

## LEAVE FOR PITT SCRAP WEDNESDAY

Huskies Hard At Work Preparing For Clash With "Smoky City Panthers."

## WORK OUT IN AGGIE FIELD

Varsity Gridiron In Too Poor Condition For Practice After Mud Fight Saturday.

With only three days for real work Coach Dawson is putting the Huskies through the most intensive training of the season in preparing for the contest with the Pitt Panthers at Pittsburgh next Saturday. The squad worked out at the Ag. college last night due to the bad condition of Nebraska field.

The Huskies will leave here Wednesday afternoon over the Burlington and will work on Stagg field Thursday in Chicago and will leave for Pittsburgh that evening, arriving in the "Smoky City" Friday morning. The list of men to make the trip will be posted in the gymnasium Wednesday morning.

Coach Glen Warner of the Panther aggregation will send a great team against the Nebraska eleven Saturday. The Pitt eleven were forced to bow in defeat to Lafayette in an early season game but since that time have defeated some of the strongest teams in the east by decisive scores. Some of the recent victories added to the Pitt list are wins over Syracuse and Pennsylvania, both being defeated by large scores. Nebraskans are looking forward to a victory over the easterners and giving the eastern sport writers a chance to compare the far western elevens with the champions of the east.

**Huskies in Good Condition.**  
The Nebraska team came out of Saturday's contest with only a few minor bruises and Coach Dawson expects to send practically the same team against Pitt as worked against the Sooners. The Nebraska men presented an offense and defense in the Oklahoma contest that recalls to the minds of some of the older men of the school the teams that won the Missouri Valley championship for Nebraska for a number of consecutive years. Thus far the Huskies are heading the list of Missouri Valley elevens in the percentage column.

Officials for the Husker-Panther struggle have already been selected and include some of the best officials in the country. McCarty of Germantown academy will act in the capacity referee with Thorpe of Columbia umpiring. Okeson of Lehigh will hold down the position of field judge and Evans of Williams will be head linesman. Director Leuhring also wishes to make it clear that there will be little or no "commuting" on the Pittsburgh trip.

**Rally at Depot Wednesday.**  
Plans for a rally at the depot Wednesday similar to the ones held before the Notre Dame trip are all ready under way and a big turnout of students is looked for. Pittsburgh, being a new team on the Husker calendar, is not being given the consideration that the Notre Dame contest had, by the student body, but is just as an important game and probably more so than the Notre Dame game.

## INVESTIGATIONS OF UNI. PROFESSOR PUBLISHED

Dr. Albert Schneider of the college of pharmacy has given much attention to the microorganisms of the mouth cavity in health and in that very annoying and common disturbance known as pyorrhea alveolaris or Riggs' disease. A lengthy report covering his observations and investigations to date entitled "The Microbial Symbionts of the Tongue and Alveoli in Health and in Pyorrhea Alveolaris" was read before the Lancaster County Dental Society last February and has been published in the September and October, 1921, issues of The American Journal of Clinical Medicine. The author distinguishes between dental and osseous caries and pyorrhea proper and declares that eighty per cent of adults are more or less afflicted with pyorrhea. He recognizes four principal types of the disease based upon the nature of the dominating microbial infection. The compound microscope is an absolute essential to the diagnosis of pyorrhea.

In his experimental work, Dr. Schneider has used autogenous pyorrhea derivatives and stock bacterins with good results. Those interested must consult the original article.

## FRATERNITIES PLAN BIG SWIMMING MEET

An interfraternity swimming meet will be held at Nebraska this fall if plans formed by Athletic Director Leuhring are carried out. Each fraternity is to enter a team in the contest which will be held at the Y. M. C. A. pool. The men entered need not be expert swimmers.

A list of the probable events of the meet are:

Forty yard dash, plunge for distance, forty yard back stroke, low spring board dives 220 yard distance swim, breast stroke.

Director Leuhring is already negotiating with other colleges for some inter-college swimming meets. The interfraternity meet will help to determine who are the good swimmers at Nebraska.

Fraternity representatives should see Mr. Leuhring about details of the proposed tournament and to make entries. It is important that each fraternity send a representative to consult with Mr. Leuhring today or Wednesday.

## FINISH INTER-MURAL GAME NEXT THURSDAY

Last Half of Engineer-Bizad Game to be Played Thursday Afternoon—Probable Lineups.

The Bizads and the Engineers will finish the last half of their football game next Thursday afternoon. The score now stands 6-0 in favor of the Bizads. Both teams are practicing hard and it promises to be a fast game.

The lineup will be:  
Engineers— Pos —Bizads.  
Davis ..... le. Andre, Hollingsworth.

