

COPPOCK CAMPAIGN COMES NEXT WEEK

Girls of Y. W. C. A. to Launch Drive For Funds to Carry on Work.

Special Meetings to Be Held in Interest of Chinese Mission Work.

The Grace Coppock campaign conducted by the University Y. W. C. A. to support Grace Coppock, Nebraska graduate who is national secretary of the Y. W. C. A. in China, will be held next week beginning Tuesday. The executive committee and captains of teams which were announced before vacation are working out the details of the campaign.

Special meetings will be held at which Mrs. K. W. Eddy from the foreign department of the national board of the Y. W. C. A., and Genevieve Lowry of Grace Coppock's staff in China, will help give to Nebraska co-eds an idea of the scope of the work in China which Miss Coppock leads. A poster committee is at work preparing graphic pictures of the conditions in China. Hattie Hepperly is general chairman of the campaign.

What the national board of the Y. W. C. A. thinks of the Nebraska's foreign representative is shown in this extract from a letter received by Miss McKinnon a few days ago: "If ever there was a busy woman on the face of the earth it is Grace L. Coppock. The work in China under her magnificent leadership is developing so rapidly that it takes an unusual leader to cope with the problems and possibilities. The national board of the Y. W. C. A. and the foreign and overseas department are proud of such a leader as Grace L. Coppock, the girl to us of your University."

Nebraska co-eds will be given an opportunity next week to give their support to this Nebraska woman who is doing one of the biggest pieces of work of any graduate of this school.

DR. HYDE VISITS FORMER UNIVERSITY STUDENT

Dr. Winifred Hyde, professor of psychology, while in Chicago recently, attending a meeting of the western division of the American Philosophical association, visited Dr. Florence Richardson, a graduate of Nebraska University, who is now teaching psychology in the University of Chicago. The latter was recently here and lectured before the class in educational psychology on "The Effects of Fatigue on Mental Tests."

CORNHUSKER SONGBOOKS SOON READY FOR STUDENTS

The Cornhusker Songbook is well under way and will be in the hands of the students in a short time. The work is being done in Lincoln by a local concern who out-bid Omaha and Chicago printers. Winners of the cash prizes and the prize books will not be announced until the books are delivered to students.

VARSITY SULTANA SETS NEW BUTTER RECORD

Varsity Derby Sultana, a Holstein bred and owned by the college of agriculture, has established a new state butter record for a 2-year-old cow. In 365 days the cow produced 867 pounds of butter, breaking the old record for an animal of this age.

The college also owns La Verna, the state champion cow of all ages. In the year ending December 23 last, she produced 1,310.56 pounds of butter, and 29,554.55 pounds of milk. The college has the record of having developed eight remarkable cows from a standpoint of production, the eight averaging 903 pounds of butter in a year. A cow in the college's herd now milking has a seven-day record of 28 pounds of butter, and it seems quite probable that she will make a 365-day record of at least 1,000 pounds.

RESEARCH FOUNDATION OFFERS MANY PRIZES

D. Pollock Fund for Best Essay on Important Economic Problem.

In order to stimulate study of modern economic problems many of which have become acute as a consequence of the war and particularly a study of the part that money plays in these problems, the Francis D. Pollock Foundation for Economic Research offers three prizes aggregating to two thousand dollars for the best essays submitted during 1921.

An essay, to be submitted for any prize must have not more than ten thousand words, and must be on one of the following subjects: (1) "The part that money plays in economic theory;" (2) "Causes of unemployment and remedies;" (3) "Conditions which determine how much the consumer gets for his dollar."

The judges will be Irving Fisher of Yale University, Wesley C. Mitchell, director of the national bureau of economic research, and Wallace B. Donham, dean of the Harvard Graduate School of Business Administration.

Further information concerning the contest may be obtained from Dean J. E. LeRossignol of the College of Business Administration.

CATHOLIC CLUB TO MAKE MERRY AT FRIDAY DANCE

"Say, Art, where is a good place to dance Friday night, do you know? Here it is Wednesday of the first week after vacation and I haven't found a thing for Friday."

