## HUSKER GRAPPLERS WILL MEET IOWANS

### HUSKER CAGESTERS TO MEET COLUMBIA

Nebraska Basket Tossers Left Last Night to Meet Missouri Tigers at Columbia.

### HUSKER LINEUP IS BELIEVED IMPROVED

Kansas Team Upset Dope by Twisting the Tiger's Tail Tuesday Evening.

Nebraska's basket tossers left yesterday for Columbia, Missouri, where they play the Missouri Tigers to night. Saturday night the Husker cagesters will journey to St. Louis to meet the Washington Pikers. The Husker quintet has hopes of revenging their early-season defeat at the hands of the Tigers. The Husker team has improved a great deal lately, while the Bengals have lost some of their effectiveness, so the Scarlet and Cream five are conceded to have a chance of winning.

The Cornhusker lineup is expected to be the same as the one that trounced the Sooners Wednesday night. Capt. "Tony" Smith and C. Allen will probably fill the forward positions, Warren will jump at center, and Riddlesberger and Russell will hold down the guard positions. Tipton or Kohl may also start the game.

### K. U. Defeats Missouri.

Kansas U. upset the dope Tuesday night by defeating the Tigers, 26 to 16, in a fast game on the Bengal court. Following the victory over the Tigers, the Jayhawkers trimmed the Washington cagers Wednesday night, and are now leading the conference race with thirteen victories and one defeat. Kansas Aggies defeated Grinnell college at Grinnell Wednesday night, 23 to 20.

### ICE HOCKEY IS MINOR SPORT AT WISCONSIN

Ice hockey for the first time this year is a regular minor sport at the University of Wisconsin with 10 men on the squad, coached by Dr. A. K. Viner. An artificial hockey rink has been opened on the lower campus in order that the ice may be kept smooth and free of snow and cracks, which bothered when the game was played on Lake Mendota. Bleachers have been erected beside the rink and admission is charged. Men playing ice hockey may win the "W" in the sport.

The season opened with a game with the Milwaukee Athletic club, at Milwaukee. Two games were played with the University of Minnesota or the Wisconsin rink, and another at Minneapolis. A second game with the Milwaukee Athletic club is scheduled for March 11. The Wisconsin squad will leave on Feb. 18 for a trip which will include games with Michigan Agricultural college, and the University of Michigan, returning Feb. 26.

### Wayne Club

The Wayne club will have their picture taken Saturday, February 25 at 12 o'clock at Townsend's Studio. Everybody out.

### Fraternities Could Make Probations Useful To School By Teaching Song

Compulsory teaching to all freshmen of a certain number of University of Nebraska songs as an inauguration, in the probation program of fraternities and sororities has been suggested as one of the most encouraging methods possible of injecting Cornhusker spirit into the young followers of the Greek. Singing has long been a neglected pastime at the University of Nebraska and many compliments of the deplorable condition existing at Nebraska have been heard.

Ever since Nebraska was founded over a half century ago, there have been accumulating a large stock of songs telling of the excellencies of the Cornhusker institution. But although the stock is high and filled with good peppy tunes bearing out the Husker reputation for the "best of everything", there are very few

### FRESHMEN CLASS TO MEET NEXT TUESDAY

The freshmen will hold a meeting next Tuesday morning at eleven o'clock in 101 Social Science building, for the purpose of electing minor class officials and transacting some current business. The upper classmen have all held their initial meetings the last one being the Sophomore meeting yesterday. Although the attendance at the upper classmen's meetings has been small, the freshmen are making an effort to present a large turnout. The Green Goblins and Mystic Fish are talking up the meeting and President Wendell Bergs earnestly urges every freshman who possibly can, to come.

### SOPHOMORE CLASS MEETING IS HELD

Second Year Students Elect Minor Officers—President Frye Announces Committees.

The sophomore class met for the first time this semester in the auditorium of social science at 10 o'clock Thursday morning. Secretary Holtz of the Alumni association addressed the meeting and outlined the program and possibilities of the coming alumni week. Mr. Holtz brought out several interesting features on the alumni week program and the need of school spirit at Nebraska.

Following the address by Mr. Holtz, the possibilities of having a Sophomore day were discussed. The object of such a day would be to bring together the entire Sophomore class and thus create more class spirit.

The election of minor class officers was then held and the following chosen for office:

### Student Life Section Mirrors Campus Activities In Satire

Beware, faculty members and students in general! Victims of the Student Life section of Everybody's Cornhusker this year will not be restricted to class presidents, politicians, members of fraternities and sororities and those who have taken the most active part in campus affairs. Whether you are any of these or not, if you are fairly well known by those who attend Nebraska University, you are likely to find your name linked with others in this section.

"Clever" will be the adjective used to describe the Student Life section of this year's annual after you have finished perusing it. You will have no cause for any remarks about its smartness, its lack of humor, or its tendency to "slam certain individuals for personal reasons." These things will not be tolerated this year.

Every bit of copy submitted for the Student Life section must not only "tickle the funnybone", but it must have a point as well, be satirical, plain and really humorous. Anything submitted that directly hurts any individual will be thrown out by stu-

dent censors before the faculty censors scrutinize the completed section. The 1922 Cornhusker will not be used as a medium whereby some particular individual can get revenge on some other individual for purely personal reasons. This cheapens the book. Students do not wish to read this sort of thing.

The Shun has come and gone. In it have been scandal and "direct cracks." This is within the Shun's sphere and jurisdiction, because the Shun is truly a paper of scandal. However, the Student Life section of the Cornhusker is a mirror of campus activities from a satirical standpoint without resorting to smut and sarcasm.