Rimmer ..... t. Cable, Grahn  
Strieter ..... ls. Troutman  
Kreuch ..... c. Phinney  
Ellermeir ..... rg. Pilger  
Moomau ..... rt. Margreave,  
Kuper.  
Slason ..... re. Outhouse  
Reams ..... qb. Phillips  
Brown ..... rh. Lake, Traber  
Schram ..... lh. Stewart  
Moulton ..... fb. Davison

The Engineers out-weigh the Bizads by a few pounds, but the Bizads are staking their claims on the speed of the backfield and the ends.

## UNION HEADS WILL BE RESEARCH CLUB GUESTS

Muir Jenkins, president of the machinists union, Havelock, Nebraska, Mm. F. Kys, president of the carmen's union, of the same place; Wilbur Niell, a candidate for the legislature at the last election, and perhaps other union leaders of the same shop crafts of the Havelock Burlington repair shops, will be the guests of the Industrial Research club, and will take part in the discussion on the railroad labor situation, at the regular meeting of the club at six o'clock Thursday, at the Grand hotel.

The meeting is being looked to with interest by the members of the club because of the special interest in the railroad situation incident to the nationwide strike that was threatening the country. The railroad men have been at that work most of their lives and will review the labor union situation during the last few years. They will tell their side of the recent strike and attempt to answer any questions asked them during the discussion that will follow their talks.

The meeting will be open to students who are interested in the industrial situation and especially those who desire to become members of the club. Dinner will be served at 6:30 but there will be a business meeting at 6:00 at which it is important that all members be present. Plates will be 50 cents each and reservations may be made through any members of the club.

The Industrial Research club has undertaken a number of activities since its foundation and under its auspices many prominent speakers have been brought to the university.

## UNIVERSITY PARTY TO BE ON NOV. 12

Committees to Take Charge of Program Are Announced by Asa Hepperly.

The following committees have been appointed for the all-university party to be held November 12 at the armory:

Refreshment committee: Mary Whelpley and Morris W. Coats, chairman; Francis Weintz, Piye Downing, Albee Leamer, Lewis Merrick and Ruby Damme.

Entertainment committee: Robert Craig and Adelheit Dettman, joint chairmen; Mona Jenkins, Mildred Gellehon, Marguerite Munger, Dwight Mersham, Karl Branstead, Herman Wollmer, Myrtle Carpenter, Ellery Frost, chairman, checking committee.

Decorating committee: Alfred Meier, chairman; Ruth Carpenter, Marjorie Watson, Dorothy Fitzsimmons, Don Prichard, Paul Stroder.

Reception committee: J. Creath Spieker, Dorothy Pond, joint chairmen; Elton Baker, Bernice Elwell, Steve King, Ione Gardner, Floyd Reed, Bernice Brenhe, Dwight Bedell, Harry Pecha, Beulah Grabill, James Fiddoick, Blenda Olson, Dorothy Williams, Huber Mann, Beatrice Baird.

All committees will meet at Ellen Smith hall Tuesday, November 1, at 5:00 p. m.

## PHI TAU EPSILON FRAT IS RECOGNIZED

Men's Local Fraternity is Officially Organized With Eleven Members and Five Pledges.

Phi Tau Epsilon, men's local fraternity, was officially recognized by the faculty committee on student organizations at a recent meeting. The fraternity was organized last May and at present has eleven active members and five pledges.

The active men are: Clarence W. Adams, Omaha; Jay W. Anderson, Springfield; Arnold A. Boettcher, Chalo; Ralph H. Fletcher, Schuyler; Charles B. Hall, Omaha; H. F. Larkin, Seattle, Wash.; S. Arion Lewis, jr., Omaha; Alvin A. Little, Schuyler; Sidney McGlasson, Omaha; Francis H. Mayo, Cambridge; Ernest Zschau, Omaha.

The five pledges are: James Renwick Hill, Omaha; Elmer Gruenig, Omaha; Theo Kimball, Ansley; Francis Rudolph, Omaha; Wilbur Williamson, Montevideo, Minn. Adams is President.

Clarence W. Adams is president of the organization. Charles B. Hall, one of the active members, is president of Iron Sphinx and very active in Omaha club affairs. S. Arion Lewis was a cadet captain in the R. O. T. C. unit last year and has been prominent in military affairs.

The chapter house of the fraternity is located at 1341 F street.

Phi Tau Epsilon is the fourth social organization to be recognized by the faculty committee during the last two years. Kappa Delta, sorority, was recognized in the spring of 1920. Kappa Delta Phi, now a chapter of Lambda Chi Alpha, early in the same year; Phi Mu, sorority, last May.

Phi Tau Epsilon brings the roll of men's social fraternities up to twenty-three. Other Greek organizations are heartily congratulating the members of the local and the Daily Nebraskan joins in extending to them a sincere welcome.

