Page Special Edition Makes Bow Thursday morning November 25.

Black Draws Cartoon

Every Phase of University Life Taken Up-Feature Writers Already Working.

Preparations are well under way for the twenty-page Football Edition of the Daily Nebraskan which will makes its campus bow Thanksgiving morning, Thursday, November 25. Although the 1920 football season will furnish most of the material for the special issue, every phase of college athletics will be considered.

Oz Black, '22, noted University cartoonist, whose drawings have appeared on many of the Awgwan covers, has consented to draw a cartoon for the publication to be reproduced on the front page of the Thanksgiving paper.

A feature of the edition will be an article called "The Relation of Ne-braska Fraternities to Football," by ARTS AND SCIENCE Jessie Watson, '21. This is the first time such an article has appeared in a football edition of the Nebraskan since the days of 1908. Miss Watson is anxious to meet representatives of each fraternity in the editorial rooms of the Dally Nebraskan, University Hall 206, before Saturday, November 20, in order to get complete information of each Greek organization's football men since 1908, whether they have won a letter or not. If this information is not handed in by this date, the fraternity neglecting to send it to the paper will be omitted in the

article. Nebraska Spirit vs. Eastern Spirit. "Nebraska Spirit vs. the Spirit of Eastern Colleges" will be discussed by Julius Young, '21. An interesting resume, complete in every detail, of the 1920 Olympics will be written by Herbert Brownell, jr., '24. Florence Miller, '23, has prepared a series of features which will tell why ro-eds do certain things at football games.

Gertrude Patterson, '22, will write about Nebraska's quartet and cheer leaders. Emily Ross, '24, will prepare some news about the Thanksgiving convocation which is being planned by the University Chorus under the direction of Mrs. Carrie B. Raymond. Why Need a New Athletic Field?

at Vespers Tuesday "The preacher 18 the dentist that fills the cavities of the soul." said Dr. Holmes in his talk on "The Student and the Church" at espers, Tues day, November 16. He spoke in view of the fact that next Sunday is church affiliation Sunday and the tercenten-

ary of the arrival of the Pilgrims to North America, though they did not and at Plymouth Rock until December 21.

Dr. Holmes believes that now is the time for the student to attend church because young people are willing to receive the truth and Christian influences while the minds of persons of middle age are more or less set in their ways. If the church does not fond parents. Perhaps they have and distinctiveness. take its place in the young person's life now it will probably never do so; it prepares more for life than any study in college.

"My idea of the Sabbath is one be tween the old Sabbath of the Pilgrims adn the week-end of the Twentleth

century," declares Dr. Holmes. Students need a church in Lincoln and Sunday, November 21, is the time to find it.

Aims and Purposes Presented to All Students in Meeting Wednesday Morning.

Aims and the purposes of the Arts and Science College of the University, were discussed at a special convocation of students and faculty of that college, yesterday morning at 11 o'clock in the Temple theater. This was the first time the members of the Arts College had been gathered together in ten years.

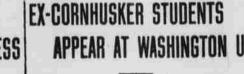

Dean Philo M. Buck, Dean of the Arts and Science College, was the first speaker. Mr. Buck gave in a general way, the functions and importance of his college. "The program in the Arts College," he said, "is not laid out in the same clear-cut precision as it is in the other coleges of the University. Because of this uncertainty and vagueness in the aim, I think it is a good thing to have the faculty and students gathered together so that it can be more clearly

Evergreen, Official University Publication, About Personnel of Lieurance's Little Symphony.

smokers and feasts are planned for the coming year. The progress of the John Marshall and Blackstone law Harold Lewis, '20, is director of the clubs is reported as follows:

The John Marshall law organization held an enthusiastic meeting in the law reading room, Tuesday at 7:30.

Two teams were selected for a short debate. The subject assigned was 'Resolved that tall men are more efficient than short men." The teams consisted of two tall men and two short men. Each team was al'owed two minutes for argument and one minute for rebuttal. The judges rendered a decision in favor of the affirmative side. A committee of

for regulating the amount of the dues. The sum thus raised will be appropriated for future smokers and entertainments. During the remainder of the evening several short humorous talks were given by various members. The Blackstone Club also met for discussion and debate Tuesday evening at 7:30 in Law 201. Professor Foster put an attempted murder case before the club and teams were chosen to argue the subject. The ttorneys for the plaintiff were Ellis

Coach McMaster sent his men over he Belmont course last evening in a

live mile handicap race. Thirty men turned out for the event and Coach McMaster is very well pleased with the interest shown by the men. The men finished in the following order:

Arrangements have been completed o that Nebraska will compete against Kansas next Saturday in Lincoln. The race will be run over the Belmont course and will be held at 11 o'clock in the morning. If possible Coach McMaster will enter two teams in the race. Nebraska was held to a tie score by Kansas last Saturday at Lawrence so will have a chance to cancel the tie when the Scarlet and Cream runners compete with the Jayhawks.

Yearlings Battle Husker First Team to 6 to 3 Score After a Hour's Play.

