

SPORT BRIEFS

From all indications Lincoln will acquire a franchise in the State baseball league to be formed next spring. The capital city seems unable to regain her former berth in the Western loop and must accept the State league berth to satisfy the followers of the pastime in the city. Better than that none at all.

Freshmen and novice members of the Cornhusker track squad have already started work toward obtaining track numerals this fall. The cinder athletes are graded on the records awarded to the men who obtain a sufficient number of points.

The Midland college grid team is laying deep and dark plans to grab the honors in the state conference. The Fremont team will average about 150 pounds and looks like a winner. They are slated to clash with Wayne normal Friday and should have an easy time with the Teachers.

Max Towle and Al DuTeau, two former Cornhusker gridiron stars, are helping Farley Young whip his yearlings into shape for their first clash with the varsity. This initial scrimmage of the year is slated for Thursday afternoon. It will afford an excellent appraisal of the caliber of the Frosh team.

The White Sox and the Cubs are in the midst of Chicago city series. The American leaguers got away with the opener yesterday, blanking the Cubs 2-0. Dickie Kerr hurled for the Comiskey team while the mighty Alexander was on the slab for the Cubs. Kerr was very effective.

Saturday is a blank number of the gridiron chart for Nebraska fans. No game is scheduled for that day. It is very probable that the Huskers and Freshmen will tangle in scrimmage Saturday afternoon and the gates will undoubtedly be thrown open to students. Saturday, October 15, the Haskell Indians are coming. Watch out for them; they are a fighting outfit.

SECRET PRACTICE FOR DAWSON FOOTBALL CLAN

(Continued from Page 1.)
ley Young of the first year men has a dependable aggregation to battle the varsity and expects to show the more experienced men some new wrinkles in the pigskin sport.

Coach Young has deserted the drill grounds and has been giving his men their usual evening workout at the Rock Island ball park. The first year squad has been cut considerably since the first call was issued and Coach Young has weeded out those men who have layed down on the job. The Frosh this year will not present the array of stars that last season's first year string contained but the fighting spirit is there and a real hard battle is expected.

PHARMACY NOTES

The college of pharmacy reports the largest registration this year since the organization of the school of pharmacy in 1903. The freshman class is nearly double the size of previous classes.

Mr. M. B. Chittick, who graduated from the college of pharmacy in 1916 and who then received a fellowship in the University of Minnesota, which he held until his enlistment in the A. E. F., has accepted an instructorship in the department of chemistry of the University of Minnesota.

Edward Simanek, who graduated from the college of pharmacy last

year, was a visitor at the university yesterday. He announced his purchase of the leading store at Gothenburg from Victor Johnson, a graduate of the college of pharmacy. Mr. Johnson has gone to Long Beach, Calif., where he has purchased one of the leading stores of that city.

Wesley Colson, who graduated from the college of pharmacy two years ago, has purchased a store at Stromsburg, Nebraska. Mr. Colson, who is a veteran of the world war, drew a lucky number at the recent Torrington land opening, winning a

quarter section of land within two miles of the city.

Miss Alma Campbell who with Miss Katherine Thompson has spent the past year traveling in Europe, has decided to remain in Paris studying French and music. Both Miss Campbell and Miss Thompson are former university students and are members of Kappa Kappa Gamma.

Miss Norma Grumann who is teaching in the high school at Aurora is spending the week end with her parents, Prof. and Mrs. Paul H. Grumann.

Sulphur Vapor Baths

The Most Perfect Bath in the World

Gold Medal Award and International Diploma

This Bath gets the same if not better results than any of the hot springs of the country.

Thousands of patrons say they can get a hundred times better results right at home by means of the Sulphur Vapor Baths.

This Bath effects results when all the noted springs and various other baths have failed.

The Sulphur Vapor Bath is the greatest system ever discovered for the elimination of poisons from the body, and has brought perfect health to many chronic invalids.

Different From Other Baths

This Bath has no weakening effects, but is strengthening and exhilarating in all cases. All forms of rheumatism respond quickly to the most natural treatment.

quality

QUALITY IS THAT ELEMENT IN MEN AND IN MERCHANDISE WHICH ENDURES

It is the element which makes a great oil painting more wonderful as it gets older, a violin sweeter for the melodies it has sung.

A man greater for the adversities he has passed through and a Hart Schaffner and Marx garment hang better the longer you wear it.

You can wear a Hart Schaffner and Marx suit or overcoat till its thread-bare but the integral grace and beauty of its lines, growing closer into the intimacies of the figure, will endure till the nap is off the fabric and the shine is on the wool.

The wool will eventually wear out, but the workmanship won't.

Hart Schaffner and Marx at the price of those that are not.