The special pullman car chartered by the University of Nebraska for football trips and the rooms engaged for the team at hotels are strictly reserved for the varsity team and coaching staff only. Anyone else entering this car or such rooms will be considered guilty of disloyal conduct detrimental to the comfort and best interests of the Cornhusker team. Signed, F. W. LEUHRING, Director of Athletics.

## HUGE CELEBRATION ON ARMISTICE DAY

Long Parade of Ex-service Men in Uniform, University Band and R. O. T. C. Units for November 11.

Armistice day plans are rapidly nearing completion. Friday afternoon, November 11 will be a holiday and a parade of all ex-service men is to march through the streets of Lincoln. The university will be represented.

The parade is to be divided into sections. In one section are to march all Nebraska men who served in the United States army during the war. Not only will the ex-soldiers be in the parade, but the band and the R. O. T. C. unit will have prominent positions.

Professor F. C. Frankforter, who is organizing the university units, has been in conference with the American Legion committee to be in charge of the parade. Extensive plans for the entertainment of all former soldiers are under way.

Service men who do not have their uniforms in Lincoln should take steps at once toward getting them here to wear in the parade for although the uniforms are not necessary, the committee in charge thinks the seriously patriotic idea of the parade will be brought home to the onlookers more forcibly if the participants are in olive drab.

## AG. COLLEGE MEN WEAR CATTLEMEN'S STETSON

Expect to Make it a College Custom For Student Farmers to Wear Big Hat.

Agricultural college men may now be readily distinguished anywhere on either the Ag. or city campus or on the streets. The new gray Stetson hat in the popular cattlemen's style does the trick. The hats, which were adopted by Ag. club at a recent meeting, as the official Ag. college headgear made their debut last Saturday at the Husker-Sooner football game. They are neat and dressy and set off the wearers in a becoming manner.

A special leather band for each year in school is worn in order to distinguish the men in each class. When a man enters college he can buy a durable classy hat and wear it the full four years of his college career, it being necessary to buy only a new band each year. The hat is adopted with the idea of making it a college custom to wear it.

Freshmen in the Ag. college will not don the new headgear until after the 31st of October.

## CHARTER OF SIGMA XI AT IOWA STATE

Iowa state college has recently installed a chapter of Sigma Xi, honorary scientific society. Nebraska university has had a chapter of Sigma Xi for some time. Election to membership in Sigma Xi is recognized at the highest scholastic honor which can come to a graduate student in scientific lines, membership being based not only on scholarship but on ability to conduct original investigations along scientific lines.

Sigma Xi was founded at Cornell university in Ithaca, N. Y., in November, 1886, with the intention of establishing a society in scientific and technical institutions which should have the same scholarly merits as that of Phi Beta Kappa among classical students. Chapters of Sigma Xi have been installed in the majority of the leading universities of the United States, among them, Cornell, Yale and Columbia.

Iowa State chapter, which was granted at the national convention in Chicago last winter is the first chapter ever granted to a purely land grant college which is not called a university. Iowa state university, at Iowa City has the only other chapter in the state of Iowa.

## BENSTON IS CHAIRMAN GEOGRAPHY COMMITTEE

Prof. N. A. Benston is chairman of the committee on high school geography which is appointed by the national council of high school teachers. The other members of the council are Prof. Williams of the economic geography department in Wharton school of finance, University of Pennsylvania, and Prof. Herbert Basset of the state teachers' college at Macon, Ill. President W. W. Atwood of Clark university is president of the national council.

This committee is now at work sending out a questionnaire to the leading high schools in the United States and to representative business men chosen from various lines of activities. The committee will prepare a suggested course of study which will be based upon the present situation in this course full consideration will be given the suggestion obtained from the courses. The report will be represented at the annual meeting of the national council which will be held during the holidays at Washington.

## KAPPA PSI ELECTS SIXTEEN NEW MEN

Honorary Pharmacy Fraternity Chooses Initiates From New Entrants to College at Meeting

Kappa Psi, honorary professional pharmaceutical fraternity has elected to membership the following sixteen men:

William H. Brooke, Hastings; Robert A. Chittick, Stuart; George Bixby, Hardy; John E. Geiselle, Washington, Kas.; John V. Steward, Manhattan; Frank L. Stribling, Fremont; Harold E. Thorson, Lincoln; Russel L. Welmer, Hardy; Claude C. Ryan, Scottsbluff; Joelemis Shainholtz, South Omaha; E. Breese Hackett, Humboldt; George W. Hargreaves, Lincoln; Lester R. Hogoboom, Moorefield; Richard D. McMillan, Genoa; Wm. L. Simpson, Lincoln; John Straka, Havelock.

Gamma Epsilon chapter of Kappa Psi was established at Nebraska in the spring of 1920. It is a national fraternity having 106 chapters. The above men will be initiated Wednesday evening.

The fraternity is one of the most active on the campus taking part in and leading most of the projects undertaken by the college of pharmacy. Its members are chosen because of their interest in the work and also on account of their ability.

