**A Thought For Today**

All flimsy, shallow and superficial work is a lie, of which a man ought to be ashamed.—John Stuart Blackie.

If you have great talents, industry will improve them; if you have but moderate abilities, industry will supply their deficiency. Nothing is denied to well directed labor; nothing is to be obtained without it.—Joshua Reynolds.

The advantage of leisure is mainly that we have the power of choosing our own work; not certainly that it confers any privilege of idleness.—Lord Avebury.

Character is a perfectly educated will.—Novalis.

The workless people are the worthless people.—Wm. C. Jannett.

The world is unfinished; let's mold it a bit.—Sam Walter Foss.

**VARSAITY CLUB MEETS TO REPORT ON DAIRY SHOW**

The Varsity dairy club met at Ag. hall, Thursday evening for several interesting pep talks by Prof. Davis, Prof. Luthly and Mr. Higgins. Glen Hunt and Elton Lux gave a short outline of their trip with the dairy judging team and Wayne Gray did the same for the dairy products judging team.

This dairy show at St. Paul is something that will not soon be forgotten by those who had the pleasure of attending it. Most of the best dairy herds in the country were represented as well as great displays of dairy machinery and equipment which amounted to about \$5,000,000. The evening performance of the horse show held in the large hippodrome was also very attractive.

This meeting was open to all interested in work of this department. Many plans were suggested for work throughout the year and with regard to the program during "Organized Agriculture Week" in January and farmers' fair in the spring.
