

# OMAHA DAY NUMBER THE DAILY NEBRASKAN

VOL. XX. NO. 134.

LINCOLN, NEBRASKA, THURSDAY, APRIL 21, 1921.

PRICE FIVE CENTS

## OMAHA DAY PROVIDES ATTRACTIVE PROGRAM TO INTEREST STUDENTS

University Will Close for Day if More Than Thousand Students Make the Trip to Nebraska Metropolis.

Excursion Date Set for May 5 When Visit Will Be Made to Business Establishments, Manufacturing Plants and Points of Interest.

Omaha day, the annual day when University students take an excursion to Omaha to visit its business establishments, packing houses, newspaper plants, schools, art galleries and numerous other places of educational value, will be Friday, May 6, this year. Students wishing to make the trip must enroll next week with the Omaha Club, which will have persons stationed at tables in nearly all the buildings on the campus. A choice of more than twenty inspection trips in Omaha will be offered to those enrolling. If more than 1,000 students make the trip, the University will be closed for the day; if less than 1,000 go, those going will be excused from classes on the condition that they make up their work.

The cost of the round trip will not exceed \$4.50. If the committee succeeds in getting reduced rates on railroad fare, the expense will be less. Luncheon, dance and other entertainment will be furnished without charge. Students will have to buy their own dinners.

Deans of all colleges in the University heartily endorse the trip to Nebraska's metropolis and gave to the chairman of the committee the following hearty endorsements:

Dean Engberg.

"The city of Omaha has again in-

## DRAKE RELAY TRYOUT WAS HELD YESTERDAY

Coach Schulte Sends Track Men Through Workout Who Will Make Trip to Des Moines.

Coach Schulte staged the tryouts yesterday afternoon for the men who are to make the trip to Des Moines to take part in the Drake relays next Saturday.

Fast time was registered in all of the tryouts and in a number of cases Coach Schulte had some trouble in picking the fastest time. The 229-yard dash brought out a number of speedsters. Smith, Stromer, Wright and Deering will probably compose the half mile relay team that will represent Nebraska. Stevens will probably be the alternate for the trip. Hickman, Sloan, Bieser and Minnich all registered good time and can be depended upon if necessary.

The four-mile relay team will be composed of Kretzier and Allen from the Omaha Medical school with Dorn and Meyers completing the team. All of these men ran their race in record time at the Inter-college meet last Saturday, and Coach Schulte feels confident that the Huskers will place. The mile relay team will be the fastest quartet to represent the Husker school for a number of years. With Captain Gibbs leading, McCarthy, Stromer and McDonald should bring the mile relay championship to Lincoln with them.

Another call for more track candidates has been issued by Coach Schulte. Beginning Monday there will be a special novice squad which Coach Schulte intends to work a great deal with. He is asking for one hundred men to come out for the cinder path sport and enter this special

(Continued on Page 4.)

## INSPECTION TRIPS PLANNED FOR GROUPS

The Omaha day committee of the University has obtained from the deans of all the colleges written suggestions as to what places in Omaha would furnish the most interest and be of the most educational value to the students of their respective colleges, and sent these to the committee in Omaha which will plan the inspection trips. These trips will be definitely outlined and announced within a few days.

Arrangements have been made whereby these trips will not be merely sight-seeing excursions, but will include explanation by someone with thorough knowledge of the business, plant or institution. A student will be assigned as leader to each group and will have general charge of the trip.

## Jazz Band To Aid Students Make Merry At Omaha Carnival

Do you dance? Do you enjoy throwing confetti? Do you like to blow squawks? Do you like peppy music? Do you think it's fun to throw streamers? How about balloons and paper caps? What is it that fascinates you at a party? It makes no difference what it is, the Omaha Chamber of Commerce has arranged to have it present at the big dance and carnival provided for the University students as a climax for Omaha day. From the minute the orchestra starts to play till the time when you have to leave to catch the train bringing them back to Lincoln, you will be provided with surprise after surprise till you will unanimously vote it the best time you ever had. If you have ever wondered what the Mardi Gras or a Parisian carnival was like, you will want to see what the committee has in store for you.

The Omaha Chamber of Commerce has selected the new auditorium of the M. E. Smith company in which to

## ENGINEERS HOLD BIG FIELD DAY WEDNESDAY

Parade of Three Hundred Features Program of Events—Interesting Games Staged.

Early Wednesday morning the engineers began utilizing their holiday by gathering at the M. E. building preparatory for the parade which started off the events of the day. Randolph Gingrich, as chairman, carefully outlined the program for the day and organized the largest group gathered for an Engineers' Field Day.

The parade of nearly 300 students started promptly at 9:30, which included about the campus and through O street. The big Garford truck with a twenty-piece band was decorated with banners and signs lead the parade, which attracted much attention, even to the extent of breaking up classes.

### SUPPORT FARMERS' FAIR

The Omaha Club urges for the sake of the Farmers' Fair which takes place the day after Omaha Day that the students taking the Omaha day excursion return to Lincoln on the special train that night. By doing so they will be able to give their heartiest support to the College of Agriculture enterprise.

