

# THE DAILY NEBRASKAN

VOL. XX. NO. 82.

LINCOLN, NEBRASKA, WEDNESDAY, FEBRUARY 2, 1921.

PRICE FIVE CENTS.

## NEW NEBRASKAN ERY SERVICE

### OVER THE TOP.

The following fraternities have subscribed 100 per cent to the Daily Nebraskan:  
Alpha Sigma Phi.  
Phi Kappa Psi.  
Sigma Kappa Psi.  
Pi Kappa Phi.

Business Staff Expects Two Thousand Subscriptions by Saturday.

### TO REDUCE "RAG PICKERS"

Green Goblins and Mystic Fish in Charge of Sorority and Fraternity Campaign.

Subscriptions to the Nebraskan for the second semester continue to come to the solicitors under the big three-fold reward plan announced by the business staff Monday.

Three organizations had already gone over the top Monday evening with 100 percent subscriptions and earned the right to have the "Rag" delivered to their house every morning before seven o'clock. The new service feature introduced for the first time on the Nebraska campus this year, is finding instant response with many of the students.

The following cash prizes to be given to the three canvassers bringing in the highest number of subscriptions is adding to the interest of the campaign:

First prize	\$25.00
Second prize	\$15.00
Third prize	\$10.00

### Two Thousand Goal.

Two thousand subscriptions before Saturday night is the plan of the business staff in charge of the campaign. With this number of subscribers it (Continued to Page 4.)

## OFFER FELLOWSHIPS TO STUDY IN SWEDEN

Albert Strom, '20, is Representing Nebraska in Stockholm Now.

Nominations are to be made this month by the administrative officers of the University of the applicants for Fellowship in the American-Scandinavian Foundation.

This Foundation provides for twenty American students to go to the Scandinavian countries and pursue their various courses. These students must be the cream of the lot with all the colleges in America to skim from.

At the present time the University of Nebraska is represented by Albert P. Strom of Wahoo, a graduate of the engineering department. Strom, the first man from Nebraska to receive this award, graduated from this school last June and left for Europe during the summer.

These Fellowships bear stipends of at least \$1,000 each. The students are divided up among the three Scandinavian countries, ten to Sweden, five to Norway, and five to Denmark.

Strom is studying in Stockholm and is very well pleased with his work. He is specializing in hydro-electrical development and in the course of his duties travels about observing different plants.

### SAVE THIS DATE

Men, save the date, Friday noon from 12 to 12:50 for the first Greater Nebraska Luncheon to be given at the Grand Hotel. Tickets are forty cents for the feed; discussion and talks to be announced later.

Watch the "Rag" for later announcements and plan to be there.

### PRESS CLUB COMMITTEE MEETS THIS AFTERNOON

A meeting of the members of the newly appointed committee from the Press Club to assist in the entertainment of the Nebraska Press Association which meets in Lincoln February 10-12, has been called for this afternoon at 2 o'clock in room 103, University Hall. Plans in regard to a special program for the Friday evening meeting of the association will be made. Music, motion pictures offered by Dr. George E. Condra and a short skit will add to the reception. Members of the University faculty will assist.

Members of the committee, appointed by Story Harding, president of the Press Club, for the entertainment of the pressmen of Nebraska includes Chandler Trimble, chairman; Kenneth McCandless, Robert Van Pelt, Betty Scribner, Belle Farman, Jack Landale and Ione Gardner.

## TRACK COURSE FOR HIGH SCHOOL COACHES

Athletic Department Will Teach Modern Methods—Coach Schulte in Charge.

Nebraska high school coaches will be invited to attend a School for Track Coaches to be given under the direction of the University, of Nebraska athletic department.

The school will be conducted in connection with the Nebraska State High School Basketball tournament and will be under the direction of Henry F. Schulte, head track coach at the University of Nebraska. This is one of the first steps of the athletic department to prepare high schools for the state scholastic meet which will be held on University Field May 14.

Methods of handling track athletes and coaching teams for meets will be the gist of the instructive work. The training will be both practical and theoretical. Coach Schulte will have the aid of "N" men who will demonstrate the various methods of "starts" for the sprints, "form" for the jumps and weights, etc.

Each coach attending the classes will be given a handbook on "Track Training" which will contain an outline of the course to be followed. A concise analysis of the track events, necessity of careful training, ideas of competition and various methods of coaching track squads are a few of the discussion points scheduled for the classes.

The plan is to arrange the work so it will not conflict with the tournament games.

### CHANCELLOR EMPHASIZES FRESHMAN'S IMPORTANCE

Chancellor Avery was the speaker at the first Freshman lecture of the second semester. He spoke on "The Importance of Being a Freshman."