The line is not hard to draw, once the distinction is seen. When you realize exactly what it is that the Student Life section of this year's Cornhusker wants, then get your typewriter busy, write some satirical material that will not offend, and submit it to the Cornhusker office, Room 106, Law Hall.

The Student Life section needs material of the right kind. Submit now!

### UNIVERSITY BAND GIVES PROGRAM

First Concert of the Year Given by the Band Under Direction of Wm. T. Quick.

The first program which the university band has presented this season was the feature of the convocation held at the Temple theater Thursday morning. Attendance at convocation was not restricted to the student body, the general public being invited also.

The display was well chosen and gave excellent opportunity for display of the talent in the university band. The offering comprised selections from Lake, Lachner, Lampe and Saffranek. Each member was well rendered. The Atlanta Suite by Saffranek merits special mention. The cornet solo by Burford Gage was also pleasing.

The university band of fifty-five pieces is one of the finest in the country. Much of the credit for its

### SHOW INTEREST IN NEW ART EXHIBIT

The Sachs Industrial Exhibit Also Shown With the Paintings in the Gallery.

Much interest is being shown in the paintings which are now on exhibit in the art gallery. The exhibit this year is as a whole superior to the exhibits of former years. This collection is composed of a large variety of pictures representative of the artists of this country. One group is from the American Federation of Arts at Washington which represents the artists of the east. The second group consists of paintings of the artists of the mid-west, south and the Pacific coast. Local artists and members of the drawing and painting faculty are exhibiting a number of their paintings. The university has taken the greater share of the responsibility of this year's exhibit and the gallery is open to the public free of charge.

Prof. Grumman gave a very appreciative talk on the paintings Wednesday evening. He said that a good picture is one of the most uplifting things that we can have. We should choose our pictures as we do our friends, with regard to good character. Professor Grumman also stated that the aim of the association is to have a museum that will compare favorably with the museum of other cities of this size.

In addition to the art exhibit the Sachs industrial exhibit is also being shown. Mr. Sachs is one of the most successful men in introducing art into the applied field.

### WRESTLING TEAM WILL MEET IOWA

Nebraska Mat Men Will Meet Hawkeye Squad in Last Home Meet of Season.

### SQUAD IS NOW IN GOOD CONDITION

Husker Men Are in Excellent Shape for the Iowa Team Saturday Night.

The Nebraska wrestling team meets the University of Iowa grapplers Saturday night in the last home meet on the Husker schedule this season. The Scarlet and Cream mat men are in the best of condition, and a hard-fought contest is promised. Iowa has one of the strongest teams in the Western inter-collegiate, and are invading the Husker camp confident of victory.

All loyal Cornhuskers are urged to attend the meet with the Hawkeyes. The contest will be held at the armory Saturday night, beginning at 7:30 sharp. Student tickets will admit to the meet. C. H. Hendrickson of the Y. M. C. A. will referee the matches.

### Huskies Are Strong.

The Huskers have steadily improved throughout the season and are in fine shape for the Hawkeye meet. The Husker mat men have gone through a series of strenuous workouts since their victory over the Minnesotans last week. The vacancy in the 115 pound class which has been causing the coaches some worry, will be filled by Pickwell, who has come down from the 125 pound class. In all the other divisions, the regulars are eligible.

Thomas, 145 pounder, and Troutman, 175 pound class, are counted upon to come out victorious in their respective classes. Thomas is a clever rascal of no mean ability, and has put up a strong fight in all his matches this year. Troutman is out for revenge for the defeat handed him by Hunter, Hawkeye, 175 pounder last year. Captain Reed has been showing up well in the workouts.

**Hawkeye Team.**  
The Hawkeyes, with five veterans, have an exceedingly strong team this year. Sweeney, captain of the Iowa team, won the 135 pound inter-collegiate championship last year, and is the strongest man on the Hawkeye team. Hunter, Hawkeye 175 pounder won second place in the Western inter-collegiate last year. Vana, Iowa lightweight, copped third honors in the championship meet last year.

Lineup for the meet:

Nebraska—	Class	Iowa
Pickwell	115	Peffer
De Ford	125	Vana
Isaacson	135	Sweeney, Capt.
Thomas	145	Jacobson
Reed (Capt.)	155	James
Troutman	175	Hunter
Renner	heavyweight	Hildt

to Mr. Goodhue, the architect for the new state capitol building. Mr. Goodhue wished especially to obtain pictures showing the approaches and entrances of the present building.

### Co-eds Game Discovered But What Male Ford Driver Can Resist Them

The long road to the campus holds no terrors for the girls of one sorority who have their own method of getting to their eight o'clocks not over ten minutes late. The untimely departure of the street car bothers them not a little for they are sure of other means of transportation. So listen, girls, and you shall learn how this gang of galosh-floppers accomplished this wonderful feat.

If you could just drop down by their house some morning as the "quarter-of" car is passing, you would see a bevy of short-skirted beauties pouring from the portals of this beautiful dormitory and party house. But, are they downhearted at missing the car? Far from it, dear reader, for they are only following a rarely worked out plan that is probably a part of the house rules of this famous national

boarding house for girls.

Our young heroines plant themselves on the corner where they would await a street car and gaze longingly at the passing autos, Fords, and other vehicles. It is really too much to expect that a mere man would drive by such a group of co-eds when headed toward the city. In fact, it has been observed that some even turn around and head toward town again; for, like the mythical sirens of the sea who once attracted the ships of ancient mariners to the rocky reefs, these chocolate bar munchers are irresistible and never fail to land a victim.

Take heed, fair ones, your game has been uncovered and soon your wiles will be of no avail. Then will their chapter pay tribute to the eight-cent taxi or trod the sidewalks unaccompanied yea alone.
