TOURNEY MEN—WELCOME.

The University of Nebraska takes this opportunity to open her gates to you who have come from every nook and corner of Nebraska to participate in the Eleventh Annual High School Basketball Tourney. She wonders if you realize that you have come to take part in the largest tournament of its kind in the world. She wonders if you realize that you are the guest of one of the largest and most promising state universities in the United States. She wonders if you realize that you should live in expectation until the day when you pay your registration fees at the Cornhusker school for the first time.

Although you have come to Lincoln primarily to take part in and observe athletic contests—do not forget that Nebraska University emphasizes other activities as well, and develops mind as well as body. While you are here, examine our buildings, our methods of instruction and our classes. Watch the way we act and tell us what you think of us.

Whether you are from Kimball or Omaha, Valentine or Superior, you will probably attend the University of Nebraska some day. Although the University tries to build character, primarily she seeks for good material with which to work. For this reason we seek students of your calibre—those who will make the Cornhusker school more than a mechanically running institution.

THE BASIS FOR SCHOLARSHIP.

In a recent bulletin, scholarship is defined and the basis for the most successful scholarship is suggested. Knowledge of the subject is, of course, the most important basis of scholarship. Preparation, according to the bulletin, is the second essential. This includes work lost from absence promptly made up, without suggestions from the instructor. Accuracy, good form, neatness, legibility, correct spelling and thoroughness in all work, are absolutely necessary.

Students are warned in this little page of hints that they must use good judgment in the use of time, in addition to supplying class recitations with frequent contributions. Initiative, as shown in attacking new work with comparative freedom from the instructor's aid, is the next thing emphasized.

In general, when these things are complied with, the scholarship of the student will at least be placed upon a firm foundation, even if its later application may be faulty.

After a successful basketball season of fifteen victories and but three defeats, it came to a happy close with the selection of the new basketball captain—Austin Smith. "Smitty" has been one of the most conscientious and one of the hardest workers on the team for two years. He could nearly always be counted on for an extra tally or two at the opportune time, if the score needed boosting. With Smith at the helm, Nebraska cage fans need not worry for fear Missouri will grab off the Valley championship laurels again next year.

SHOW THEM THE WAY.

There will be strangers on the campus for the rest of the week. Nebraska University wishes to court the friendship of these strangers so that they may become full-fledged Cornhuskers some day.

If you see a wandered on the campus with a big strange-looking letter on his sweater, or if you see one whom you think has an inquiring look on his face, courteously answer all questions that he may put to you. YOU WILL BE RUSHING FOR NEBRASKA.

Our Inquiring Reporter

Five persons picked at random are asked a question each day, enough without that.

Today's question: Have you caught spring fever yet?

1. Pete Preston, 518 No. 16th St.

I should say I have, I've got it bad. Certainly does affect my studying.

2. Naomi Buck, 557 No. 16th St.
Not yet, I guess I've got something coming to me.

3. Mary Ure, 312 No. 14th St.
No, I haven't, but I've felt bad enough without that.

4. Florence No. 1500, 1237 R St.
No, I haven't had that, but I have had the grippe, which is worse.

5. Pete Peterson, 229 No. 17th St.
I don't think I have for it has to be about 2:00 in the shade before I get it.

CLEAN BEFORE STORING OVER SEASON

If we gave our clothes half the thought at the end of the season that they get at the beginning they would greet us with a smile instead of a wrinkled and worn look. If you expect to wear those suits next fall, let us clean them now.