Chancellor Avery endeavored to impress upon the class the responsibility of their position. "The Freshmen of today will be the leaders of tomorrow. They are in the infancy of their intellectual career," said Chancellor Avery. "As every great man was a baby at one time, so every educator was once a freshman."

One of the leading thoughts of the lecture was the fact that it isn't "how" a freshman "gets by" in his work but that the good of mastering a subject aids him in the work that he follows. A great many freshman went out from this University and did work during the war. It was a Nebraskan who worked out a substitute for the delicate lens in the Liberty motor. He was once a freshman here.

Chancellor Avery concluded his lecture by comparing the valley of the Mississippi with the valley of the Nile and the Euphrates. The river valleys were the cradles of civilization because of the advantages they offered the people. The Mississippi has the soil climate and people for the physical basis of a new civilization.

## WOMEN SELL FANCYWORK AND HOME COOKED FOOD

Proceeds Go Towards a New Building for Lincoln Club.

The Woman's Club Exchange, in a corner of the Benway Furniture store on Eleventh and O, is now open for business under the direction of Mrs. Hyde. At the Exchange, which is sponsored by the Lincoln Woman's Club, everything imaginable in the way of home cooked food and beautiful needlework is for sale.

A fee of \$1 is charged for membership in the Exchange. The Women's Club takes a commission of 20 per cent from the price of the articles sold. The money earned by the Club will go towards the building fund. Girls interested should see Mrs. Hyde at the Exchange.

### Orders Solicited.

Orders are solicited from University students. If they want home cooked food such as cakes or candy they are asked to call the Exchange and orders will be filled. Orders are also taken for sewing or mending. The prices are reasonable. Baked goods are priced at the standard prices.

One will find at the Exchange many dainty bits of hand work especially suitable for gifts. The cases are filled with organdie bouquets, fudge, aprons, collar and cuff sets, and other hand made articles. Cakes, cookies, candy, salad dressing, bread and rolls are for sale.

### DOCTOR LUCKEY TAKES WASHINGTON POSITION

Dr. G. W. A. Luckey, former member of the faculty of the Teachers' College took up his new work yesterday as head of the department of foreign education in the National Bureau of Education. Dr. Luckey has been in educational work all his life and has traveled extensively studying foreign systems of education. He left Lincoln for Washington a few days ago.

## NEWS OF THE DAY

### Funston Move Was Costly.

WASHINGTON, Feb. 1.—The actual railroad transportation charges to move the troops from Funston was \$607,173, under the recent orders of the department of war. The changing minds cost millions. When Camp Pike and Camp Meade were available the troops were ordered to Camp Funston, later the general staff decided the troops were to go to Camp Pike and Camp Meade with a cost of more than \$600,000 for railroad expenses alone. This proves that a business administration of the war department can save millions annually to the government.

### Railroad Fight Is Brewing.

CHICAGO, Feb. 1.—Railroad union leaders say roads are morally dishonest. The employes present their case against the plea of the railroads for the immediate abrogation of the national agreement. Jewell and other union leaders not connected with the American Federation of Labor charge directly that the railroads are asking abrogation of the agreement and reduction of the wages solely for the purpose of keeping up present freight and passenger rates.

### Coal Problem to Be Settled.

WASHINGTON, D. C., Feb. 1.—Federal regulation of the coal industry must be approved by present session of congress. President-elect Harding looks on the matter with disfavor. The packer bill has passed the senate. President Wilson's idea of the coal problem is to be settled now or never. It is believed that Wilson would sign any measure or government coal regulation that congress would present, while Harding says: "More business in government and less government in business." The opponents of all government regulations are opposing the extension of the idea of industry.

### FRESHMEN GIVE DANCE AT ARMORY FRIDAY

Friday evening, February 4, is the date for the Freshman hop to be given by the members of the class of 1924 and open to all University students. Members of Green Goblins are selling tickets for the biggest social event to be put on by the entering class this spring.

The party will be given in the Armory and will be given over to dancing with music furnished by a six-piece orchestra. Committee members announce that refreshments will be served and that all preparations are being made to insure a good time.

The price of admission has been brought down to comply with the price regulations adopted by the students and will be accordingly one dollar a couple.

## GREATER NEBRASKA LUNCHEON FRIDAY

Extension Plans for University and Athletic Facilities to Be Discussed.

The first of a series of Greater Nebraska luncheons to be held on Friday noons, will be staged at the Grand Hotel this week Friday for all University men students. The accommodations are limited and only two hundred tickets will be sold. There will be a chicken pie lunch for 40c aside from singing and speech-making.