R. E. Dearmont,

Chairman, Publicity Committee.

### SCOFIELD TO DISCUSS PROBLEM OF RETAILER

Mr. H. L. Scofield, manager of the hardware department of Hardy's Furniture company, will address the University of Nebraska Commercial Club, Thursday morning in Social Science 205 on "Problems in the Retailing of Hardware." He will discuss the actual every-day problems that are met with by the hardware retailer in the administration of his business. Mr. Scofield is an up-to-date business man who will point out how many perplexing problems are solved. The students are asked to come prepared to ask questions.

## NEBRASKA SENATE VOTES SUM FOR MEMORIAL GYMNASIUM

Decides to appropriate Three Hundred Thousand Dollars Upon Raising Like Amount By University.

Some Senators Take Stand Against Additional \$750,000 Appropriated for Work of Institution But Committee of Whole Approves.

### COMMITTEES PICKED FOR OMAHA DAY

The committees in charge of Omaha day want suggestions, criticisms and offers of assistance. The committees are:

General committee: C. B. Hall, chairman; Harry Latowsky, S. Arlon Lewis, H. M. Baldrige, Gladys Mickel, Frances Wahl, P. T. Barber, C. Gordon Trimble, R. E. Dearmont, T. P. Rogers, C. F. Rogers.

Enrollment committee: Harry Latowsky, chairman.

Publicity committee: R. E. Dearmont.

Anyone desiring information may obtain it from any of the committee members or from any member of the Omaha Club or of the Phi Omega fraternity.

### ???? Will Appear At Banquet--Said To Be Yellow Sheet

The first annual edition of the ???? will make its appearance at the Engineers' banquet Friday night.

The ???? is none other than the Engineers' scandal sheet and it promises to be the lowest, yellowest, most underhanded, and merciless journalistic crime ever committed. The space is only devoted to the most sensational incidents in the college, and personal incidents are being collected so rapidly that only the choicest of scandal will be permitted to adorn the pages of this paper that is terrifying any and all possible offenders. The staff is composed of the most disreputable characters and they have no feelings for the parties who will have their dark records publicly opened to light.

The sheet went to press last night and linotype operators were required to cut their ten minute shifts down to five minutes, and then they were hardly able to endure the task. Consequently all Engineers are requested or advised to hold their jaws tight and brace themselves for a tradition-destroying literary tornado.

## CAMP APPLICATIONS COMPLETED TUESDAY

Captain Nix, However, Announces a Few More Names May Be Included.

The last day applications were received from students who desired to attend either the basic or advanced camp this summer was Tuesday, April 9. Captain Nix, who has charge of the enrollment, states that although the complete list of men that are going had been sent in it might be possible to include a few more. If you expect to go to either of these camps and have not given the military department final notice of your decision it will be necessary to report at once so that your name may be sent in as the number.

The summer camp for cadets in the reserve officers training corps is to

(Continued on page three.)

The senate of Nebraska voted Tuesday afternoon to appropriate \$300,000 for a new Memorial Gymnasium dependent upon the raising of a like amount by the University.

There was a determined stand by certain of the senators against the additional \$750,000 appropriated for the work of the University. This effort, however, was in vain for the senate committee of the whole approved the finance committee increase. The motion to strike the memorial fund from the bill lost 12 to 18.

Another effort was made to change the appropriation to \$350,000 for university dormitories, but this was voted down, 25 to 5.

It was argued by senate leaders on behalf of the gymnasium that it was necessary to take advantage of the offer of the people to pay half the cost or else the building would cost the state twice as much later. Unless the legislature provided for the erection of the building this year, \$130,000 already collected for the purpose would have to be returned. They also argued that not only was it a gymnasium, but a memorial to the soldiers of the state who gave their lives in the world war.

## BASEBALL VARSITY TO BATTLE STARS

Husker Diamond Pastimers to Meet of Veterans—Pickett to Pitch Game.

The Husker Varsity diamond crew will meet a picked team this afternoon in a practice game at the State Farm campus ball diamond. The picked team will be composed of a number of old baseball men with John Pickett working in the pitcher's box. Coach Schisler intended to have the Varsity and the Freshmen mix in a practice contest yesterday, but it had to be called off on account of rain. The Husker diamond stock hit a high mark Tuesday when the Huskers smothered the Cotner college nine.

The first real competition of the season will be the two game series with Wesleyan on Friday and Saturday of this week. The Methodists have a fast team and promise to give the Nebraska nine a real battle. Coach Schisler has made no definite decision regarding the lineup for the opening game, but will probably start Munger and Anderson for the batteries.

### JEANETTE NELSON DIED TUESDAY

The offices in the court house will be closed one hour this afternoon during the funeral of County Superintendent Jeanette Nelson, who was formerly an instructor in the Teachers' College. She taught in the manual training department for four years and also taught botany and geology.

Miss Nelson was operated on Monday morning at the St. Elizabeth hospital and passed away Tuesday evening. She had been in poor health for some time.