## "PLAYMAKERS" BADGE HAS BUFFALO MASK

Student organizations throughout the country are generally of the opinion that the field for original designs for their insignia has been exhausted. Classic sources have been gone over so thoroughly that little has been left for the newer societies and duplications of both name and general characteristics are frequent.

A badge recently created in the shops of Burr, Patterson & Co., Detroit, Mich., not only lays claim to originality but also to the fact that it is emblematic of the traditions and history of the Indians who formerly roamed the prairies of the state in which the university is located.

The Playmakers of the University of North Dakota, a dramatic organization, has adopted as a badge a replica of the buffalo as used by the Dakota Indians in hunting buffaloes. It represents the head of a buffalo, this head being made from a pelt and decorated in such a manner as to insure the hunter coming in close range of his prey.

A movement is contemplated by the means of which it is hoped that all dramatic societies of the North Dakota high schools can be organized into a state society to be called "the Junior Playmakers." This will, no doubt, be a great service to these clubs which now exist under various names, as it will raise their standard in every respect. Annual competition can be easily made possible in the drama in much the same way as the athletic teams represent the various high schools competing in the inter-scholastic meet now held by the university.

## MANY TICKETS SOLD FOR MILITARY PARTY

Sales Committee Reports Many Pastebards Already on Hands of Student Male Population.

## ARMED GUARDS FOR HATS

Police Protection in Large Quantities for Cadets' Huge Carnival Saturday Night.

The committee in charge of the sale of tickets for the first annual military carnival which will be held Saturday, November 5, reports that a goodly number of the pastebards have been taken up by the male population of the university. Of course the cards are to be admitted without charge.

The entertainment committee reports that the doors will be open at 7:30 and the dancing will begin at 8:00. There will be plenty to do before the dancing begins according to all plans that have been made. The committee has made arrangements to secure all of the old time games of chance and the most expert operators. Police protection has been purchased in large quantities so that there will be no danger of raids and no necessity for hurried exits through the back windows. Drinks of all kinds and colors will be dispensed at the bar by bar maids of such surpassing beauty that there will be none among the large throng who will not feel a sudden and unquenchable thirst assail him as soon as he casts his eyes upon the bar.

The hats and coats of the crowd will be taken care of by armed guards and there will be no confusion of these articles. All who plan to provide themselves with winter wraps by attending the party will find themselves so entirely out of luck that they will swear off on such actions for the rest of their lives. The law and order of the place will be upheld by old-style western sheriffs in the genuine William S. Hart get-up.

**Ladies for Bachelors.**  
Rumors which proceed from a very reliable source have it that an entire sorority of dazzlingly beautiful young ladies will be on hand to take care of all would-be bachelors who attend. There will doubtless be many resignations from the stag club during the course of the evening. The dancing will be a very big feature of the entertainment and a first class orchestra has been secured for the purpose. Arrangements have been made with the powers that be so that "Home, Sweet Home" will not have to be played until 11:30.

The tickets to the carnival can be secured from any of the cadet officers or at the door of the armory. They sell for 25 cents each which includes a carnival hat and a drink.

**Military Frat in Charge.**  
The carnival is being put on by the members of Scabbard and Blade, the honorary military fraternity, and the members of this organization are hard at work putting the finishing touches on the plans for the big carnival. The committees for the party are:

Joseph Ryons, general chairman; Allen Wilson, ex-officio; Frederick H. Free, jr., publicity; James Proebsting, Clarence F. Rogers, floor committee; Edgar Tullis, T. Pierce Rogers, concessions; Ellery Frost, Edward Senn, ticket sale; Richard C. Talbot, E. Grant Lantz, amusements; Joseph Noh, refreshments; Richard Dearmont, H. Stephen King, doors.

## EX-SERVICE MAN LOSES VALUABLE NOTES

Last Thursday afternoon someone, perhaps in jest, took Bryan Parker's note-book from behind the athletic trophy case near the stairway leading down to the cafeteria of the Temple building. This was an unusually large, nice, three-ringed, leather-backed note-book containing all of Mr. Parker's valuable notes taken in zoology, English and advanced psychology, and with his name on a schedule card in the stationary pocket.

Mr. Parker begs the finder to return the note-book to him very soon, if he has any heart at all, because mid-semester are coming on, and Mr. Parker is destitute of notes or material to help him through at trying period. The owner's address is 514 So. 13th street.

This book was government property—it is furnished to Mr. Parker by the government, for he is an ex-service man. Therefore he is doubly anxious to get it back in his possession.

## Wild West Faro

DANCE  
Sat. 11-5-21, 7:30 p. m.

## MILITARY CARNIVAL

(Roulette Wheel)

Adm. 35c. Includes Drinks and Carnival Cap.