"Friday night—let's see. Oh, sure! Haven't you heard of the Catholic Students' dance?"

"No! Where? Who is playing? Tell us about it."

"Why, I thought the whole campus knew of it by now. Yep! At Antelope park. And Polly Butler's orchestra."

"Antelope park and Polly Butler's orchestra! Oh, boy! I'm sure going to get a date for that."

"That will be the first party of the season at the park and I hear the floor is great."

"Say, Art, where can we get tickets? I can't miss that."

"See Mr. Clark at Budd Shoe store. He has some. But you want to hurry because only a limited crowd can go. Tickets are just a dollar ten."

"Here I go now. I can't and won't miss that."

Didja?

Didja you ever
Have a sweet
Young thing tell
You, in low
Vibrant tones,
That you were the
Type of male that
Was absolutely unaffected
By the wiles of women;
While the whole truth
Of the matter is that
Your apparent indifference
Is the only protection
You have from throwing
Yourself into the arms
Of every pretty co-ed
You meet?

It's Surprising What a Dollar Can Do

THE well dressed girl never neglects the details of her costume—the little things that mean so much to one's appearance, that make or mar the ensemble. No reason for neglect, either, when the accessories mentioned below cost only 1.00.

VEILS—to hold stray locks in place and to give that smart look. Here are pattern and chenille dotted veils in all gray and brown, and combinations of black with henna or blue, and brown with tan.

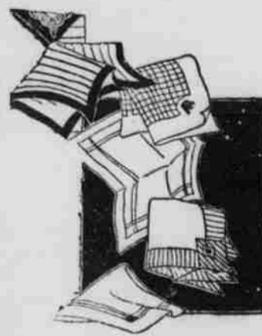

HOSE—that's news, isn't it? Good silk hose for a dollar. These are Radmoor seamless hose, in brown only.

GLOVES—of serviceable chamolsette, in white, mastic or champagne. Two clasp style, washable.

NECKWEAR—whose crisp freshness adds so much to the looks of suit and sweater. Organdy collars in new checked and striped effects, or prettily embroidered, come in white, pink, blue, rose and tomato.

HANDKERCHIEFS—gay, printed kerchiefs in blues, greens, pinks, browns and lavenders. Circles, dots, checks, stripes and other patterns. There are white and colored centers with fancy borders, and pattern centers with plain colored borders. And you get a whole HALF DOZEN for your dollar!

NEBRASKAN IN EGYPT CARRYING RESPONSIBILITY

Great Opportunity for Students to Aid in Work in Foreign Fields.

Nebraska in Egypt Week commencing Tuesday morning should be looked upon by the students as an opportunity not only to render a service to Nebraska University by placing her graduates in foreign fields, but as a beginning toward entering upon world responsibilities, is the statement of the committee from the Y. M. C. A. in charge of the activities.

The fact that the other large Universities have carried on similar weeks and raised large sums of money emphasized the importance of the program they declare. Princeton alone raised \$6,600 last year for mission work from 1,800 male students, an average contribution of \$6.87. Other Universities contributing large sums for association work were Yale, Iowa State college, University of South Carolina, University of Texas, Penn State college, University of Illinois, and the University of Missouri. The sums raised in these institutions averages about \$3,000.

The following quotation from Harry Fosdick has been adopted as the message bringing out the spirit of the campaign:

"Modern opportunities for money's use are more marvellous and enticing than Arabian Nights and more romantic than the folklore of any people. Who would not love to play with this new white magic by which each of us can take some of his own nerve and sinew reduced in wages to the form of money and through money, which is a naturalized citizen of all lands and which speaks all languages, can be at work wherever the sun shines. It is a privilege which no one knew before our age. It is one of the miracles of science mastered by the spirit of service. Not a man busy at his daily tasks at home can yet be preaching the gospel in Alaska, healing the sick in Korea, teaching the schools of Persia, feeding the hungry in India, and building a new civilization at the headwaters of the Nile. Only a man with a generous sympathetic stewardship is taking advantage of the new opportunities is full abreast of his times."