The lunch is to begin at 12:00 o'clock sharp and to end promptly at 12:50. "Sharp at both ends" is the promise of the Y. M. C. A. men who are conducting the noon-day feasts. The program as arranged calls for twenty minutes for lunch, fifteen minutes for two speakers and fifteen minutes for an open discussion. The discussion at the lunch this week will be lead by "Bill" Day, captain of the 1920 Husker football team.

Tickets for the meal are on sale by a corps of men on the campus and may also be secured at the Y. M. C. A. offices. It is hoped that all the tickets may be disposed of early in the week so that definite arrangements made be made with the hotel-management.

### Luehring Speaks.

Dr. H. B. Alexander and Dr. Fred W. Luehring will give the talks Friday noon on subjects which have been selected as being especially interesting to the men, and subjects which they are anxious to discuss. Dr. Alexander will talk on the plans for the extension of the campus and will tell just how the territory around the present campus will be used during the next few years. The athletic facilities at Nebraska and those that are needed to better the standing of the school will be discussed by Dr. Luehring. The two speeches together will not take more than fifteen minutes. The next quarter hour will be given over to the men, who are expected to discuss the points made by the speakers and also to add any new ideas.

The series of luncheons, although not definitely made up as yet, is being planned to cover as many University activities as possible. Edward J. Walt, "the music man", has promised to bring his three brothers to one of the next few luncheons and to give some musical numbers. The relation of the University to the city and state will be taken up and also the problems of after college work.

The plan of the Rotary club luncheons will be followed at the Friday noon meals. This will insure plenty of singing and yelling and a general good time, according to those in charge of the programs. As the name implies, the "greater Nebraska" luncheons will have for their final purpose the development of a greater Nebraska spirit along the right lines.

## HUSKERS WIN FROM SOONERS

Game Was Speedy But Both Teams Missed Baskets Frequently.

FINAL SCORE 32 TO 22

Bekins for Nebraska and Waite For Oklahoma Big Point Getters In Game.

The Cornhusker basket ball quintet handed the Oklahoma "Sooners" the second defeat in their final game yesterday afternoon at the Coliseum by the score of 32 to 22. Yesterday's contest was somewhat speedier than Monday's battle with both teams missing many shots at the basket.

Bekins for Nebraska and Waite for Oklahoma were again the big point gatherers for their respective teams. Bekins scored 17 of the Husker's 32 points, throwing four field baskets and tossing nine out of twelve free throws. Captain Bailey dropped three field baskets with Warren, Carmen, Smith, and Newman securing one each. Waite put the ball through the hoop for four field baskets and got six out of eleven chances from the foul line. Kocke scored two field baskets with Tyler and Cox making one apiece.

### Huskies Below Form.

The Huskies were not up to their usual form and had considerable difficulty in locating the basket. Oklahoma missed a large number of shots when a few baskets meant a victory. The first half ended with the count 18 to 9 in favor of the Huskies. Bekins displayed the best playing in this half. The Oklahoma guards were watching the Husker forwards continually making it difficult for the men to get near the basket.

In the second half the "Sooners" soon had the ball rolling and before (Continued to Page 4.)

## UNIVERSITY OMAHA CLUB COMPLETES ORGANIZATION

Formed To Bring Closer Relationship Between University and Omaha.

After a semester of study and work, the constitutional committee of the University-Omaha Club has completed the draft of the constitution, which has been accepted by the Faculty.

Following the acceptance of the constitution by the Faculty, a smoker was given for the members and their guests. Professor Cochran, guest of honor for the evening, by way of indorsement delivered an address on the aims and future possibilities of such an organization.

Realizing the benefits to be derived from closer relationship between the University and Omaha, the University-Omaha Club was formed to bring about this closer relationship. The work of the organization will be carried on by the co-operation of the members of the University chapter with members of an Omaha chapter. The Omaha chapter will consist of business and profession-alumni who are interested in the affairs of Omaha students at the University.

The following men have been pledged: C. W. Adams, S. P. Wallin, Harry Latowsky, Ralph Kerr, Reginald Fernald, Robert Kutak, James Proebsting, Robert C. Doods, and Ernest Zschau.

### LEGISLATOR WILL ADDRESS AMERICAN LEGION TONIGHT

C. A. Maguire of the state legislature will speak at the regular business meeting of the members of the University Post of the American Legion, tonight at 7:30 o'clock, in their rooms in the Temple building. He will talk on some phases of the ex-service and bonus bills.
