

INSPECT LINCOLN TELEPHONE SYSTEM

Electrical Engineers Shown How New Automatic Telephone Device Works.

The Electrical Engineers were the guests of the Lincoln Telephone Company last evening, inspecting the exchange and afterward enjoying a "feed" in the cafeteria.

The guides furnished by the company, explained in detail all of the intricacies of the automatic telephone in use in Lincoln. The Lincoln company was one of the first to install this system, which by means of electrical devices almost human in their action, eliminates the large corps of operators required with the manual system.

After a short business meeting sandwiches and coffee were served in the company's cafeteria, which it maintains for its employes.

FORMER KANSAS CITY MAYOR TO SPEAK HERE

On Monday, December 19, Mr. Darius A. Brown, former mayor of Kansas City, will speak at a special convocation at 11 o'clock in the Temple theater. His address will have to do with the care of dependent children. Mr. Brown's work along this line is highly endorsed by Judge Ben Lindsay of Denver, and should enlist the attention of all persons interested in social welfare.

GRADUATE SPOKE AT VESPERS SERVICES

(Continued from Page One.)
der the opposition of the Turkish official. Miss Barker told of his operation upon the Turkish official's wife when he knew that if he failed, he would be shot. The operation was successful and Dr. Haas won the undying gratitude of the Turkish official. His steadfastness to purpose and his patience in making the great sacrifice of being separated from his family make Dr. Haas stand out as one of the most useful and ideal characters. The lives of Mr. and Mrs. Haas should be a challenge to all young Americans to live more worth while lives.

Elva Krogh led the services and Dorothy Hilsbeck played a piano solo.

N Men Attention!

There will be initiation by the N club of all letter men Sunday, December 18, at 2 p. m. at the armory. Every letter man out.
