## DELTA ZETA IS WINNER OF SCHOLARSHIP CUP

Prize Given by Omaha Pan-Hellenic Group to Winning Sorority.

Delta Zeta received the scholarship cup yesterday which the Omaha Pan-Hellenic organization awards annually to the sorority of the Nebraska University that made the highest average grade the preceding year.

The scholarship cup was first awarded four years ago when Alpha Phi received it for making the highest average for the school year 1916-1917. The next two years it went to Alpha Chi Omega. Delta Zeta made the highest average for the entire school year 1919-1920. The same cup is passed from sorority to sorority, each keeping it the year after it was made the best record.

The Pan-Hellenic organization in Omaha is composed of all sorority girls living in Omaha whether from the University of Nebraska or some other school. The University of Nebraska is the only school to which it offers a scholarship cup. The cup is awarded at the annual Omaha Pan-Hellenic luncheon to some member of the winning sorority who is present.

## WANT FRESHMEN ON ANNUAL STAFF

Editors Sound Call for Twenty Ambitious Freshmen to Work on 1921 Cornhusker.

Twenty ambitious freshmen, who are desirous of getting ahead in activities connected with school publications, are wanted to assist the Cornhusker managers in getting in individual pictures for the Junior and Senior sections of the Cornhuskers during the next few weeks.

It is the plan of the Cornhusker editor to put this work on a competitive basis and "weed out" a few of the freshmen from time to time as they show a lack of interest in the work and at the end of the year to announce a list of the half dozen who have done the best work as freshman editors of the book.

Freshmen editors are always in line for the better positions on the Cornhusker staff and the staffs of other school publications if they have shown a willingness to work during their time on the Cornhusker. For this reason, it is being left up to the students as to whether or not they wish to work. All freshmen students who wish to serve on the staff will be given a chance to do so.

### Should Report Today.

One of the editors of the Cornhusker will be in the Student Activities office all afternoon today, Tuesday. Any students wishing to do this work should report there during the afternoon between 2 and 5 p. m. The work at present will be along the lines of assisting in getting in pictures for the book but later there will be a variety of work including considerable writing for the book.

## SIGMA XI SOCIETY TO MEET THURSDAY NIGHT

Honorary Scientific Society Will Hold Monthly Meeting—Open to Public.

The regular monthly meeting of the University chapter of Sigma Xi Society will be held in the general lecture room of Bessey Hall, Thursday, January 13, at 8 o'clock p. m., when Raymond J. Pool, Ph. D., professor of botany, will give a lecture on "Certain Features of the Scientific Work of a Federal Court Commission."

The meeting of the society is open to the public. Non-members are welcome.

The Federal Court Commission is a comparatively new method of legal procedure for the purpose of securing data bearing upon the scientific aspects of cases in court. It was established by the action of the Federal Court and was equipped to investigate various features of the smoke situation in connection with proceedings instituted by some farmers against certain smelting companies operating in their vicinity. Long-standing cases of this kind have been quite satisfactorily settled by the commission method.

## HOLD PRACTICE AT COLISEUM

Coach Schissler's Tossers Work Out On New Floor For First Time Last Night.

PREPARE FOR GRINNELL.

Iowa School Is Coming To Lincoln With Formidable Basketball Team.

The Cornhusker basketball squad took their first workout on the new floor at the State Coliseum last night. Coach Schissler was very favorably impressed with the work the men displayed on the large floor and promises the followers of the Husker cage squad some surprises when the Huskers mix with the Grinnell College team on Friday and Saturday nights.

Grinnell has a good team and Coach Schissler is making no predictions as to the outcome of the games. It will be remembered that the Congregationalists defeated the Huskers in a two game series in 1918. This was the last time the Nebraska and Grinnell quintets met. The Grinnell team has four of the men on this year's team that defeated the Huskers in 1918. Grinnell has one of the leading basketball fives of the schools in the state of Iowa and ranked third place in the Missouri Valley Conference in 1918.

Strong Team to Play Huskers.

The Red and Black team decisively defeated the Nebraska Wesleyan team when the Wesleyan team was considered one of the best teams in the state. The Methodists defeated the Huskers and were in turn defeated by the Grinnell quintet. The Red and Black team that will invade Lincoln Friday and Saturday will be practically the same team that defeated the Wesleyan and Husker teams two years ago.

Previous to this time the Huskers have not been able to display any real basketball on account of the limited floor space but Coach Schissler expects to show the spectators some sensational playing after the team gets started on the new floor.

Lightest Basketball Team.

The present Husker quintet is the lightest basketball five in the history of the University of Nebraska. The team that started against Illinois and Illinois Wesleyan will not average over 145 pounds. This is remarkable for a University team. The sporting critics who viewed the Huskers when they played against the two Illinois teams were very much surprised at the comparative size of the Huskers and their opponents.

M. F. Jones will act in the capacity of referee and Fitzgerald will officiate as umpire for the contests. These two men have officiated at a number of athletic contests at the University and can be depended upon to make the games fast and clean.

## BACK BASKETBALL.

The basketball games will be held at the State Coliseum commencing January 14 and 15. Director Fred W. Leuhring has requested that every organization in school get behind the team and lend all the support possible.

After the game Saturday evening there will be dancing with music furnished by a large orchestra. Entertainment will be furnished as well as refreshments.

Director Fred Leuhring has requested that these two nights be made closed nights by every organization in school. This will be in the form of a reception to the basketball team after their successful invasion of the east. Additional details will be in tomorrow's paper.