Use Aerial Game

Last Hard Workout to Be Held Tonight Before Michigan Aggie Game Saturday.

The Freshmen and Varsity battled last evening on Nebraska field for over an hour. When time was called the count was 6 to 3 with the Varsity on the long end of the score. The Varsity did not come up to Coach Schulte's expectations last night in their performance against the Frosh. The Freshmen played like veterans and withheld the rushes of the heavy Varsity line and backfield with ease during the greater part of the scrimmage. The Varsity found a snag in the Freshmen line and was unable to make first downs a number of times with only a yard or two to go.

The scrimmage took the appearance of a real football game when the Freshmen kicked off to the Varsity. The Varsity criss-crossed the ball on the kick-off but the Freshmen stopped it on the twenty yard line. The ball exchanged hands a number of times with the Varsity being held in midfield for downs. An attempted place kick was blocked and the ball went wild. The Freshmen again recovered the bar for a three point lead which was maintained until shortly before forward passes were used by both teams. The Freshmen were unsuc cessful in the form of attack but the Varsity got away for a couple of long gains by means of the aerial route.

Tonight will be the last hard work out the arsity will receive until the professional artist has been employed game with the Michigan Aggies on to make these drawings and they will Saturday. The general opinion is that the Cornhuskers will be able to get away with the big end of the score without much difficulty. Coach Individual action pictures of all "N" Schulte is of the opinion that the Aggies have been banned from the University. ing in their work unusually well considering the short period since they were originated. Debates, discussions,

The following item appeared in the Evergreen, official publication of the

> Wash., in a recent issue regarding the Lieurance Symphony, which contains several former Nebraska students.

Chase, '13, and Margaret Perry, '20, are well-known former students of the University. The item reads:

"Lieurance's Little Symphony, a company with a musical ideal, has been engaged by the American Legion to give a concert in the college auditorium Wednesday, November 10.

"The company was organized by the noted composer, Thurlow Lieurance. as a result of the widespread demand for the best in music. It is to come three was appointed by the president here under the directorship of Mr. Harold Lewis, a musician of recognized ability.

> "The symphony is an all-string combination, offering representative sketches from standard symphonies and leading operas, together with a widespread repertoire of standard compositions. Interwoven with the symphony numbers will be some of Mr. Lieurance's famous compositions. notable among them "The Waters of Minnetonka."

Not Presented Today

Washington State College, Pullman, company. Helen Mueller, ex'22, Helen

"Why Need a New Athletic Field?" is the question that Bonnie Loft, '24. will answer in the Thanksgiving day issue after an interview with professors and athletic heads at the University. Nebraska's yells and the chan! will be given publicity by Even Holloway, '22. Carleton Springer, '23, will write on "Chances of Getting Back into the Missouri Valley Conference."

Belle Farman, '23, women's athletics editor of the Daily Nebraskan. will tell something about the members of W. A. A. who sell candy, peanuts and apples in the stands at football games. "The Campus Beautiful" is the subject of an article written by Valora Hullinger, '23. Y. W. C. A. notes will be in charge of Edith Thompson, '22.

Band and Football.

"The Relation of the Band to Football" is an niteresting subject to be written by Roy Gustafson, '22. Ione Gardner, '24, has prepared several Thanksgiving poems, and the "I Say" editor will compose a bit of blank verse especially for November 25.

Ward Randol, '22, will compare the eastern trip of this year with the Oregon trip of 1916. "Nebraska's Opportunity to Meet Eastern Schools" will be discussed by Louise Tucker, '23. Something about the finances of the 1920 football season will be explained by Jessie Tucker, '22. "What McDonald Addresses the Laws Have Done to Inject Pep into Football Rooting" will be the subject of an article written by Edwin Hammond, '23.

The sporting sections of the special issue will be under the direct charge of Charles Mitchell, '24, sports editor, and Oliver Maxwell, '24, assistant sports editor, aided by Harold Hinkle, 23. Pictures of football artists, the captains of the grid and basketball teams, the coaches, and the director of athletics will feature this section. A short autobiography of eahc football player will be written beneath his photograph. A story about "the Best in the West," Nebraska's "grand old man," will be part of this division. Copy Must Be in By Saturday.

understood. "The teaching of students to acquire the habit of disinterested, clear

thinking, is the fundamental purpose of the Arts and Science College. The universities of various countries have been the leaders of progress, in thinkng matters. Has the University of Nebraska an intelligent atmosphere All-University Party which encourages mass thinking so there is co-operation between students and faculty? We should have more convocations to help stimulate this ideal."

"The Needs of Science" was the subject discussed by Chancellor Avery. "A certain amount of science is essential to hte equipment of an educated man or woman," the Chancellor said, "and the Arts College do the service work in preparing the students before they enter the technical colleges. It gives the fundamental and basic principles, upon which the technical colleges build their courses. Development of science leads toward inventions and new ideas; and scientific ideas are pushed forward by the Arts and Science Colhave been the pioneers in the discovering of new ideas and methods,

which they have turned over to the technical school to work out and develop."
